Hawaii The price good people pay for their apathy and indifference to public affairs is that they are ruled by evil men

Andrew Carnegie. Most people think of him as a robber baron, an example of everything wrong with the free enterprise system. That view is incorrect. Andrew Carnegie didn't believe in free enterprise. He believed in monopoly capitalism which allows those of great wealth to use government to exploit others. Andrew Carnegie was a socialist, but the socialism he envisioned created a ruling class. After selling U.S. Steel [Carnegie Steel, which he sold to J.P. Morgan U.S. Steel], he funded several foundations with instructions that their grant-making power was to be used to transform society and promote world government.

Why did Andrew Carnegie support those goals? Because he recognized that socialism is a sincere, benevolent, idealistic theory, but it doesn't work without force. Under socialism the government takes from each according to their ability and gives to others according to their need. Everyone is controlled by the government; the government is controlled by politicians, and politicians are bought and sold by wealthy men and corporations. That is why Andrew Carnegie, and other men of great wealth, favor socialism.

Why WAR? Politicians responsible for creating, and then prolonging, World War I wanted a long and bloody conflict, because they realized that countries would never relinquish their national sovereignty unless they suffered endless war, and World War I convinced most people that war was futile. Over twenty million people perished in that senseless carnage. Repeated efforts to end the conflict were blocked, and when the war was finally ended, most people and most nations were ready to cede their sovereignty to the League of Nations.

Arthur Schlesinger, Jr. 1993: Let us not kid ourselves that we can have a new world order without paying for it in blood as well as in money.

Both Winston Churchill and Harry Truman were dedicated to world government. Harry Truman's presidency. First, he signed the

United Nations Charter, knowing full well that the U.N. was designed to become the government of the world. Then he ceded control of Eastern Europe and China to the communists, and when the public began to question why he had betrayed hundreds of millions of people to a life of slavery, he plunged us into a no-win war in Asia. Then, when General MacArthur told a congressman that he wasn't allowed to win the Korean War, President Truman relieved him of his command. If you study that era, you will discover that General Lin Piao, the communist leader who commanded the Chinese army that attacked our soldiers in North Korea, knew there was a secret agreement that precluded us from winning the Korean War. General Lin Piao wrote: I would never have made the attack and risked my men and military reputation if I had not been assured that Washington would restrain General MacArthur from taking adequate retaliatory measures against my lines of supply and communication. Clearly, President Harry Truman betrayed the Nationalist Chinese and brought Chairman Mao to power.

The past two centuries have been the most violent period in recorded history. Who is responsible for the terrible wars and bloody revolutions that have plagued the world, and why?

Review history, and the names of most of the men now deceased who have tried to force One World Government against free and sovereign Peoples are well known: Nimrod, Nebuchadnezzar, Genghis Khan, Alexander the Great, Julius Caesar, Napoleon, Hitler, Lenin, Stalin, and Chairman Mao. Now add Cecil Rhodes acquired the major gold and diamond mines of southern Africa and used his wealth to pursue his dream.

In 1891, Rhodes established a secret society. When he realized that he wouldn't live to see his vision fulfilled, he left his vast fortune to the Rhodes Trust to fund his secret society and the Rhodes Scholarship Fund

During the past century over forty-six hundred young men have been sent to Oxford University where they were indoctrinated in socialism and world government. President Bill Clinton, General Wesley Clark, Strobe Talbot, Senator Bill Bradley, and thousands of other prominent men are Rhodes Scholars. They work in government offices, in international banks, on the boards of corporations, in tax-exempt foundations, in the Supreme Court, in the media, in our universities, in the United Nations Association, and in the Council on Foreign Relations. At Oxford they became part of an elite group that was dedicated to changing the world. That is why Cecil Rhodes' spirit still quickens and controls, and why his influence still casts a dark shadow over our nation. Clinton, Bush, and the Usurper Barack Hussein Obama.

Today, We The People, natural born United States Citizens National, are confused like Pavlov's dogs, overwhelmed by multiple stimulation. We are threatened by terrorism, biological warfare, environmental catastrophe, global warming, acid rain, water shortages, nuclear attack, aliens from outer space, genetically altered foods, Y2K, new diseases, an imploding social system, rising crime, moral decay, a failing educational system, and dozens of other real or imagined dangers, 9/11.

Defendant Obama is named as "de facto president of the United States."

Tomorrow Marks 10-yr War!

Tomorrow, October 7, Thursday marks the 10th year of the United States involvement in Afghanistan. More than 1,300 US soldiers have already been killed, and 2010 is already the deadliest year of the war with nearly 400 American service men and women killed in action.

Operation Dragon Strike is the most important battle so far. At least 8,000 US soldiers are involved in this massive new offensive. The aim is to strike right at the heart of Taliban terrorist -- Kandahar.

America's most important ally is Pakistan. But that alliance has been fraying since the US stepped up air attacks against insurgents in the border region.

"It's a cliché to say there's no military solution," said Michael O'Hanlon of Brookings Institute. "But it's also accepted among strategists that we need some military momentum to make negotiations really possible."

The Wall Street Journal reports members of Pakistan's spy agency are pressing Taliban field commanders to fight. And a new report from the White House slams Islamabad for not cracking down on militants that hit US targets in Afghanistan, and flee back to safety across the border.

High Cost of Cheap Phone Service: Sandwich Isles Comms got \$13,000 each, benefits political insiders, as usual ! Why not give free Cell Phones instead?

Sandwich Isles Communications Inc. was created in 1995 to provide rural telephone service for Native Hawaiians living on Department of Hawaiian Home Lands (DHHL) property.

Honolulu Advertiser staff writer Rick Daysog wrote on June 16, 2009 that the federal government pays Sandwich Isles about \$13,000 per customer for providing phone service and that Sandwich Isles made an offer of \$400 million to purchase the bankrupt Hawaiian Telcom Inc.

The cost of phone via inter-island cable is far greater than offering each lessee two cell phones for free each with unlimited minutes.

Sandwich Isles filed an application with the FCC to tap a money fund to finance lease payments for an inter-island phone cable owned by Paniolo Cable Company. But the National Exchange Carrier Association commented on the application: "Paniolo Cable Company (owner of the leased cable) is now owned in its entirety by Blue Ivory, LLC. Blue Ivory, which is held by the children of Albert S.N. Hee, brother of legislator Clayton Hee, President of Sandwich Isles, in three private trusts ...In addition, NECA is concerned that the Paniolo cable was constructed by Sandwich Isles' sister company ClearCom...to serve its regulated customer base...at an extraordinarily high cost relative to the number of subscribers, which appears inconsistent with the Commission's longstanding "Used and Useful" standard, especially given the availability of more reasonable alternatives."

Last week the Federal Communications Commission ruled that Sandwich Isles can tap the fund for half of the lease costs.

I suppose it is relevant for your readers to know Al Hee is brother to Senator Clayton Hee and that the CEO of Sandwich Isle is retired Admiral Robert Kihune, a trustee for Kamehameha Schools-Bishop Estate.

Clearly, the beneficiaries of this sweetheart deal are well-connected political insiders. Which helps make sense of the outrageous price tag, as well as the assistance they have received from Senator Inouye's office in helping the proposal work through the federal system.

MPD POLICE COMMISSION MEETING OCT 20

Location: Police Department Phone: 244-6440

Email: jeanne.berrigan@mpd.net

Dear MPD Commission members: We on Molokai need to have an email address to send photos and reports of dirt bikes on highway big noise, and those BOOM BOX cars and trucks photos of them and license plates for ID and police interdiction. MPD Molokai supervisors say they do not have time to watch for noisy dirt bikes on highway, and boom boxe vehicles in east Molokai area between Mapulehu through Waialua Beach, and they say they do not have an email address for public use to send photos of violators, and they refuse to give out their personal Dept email address so the public can send in their complaints and photos and evidence for police follow up. Every day between 4 pm and 6 pm police could observe and arrest at least 3 or four dirtbike riders on the highway, and 6-10 boom-box drivers who are disturbing the peace and violating boombox laws, but MPD Molokai refuses to come out and catch these violators because they say they have too many other calls, yet they refuse assistance from Citizens offering reports and photos and complaints.

Time to encourage public participation in law enforcement, especially for these dirtbike and boom box problems MPD Molokai supervisors say doesn't have time to stop themselves by being here late afternoon for two hours. Common MPD Molokai, email access is practical and efficient assistance from local community for law enforcement to keep the peace in our neighborhoods. Open up email address for Public comms to assist law enforcement.

Bill of Rights 2nd Amendment:
“A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed.”

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"The people cannot delegate to government the power to do anything which would be unlawful for them to do themselves."- John Locke

"Those who make peaceful change impossible, make violent change inevitable." -- Robert F. Kennedy

"Rebellion against tyrants is obedience to God." T.J.

Enforce the Bill of Rights !

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

Anti-gun rights

Life saving head shot under "live" circumstances to stop a deadly threat.

Saving your life of protecting someone else from deadly threat means delivering head shots in the cranio-ocular cavity (between the moustache and the eyebrows) to be sure that the bullets gets through the soft part of the skull, and not deflected by teeth or jaw, so it penetrates to the brain to immediately stop a threat.

But even with lots of practice at only 3-yards, often the hit is a little low in the head, likely due to sight alignment being a bit low or more likely the shooter being a bit heavy on the trigger. The shooter may have lined up the sights, and as he was focusing on the front sight mentally said to himself, "looks good press the trigger NOW!" which tends to dip the front sight and causes shots to hit low.

How to insure an effective head shot? Do these things: 1] line up the sights; 2] then bring this focus 100% back to the front sight; 3] finally press the trigger until a surprise trigger break occurs for a deadcenter head shot to the cranio-ocular cavity and the bad guy will drop, even with a .22.

If you are using a shotgun with 00 shot, you must dispel any notion that you can just point and shoot a shotgun and anything in its path is taken out. You must use the sights on a shotgun just like any other weapon or you can miss, even at short distances.

United States Citizen-Nationals' Right to Keep and Bear Arms Supported in New Video "No Guns for Jews" by Jews for the Preservation of Firearms Ownership America's Aggressive Civil Rights Organization

JPFO ALERT: video "NO GUNS FOR JEWS" IS NOW AVAILABLE!

This new film produced by JPFO is essential viewing, showing as it does just how many Jews, many in power with anti-gun rights Obama, continue to be promoting "Gun Control". The comment from most gun owners hinges on the "do some people never learn anything from history"?

If any historic proof was needed regarding Gun Control", you only have to review the JPFO Genocide Chart, to see how disarmament equates to victims, often on a large scale. Read about the film "Nazi Death Camps" - a chilling JPFO movie. A recent event August 31st 2010 when four people were brutally shot to death in their car (including a pregnant woman) further highlights the tragedy of gun control - Read an article that further proves the validity and necessity for "No Guns For Jews".

This is a 40 minute five part sequential viewing hosted on YouTube. JPFO members have once again made a great contribution to freedom for all gun owners.

Enjoy the film - <http://jpfo.org/filegen-n-z2/ngj-download-view.php> - and pay close attention to the strategy we have created for you to use to put our enemies on the defensive and in doing so, abolish "gun control".

Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

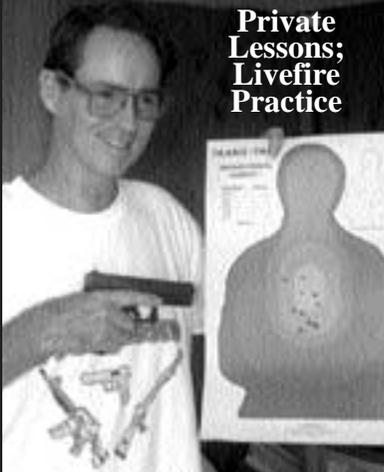

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.

Molokai General Hospital gets solar electricity "PV" system

A 105-kilowatt solar electricity generating system has been installed on the roof of Molokai General Hospital.

Hilo-based ProVision Solar told the Honolulu Star-Advertiser the 315 photovoltaic panels will produce about 25 percent of the hospital's power needs. That's an estimated 170,000 kilowatt-hours of electricity in the system's first year of operation.

The hospital has a power purchase agreement with Solar Power Partners. The California-based company will operate the PV system and sell power back to the hospital at a fixed rate over the life of the contract.

The project's price tag and the terms of the agreement were not disclosed.

Body of missing opihi picker found

Rescue crews recovered the body of a 42 year-old man off Molokai Sunday morning. Fire fighters discovered 43-year-old Ruben Villa's body around 6:45, near the cliffs off Moomomi Beach. Villa was last seen on the north side of Anahaki Beach yesterday. Authorities say the man was picking opihi with a friend Saturday at Anahaki Beach on the north side of Molokai when a wave swept them out to sea. One of them made it back to the beach.

Crews found the body of the missing man about a quarter mile off shore

Republic vs. "Homeland Security"

Our Constitution for the United States of America, which is the Law of the Land created by We The People, guarantees each sovereign state of the Union a government in republican form.

What is that? A Republic, i.e., a republican form of government, by definition, has two principle elements: First, it is controlled by Law, therefore it does NOT control the Law or We The People who created it.

Second, a republican form of government recognizes the private independent sovereign nature of each person (man or woman) of competent age and capacity, therefore a Republic must be representative in its nature.

A Republic recognizes Law is unchangeable, or at least that it can only be changed by a higher source than government. In a Republic the concept of "collective sovereignty", i.e. democracy, cannot exist, except with recognition that the State or nation, as a body of sovereigns, can speak through one elected voice; though that one voice can never lawfully interfere with the private rights of the individual sovereigns.

"A Constitutional Republic" is a government created and controlled, at least, by the Law of a Constitution. The Constitution of the United States of America was, in Law, foundationally based on the Bible, the Magna Carta, and The Declaration of Independence. Those documents recognize man's sovereignty, the divine nature of man's creation and man's divine right to Life, Liberty, Property, and the pursuit of happiness.

The founding fathers of our Constitutional Republic lived on their own private land as free natural sovereign independent people with no central government controlling them—they had Liberty. After the French American War they found themselves at odds with Great Britain in its attempt to usurp the power to rule over them as if they were chattel property of Great Britain. As Great Britain's unlawful rule became unbearable Thomas Jefferson wrote the Declaration of Independence, which each of the 13 independent States signed, as the foundational instrument that united the people in a Union of States to unanimously inform one and all of the necessity that they dedicate their lives to fight for Liberty in "The War of Independence" against Great Britain.

Make no mistake.

Obama's Department of Homeland Security was NOT designed to protect Americans from terrorists. It was designed to protect politicians from Americans.

9/11/01 Memorials Mixed Up with Hate Against Muslims? It was an Inside Job!

Does anybody on this list remember that 9/11 attacks were an INSIDE JOB with Bush/Cheney et al NeoCONS, FBI, CIA, FAA, Air Force and Israeli Jewish Mossad dressed as Arabs dancing on the van taking videos, and that Jew Larry Silverstein collected some 3 billion dollars insurance money for the destruction of his newly acquired World Trade Center buildings including building 7 which he commanded the building be "PULLED" as in controlled demolition pre set bombs throughout the building and it fell several hours after the Twin Towers fell down right on their own foundations just like controlled demolition, and no steel and concrete building ever fell down because of some little fires up at the top, and that Witnesses including firefighters reported hearing lots of bombs going off inside the Twin Towers before they fell down, and the hole in the Pentagon could not have been made by a huge commercial aircraft and no debris was left, and flight 93 cell phone comms was impossible and proven a fraud, and many politicians were warned not to fly on 9/11, and many Jewish businesses did not open at Twin Towers on 9/11, and the stock market was loaded with bets that an airline catastrophe was about to happen, and the SEC refuses to say to invested and who collected the millions of profits of those "puts".....and furthermore, no freaking terrorist muslims took credit for this very successful terrorist attack of TREASON by TRAITORS from within??!

The Memorial should be statues of Bush/Cheney et al holding knives being stabbed into the back of Uncle Sam!

Three Unanswered Questions:

Was Barack Obama Born in Kenya?

Is He Really a Citizen of Indonesia?

Does the Constitution still Matter?

We the People

OBAMA IS A USURPER!

U.S. Constitution, Article II, Section 1, Clause 5 . . .

No person except a natural born Citizen, or a Citizen of the United States, at the time of the Adoption of this Constitution, shall be eligible to the Office of President; neither shall any person be eligible to that Office who shall not have attained to the Age of thirty five Years, and been fourteen Years a Resident within the United States.

DEFINITION

The natives, or natural-born citizens, are those born in the country, of parents [both] who are citizens.

Emer de Vattel, "The Law of Nations and Principles of Natural Law," Vol. 1, Chap. 19, Sec. 212

ILLEGAL!

"Citizen" of the U.S. if he was physically born in Hawaii, not born elsewhere and falsely registered as born there after the fact.

At birth, Barack Obama acquired dual citizenship through his British **non-U.S. citizen father**. Our Founders excluded dual citizens from eligibility to the Presidency for national security reasons.

Every military order Barack Obama gives as Commander-in-Chief, every bill he signs into law, and every executive decision he makes while unconstitutionally seated in the Office of President, are unconstitutional, and hence illegal. Obama is NOT a "natural born Citizen" of the USA.

The U.S. Courts and Congress MUST address the merits of the charges for this constitutional issue, and constitutionally remove Barack Obama in order to preserve, protect and defend the Constitution of the United States. This is their sworn Oath to the Constitution and to the American people.
