What Did Schnitzer Steel Do With All That Molokai Opala?

The MAN went to Honolulu to meet with Laurence Kalilikane to observe Schnitzer Steel's metal recycling operation at Campbell Industrial Park. There was Molokai's opala, 6,300 tons scrap metals unloading onto trucks to their collection yard, stacked, sheared and shredded for recycling into quality industrial iron ore.

 **SCHNITZER STEEL HAWAII CORP.**
"Conserving the Future by Recycling the Past"

At the top of the ramp is where Lovely Ragasa controls the 4,000 HP shredder that eats whole cars in seconds. Yard operations manager Mike Jacobs is dwarfed by the pile of recyclable wire next to the water cooled shredder, and a few of the super hard new and worn manganese hammers used in the shredder.

Although much of this recycling is done by heavy machines, torch cutting of some heavy metals is required.

see more page 2

Molokai's Opala Recycled

Cars, appliances, all scrap metals shredded into little pieces are conveyed through a huge vacuum that separates dirt and non-metals into a bin for return to a land fill; iron is separated from copper and aluminum with an eddy field, a magnetic force that pushes them off the conveyor belt into another separate bin; the high quality iron pieces are then run to the end of the conveyor into a huge pile. The bulldozer loads the iron into containers and loaded onto the ship MV Tasman Sea sailing to South Korea where it will be melted and refined into industrial iron.

While this recycling is very expensive, it is much cheaper than mining ore, and helps conserve landfill space and preserve our environment and resources.

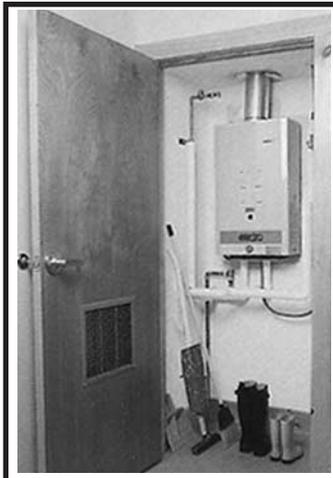

above: aluminum, copper and brass separated from iron scrap.

Fascist Federal Bureau of Investigation Steals Private Property from Liberty Dollar Mint: silver Ron Paul medallions, etc.

report by Evansville Courier & Press Nov. 15

The Liberty Dollar Company was raided by FBI agents Wednesday morning seizing all assets including more than two tons of recently delivered Ron Paul Dollars. For approximately six hours they took all the gold, all the silver, all the platinum stock for our minting of Liberty Dollars and medallions.

Edmond C. Moy, the Director of the U.S. Mint, acknowledged in a letter to a US Senator that the LD's paper certificates did not violate Section 486 and were not illegal. But the FBI and Services took all the LD paper currency too!

Now, considering the Amero is minted and about to be introduced, they're likely removing the competition. These government guys are criminals.

Thanks again for your support at this darkest time as the damn government and their dollar sinks to a new low. Bernard von NotHaus

Wake up Molokai, it won't be long until they do a gun grab. The END is NEAR !

The Liberty Dollar has already been declared "not counterfeit" by the Secret Service, and that they had no problem with it.

The Fed has declared it to be legit. Claudia Dickens, spokeswoman for the U.S. Treasury Department's Bureau of Engraving and Printing, said American Liberty Currency is legitimate.

All the Liberty Dollar people were doing was selling silver, gold, and copper medallions and what amounted to gift certificates redeemable at select stores. None of it is illegal.

Some people think such things are a private currency, which would make the rack of gift cards at walmart also private currency. But that's the free market in action. They have every right to sell their medallion and if the market rejects or accepts them so be it.

The federal reserve banking cartel however doesn't take kindly to free markets. The FBI didn't say anything about the reason they were raided (nothing about counterfeiting).

If they were raided for counterfeiting, I believe the Secret Service is the federal agency given the responsibility to stop counterfeiting, not the FBI. Appears to me, there is something else going on, e.g., The LD company recently minted silver and gold Ron Paul dollars to support the freedom candidate for president's campaign, and that is likely what got the Feds all worked up. Ron Paul is becoming too popular and may pose a threat to all things Bush and Cheney.

The LD and RPD is about American currency devaluing at an alarming rate

since 2001, it has lost over 40% of its value against the euro. The inventory of required silver and gold to back the LD paper certificates is online and audited monthly (by comparison the gold bullion in Ft. Knox hasn't been audited since the 1950s). Of course, it doesn't matter since the Federal Reserve Note (FRN) isn't redeemable in any commodity except what you can trade for it in today's market, gas station, etc.

So why the raid and theft? Maybe, your government needs to begin confiscating our private property to pay off its obscene debt before enslaving our children.

FBI Agent Wendy Osborne, a spokeswoman for the FBI's Indianapolis office, directed all questions on the raid to the Western District of North Carolina U.S. Attorney's Office. A spokeswoman there said she had no information on the investigation.

Oh, MAN, I got a headache from that. I am going surfing.

Impeach Linda Lingle for Superferry TREASON! A Resolution Submitted

Linda Lingle did bring all Federal, State, and law enforcement that she could into her illegal plan to establish the Superferry operation, regardless of Hawaii State Constitution and Environmental laws of Hawaii. Lingle's plan of War Against American Citizens is TREASON, and could have resulted in serious injuries and even death being inflicted on people who were doing their American Citizens' job of enforcing the law that the convicted felon Linda Lingle, the usurping de facto Governor had abandoned. **The case for impeachment is air tight, says Lanny Sinkin.**

Resolution on Impeachment of Linda Lingle

Whereas, on August 23, 2007, the Hawai'i Supreme Court issued an order requiring the State of Hawai'i to prepare an environmental assessment for the operation of the Hawai'i Superferry; and

Whereas on August 31, 2007, the Hawai'i Supreme Court issued its opinion in The Sierra Club v. The Department of Transportation of the State of Hawai'i; and

Whereas, in said opinion, the Supreme Court stated that "the EA requirement of HRS Section 343-5 is applicable"; and

Whereas, in said section, the law requires that an EA be completed and accepted as a "condition precedent" to the initiation of the action in question; and

Whereas said ruling and opinion meant that as a matter of law the Hawai'i Superferry had to cease operations until the EA was completed and accepted; and

Whereas the Director of the Department of Transportation issued his opinion that the Hawai'i Superferry could continue to operate; and

Whereas the Governor adopted the opinion of the Director of the Department of Transportation and encouraged Hawai'i Superferry to continue operations; and

Whereas the Governor did not request an opinion of the Hawai'i Attorney General regarding the legality of the Hawai'i Superferry continuing to operate; and

Whereas the position of the Director of the Department of Transportation and the Governor had no support in the law; and

Whereas Superferry proceeded to lower its prices to \$5, load up the Alakai Ferry, and sail to Kaua'i; and

Whereas, on August 26, 2007, people in Kaua'i jumped in the water and sought to prevent the Alakai from entering Nawiliwili Harbor based on the illegal nature of Superferry's continued operation; and

Whereas the U.S. Coast Guard acted to clear the way for the Alakai to enter, dock, unload, reload, and depart Nawiliwili Harbor, all in violation of law; and

Whereas, on August 27, 2007, a greater number of people entered the waters of Nawiliwili Harbor to prevent Superferry from entering the harbor; and

Whereas the Coast Guard was unable to clear the harbor for the Alakai to enter; and

Whereas the Alakai departed from Kaua'i without entering the harbor; and

Whereas the Governor responded to the citizen law enforcement actions on Kaua'i by forming a Unified Command of Federal, State, and local law enforcement to force open Nawiliwili Harbor for the Alakai's return; and

Whereas the U.S. Coast Guard responded to the Governor's actions by declaring a security zone surrounding Nawiliwili Harbor; and

Whereas anyone entering the security zone to attempt to enforce the law against the Alakai's entrance would be subject to ten years in prison and numerous other federal and state charges; and

Whereas the Governor's pursuit of such law enforcement actions represented an abuse of her authority to further an illegal enterprise; and

Whereas the Governor's formation of the Unified Command undermined the legitimacy of every law enforcement agency involved; and

Whereas the Governor's intent to return the Alakai to Nawiliwili Harbor threatened to create legal liability for every law enforcement officer acting in concert with the Governor's illegal plan; and

Whereas the obvious commitment and courage of the people on Kaua'i trying to enforce the law made a confrontation between the Unified Command and the citizen law enforcers likely; and

Whereas such a confrontation could easily have resulted in serious injuries or even death; and

Whereas the opinion issued on October 9, 2007, by Judge Cardoza in the Sierra Club case only reinforces that the Governor acted without legal authority;

Now, therefore, Be it Resolved that the Legislature of the State of Hawai'i goes on record as supporting the initiation of impeachment proceedings against defacto [and disqualified for felony conviction] "Governor" Linda Lingle.

Lucky We Live Molokai: Malama Pono

Dear Editor,

On October 30, 2007, Molokai High, was the grateful recipient of a number of items including furniture and school and custodial supplies from "friends" on Maui. Without the help of countless "angels", arrival of these items on our campus could not have happened. Please help me convey our heartfelt gratitude to the following: Mr. Russell Wong, Liquidator Interisland Hotel Furniture; Mr. Bruce McEwan, Vice President Young Brothers, Mr. Leo Arensberg, Tri Isle Transportation; Mr. Terry Tolman Executive Officer, REALTORS Association of Maui; Ms. Toni Polancy, Kihei; Ms. Sarah Sorensen, Kihei; Dolphin Pawn and crew; John Kaalekahe; Godfrey Akaka; Kekoa Cummings; Bobo and Melody Alcon; all alumni and other workers including all custodians from Kilohana, Maunaloa, Kaunakakai, Molokai Middle and Molokai High Schools and Mr. Nakamura for coordinating the efforts on behalf of Molokai High. THANK YOU VERY MUCH to each and every one of you.

Sincerely, Linda Puleloa Principal- Molokai High

School Community Council Meetings - Open for School Community Input and Feedback

Tuesday November 27, 2007 3 p.m.-4:30 p.m. Molokai High Library - Review and School Community Input for 2008-9 Academic and Financial Draft

Thursday December 13, 2007 3 p.m.-4:30 p.m. Molokai High Library -School Community Input for 2008-2009 Academic and Financial Plan; Review of Proposed Final Plan; SCC recommendation and assurances process.

UPCOMING EVENTS AT MOLOKAI HIGH SCHOOL

Progress Reports Progress reports were mailed home on Tuesday, **November 13, 2007**. Please call the school at any time so we can assist you in monitoring your child's progress.

December 5, 2007 The Molokai High School 6th annual Holiday Exhibition featuring Linda Yonemura's business students, Robert Bento's ceramic students, and Perry Buchalter's fine arts and digital media students. This long-awaited and popular event will feature original student artwork, Christmas cards, and business cards. Also featured are MHS logo products such as t-shirts, hats, and cups. Come and shop for Christmas! The Exhibition will be held in the Molokai High Cafeteria and runs from 6:00 p.m. to 8:00 p.m.

The Molokai High School Science Fair is just around the corner. The Science Fair will be held in conjunction with the Holiday Exhibition on December 5, 2007. The Science teachers are working with their students, who should be finishing up their experiments at home or at school within the next two weeks, charting and graphing their findings, and starting to put that Science Fair Board together. Let's make this another great year of interesting and insightful projects! Looking forward to seeing you at the Science Fair. If you have any questions, please feel free to stop by or give us (science teachers) a call at the school (567-6950).

HOUSING COSTS UP by FEES

County fees add up

The cost of housing is driven up by high land, development and construction costs – along with market demand. One other element surfaced last week when the council Policy Committee voted to waive county fees on affordable housing.

It seemed a feeble effort until it was learned that fees on a three-bedroom, single-family house totals about \$17,800.

There are two problems with waiving fees. One is the lack of a guarantee the developer won't add the \$17,800 to profits rather than reducing the price. The other is that the fees are presumably to defray government cost. Waiving them means taxpayers will have to make up the difference.

HISTORY You Did NOT Know? Queen Liliuokalani Sold Out!

Ex-Queen Liliuokalani negotiates with President Dole for a Pension of \$25,000 in return for her abdication

Two journalists, one from New York City and the other from Troy N.Y., independently corroborate each other's testimony that ex-queen Liliuokalani was offering to abdicate all claims to the throne in return for an annuity of \$25,000. Her attorney Paul Neumann was actively engaged in secret negotiations with President Dole on this matter. President Cleveland's minister plenipotentiary with paramount powers, James Blount, heard about the negotiations and intervened to scuttle them, thereby blocking a "settlement" that would have facilitated annexation and would have avoided more than a century of strife over the ceded lands and claims to reparations.

The shorter testimony on this topic is by Mr. Charles MacArthur, and is presented first. It is fairly straightforward and simple, referring only to negotiations for abdication in return for an annuity, and does not refer to Minister Blount.

The second testimony on this topic is by Dr. William S. Bowen. It is quite lengthy, involving several layers of conspiracy. This testimony specifically describes Blount's intervention to scuttle the negotiations (thus blocking an easy path to annexation) and also some lies told by Blount about Dr. Bowen and his traveling companion, Mr. Sewall, who had been U.S. consul to Samoa.

Hmmm, the Plot Thickens!!

IMPEACH LINGLE !!

The right to impeach public officials is secured by the U.S. Constitution in Article I, Sections 2 and 3, which discuss the procedure, and in Article II, Section 4, which indicates the grounds for impeachment: "the President, Vice President, and all civil officers of the United States shall be removed from office on impeachment for, and conviction of, treason, bribery, or other high crimes and misdemeanors."

New School Prayer [Politically Correct]

Now I sit me down in school
Where praying is against the rule
For this great nation under God
Finds mention of Him very odd.

If Scripture now the class recites,
It violates the Bill of Rights.
And anytime my head I bow
Becomes a Federal matter now.

Our hair can be purple, orange or green,
That's no offense; it's a freedom scene.
The law is specific, the law is precise.
Prayers spoken aloud are a serious vice.

For praying in a public hall
Might offend someone with no faith at all.

In silence alone we must meditate,
God's name is prohibited by the state.

We're allowed to cuss and dress like freaks,
And pierce our noses, tongues and cheeks.
They've outlawed guns, but FIRST the Bible.

To quote the Good Book makes me liable.

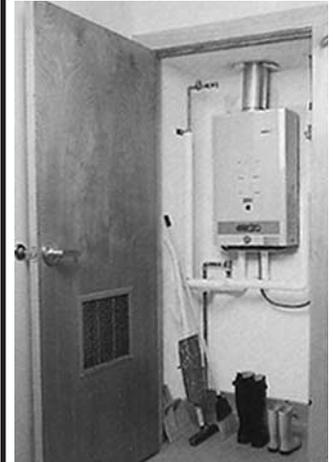

We can elect a pregnant Senior Queen,
And the 'unwed daddy,' our Senior King.
It's "inappropriate" to teach right from wrong,
We're taught that such "judgments" do not belong.

We can get our condoms and birth controls,
Study witchcraft, vampires and totem poles.
But the Ten Commandments are not allowed,
No word of God must reach this crowd.

It's scary here I must confess,
When chaos reigns the school's a mess.
So, Lord, this silent plea I make:
Should I be shot; My soul please take!

Amen
