Molokai: Stop TSA!

Please see this TSA out of control Video:

<http://www.brasschecktv.com/page/978.html>

Then realize that TSA has NO Lawful Purpose at Molokai Airport because none of the airplanes arriving and departing from Hoolehua perform long distance air service. Island Air and others knew they cooperated in establishing this fascist violation of our sovereign inalienable Rights, probably because they feared the Federal Aviation licenses they hold would be taken away, otherwise.

How much oppression will Molokai residents tolerate? Stop TSA, now!

New mental illnesses identified by the DSM-IV include arrogance, narcissism, above average creativity, cynism. In the past, these were called "personality traits, but now they are considered by Obama regime as diseases which can be used to take you into custody, deny your rights, without limits.

Also, it is now confirmed by USWGO News that the DSM-IV-TR Manual labels free thinkers, non conformers, civil disobedient advocates, those who question authority of TSA and Obama, and people considered hostile toward the Obama Regime, i.e., Oath Keepers and local Militias, as mentally ill called "oppositional defiant disorder" or ODD.

NEXT New Airport Security Restrictions

SWAT team raids of barbershops in Orla

SWAT Teams Raid Barbershops ?!!

Police SWAT teams raided at least 9 barbershops last week to check if their hair cutting licenses were up to date. Guns drawn and everything paramilitary, and without warrants they handcuffed a bunch of people until their licenses checkout ok. **WTF!**

The Orlando Sheriffs Office sent armed SWAT teams without warrants into 9 barbershops searching for people barbering without a license.

No it's not a joke and there's no punch line. This is Police State 101.

Banksters and politicians teal a few billion?

No problem.

You won't even be asked to explain.

But, try to operate a small business in Obamanation-America?

Apparently, Americans are open to a SWAT team raid - without a warrant - to make sure your business license is up to date.

No warrants either. Where is the Law of the Land demanding warrants?

They can't bring Wall Street to justice, but no problem terrorizing small business owners.

The whole horrific and unConstitutional treasonous abuse of armed force by SWAT is displayed in this video.

Video: <http://www.brasschecktv.com/page/967.html>

More bad cops: In Batavia, Ohio, a Police captain pleaded guilty Tuesday to evidence tampering. He was caught in a sting where he seized fake Oxycontin tablets from an undercover agent and failed to turn them in.

Capt. Delmas "Gee" Pack Jr., 42, is **free on his own recognizance** while awaiting sentencing. He faces up to 10 years in prison. Pack went down after years of complaints that a local police officer confiscated illegal drugs, but never filed charges or turned in the drugs.

Federal TSA Tyranny PROOF!

There's no doubt about it. The TSA is trying to intimidate everyone into going through the radiation machines. And almost all of them do because it's government-forced assault, plain and simple. And God help you if you complain about the X-ray or the alternative full-on pat-downs. "Nobody's going to do pat-down, once they find out that we're going to do, said a TSA agent.

In other words, people, when faced with a choice, will inevitably choose the X-ray over molestation? "That's what we're hoping for. We're trying to get everyone into the machine." Sadly, most are falling in line like tranquilized sheep.

Apparently, I was the very first passenger to ask to opt-out of back-scatter imaging. Several TSA officers heard me choose the pat-down, and they reacted in a way meant to make the ordinary passenger feel very badly about his decision. One officer said to a colleague who was obviously going to be assigned to me, "Get new gloves, man, you're going to need them where you're going."

One TSA agent wanted to remind people that the policies come from Washington, i.e., "President" Obama. The individual agents, including Christians, the agent said, are as helpless and upset as the passengers. Just follow orders?

This is Obama KILLING the airline industry. You are witnessing the end of air travel for the unwashed. Only those who are in the uppercrust of society should fly, the Obamas and the Pelosis, we peons will just have to take the train.

SEE <http://wewontfly.com/> about "We Won't Fly" website delivering a message directly to airlines, customer revolt is taking off faster than expected.

"We do not consent to strip searches. We do not wish to be guinea pigs for new, and dangerous X-ray technology. We are not criminals. We are your customers. We will not beg the government anymore. We will simply stop flying .

We demand the airlines make their maximum lobbying effort in support of Americans' rights and liberties. We are eager to fly again, but only when this invasive TSA threat has been contained."

WND previously has reported that such imaging also is taking place on U.S. roads and highways and many courtrooms.

Federal Food Nazi's S.510 vote

S.510 being voted on tomorrow in Congress [Akaka, Inouye] threatens small farm, home, local/organic and community food production with onerous rules that will create impossible "barriers against entry" that will rapidly destroy such local and natural production. No protective language is included in the Senate bill that satisfies these concerns.

Regulations SECRET! Makaala! Section 106 provides in part for the regulations issued to be kept secret from the public, "In the interest of national security, the Secretary ... may determine the time and manner in which the guidance documents issued under paragraph (1) are made public..."

S.510 incorporates Codex "HARMonization" provisions of the discredited "Dietary Supplement Safety Act" S.3002 and actually calls upon the FDA to recommend harmonization of American nutritional freedoms with Codex Alimentarius' restrictions [Section 306(c)(5)].

and, a clause which can be used to force Codex into our lives is Section 404: "Nothing in this Act... shall be construed in a manner inconsistent with... any ... treaty or international agreement to which the United States is a party..."

Cost of Program: Section 401, \$825,000,000 in the first year=bigger deficit.

S.510 fails to protect local food production.

Support Senator Coburn: "...the whole this bill represents a weighty new regulatory structure on the food industry that will be particularly difficult for small producers and farms to comply with (with little evidence it will make food safer)."

Demand that Congress understand the importance of Food Freedom! NO to Federal bureaucratic interference with our local food production and supply!

TIME TO STEP UP FIGHT THE TSA! SUPPORT H.R. 6416: American Traveler Dignity Act Introduced by Congressman Ron Paul

As you have likely heard the whole of America is erupting in anger over the new travel requirements that force Americans who choose to fly to be dehumanized and molested or digitally stripped and photographed by a TSA Agent.

Soviet-style searches would cease if Obama, top officials had them, but all the VIP's are EXEMPT !!

Rep. Ron Paul, R-Texas, introduced the Air Traveler Dignity Act to protect Americans from physical and emotional abuse by federal TSA employees conducting screenings at the nation's airports. "Something has to be done! The people are fed up. Everybody's fed up. The pilots are fed up. I'm fed up," he said.

"We have seen the videos of terrified children being grabbed and probed by airport screeners. We have read the stories of Americans being subjected to humiliating body imaging machines and/or forced to have the most intimate parts of their bodies poked and fondled," he added.

"This TSA version of our rights looks more like the 'rights' granted in the old Soviet Constitutions, where freedoms were granted to Soviet citizens – right up to the moment the state decided to REMOVE those freedoms."

Join more than 17,000 others in a petition demanding action against the intrusive airport screening procedures implemented by Obama's Janet Napolitano and send a letter to Congress, Obama telling them exactly what you think about your lost freedoms and lost security caused by Obama's TSA.

No law of the United States shall be construed to confer any immunity for a federal employee or agency or any individual or entity that receives federal funds, who subjects an individual to any physical contact (including contact with any clothing the individual is wearing), X-rays, or millimeter waves, or aids in the creation of or views a representation of any part of a individual's body covered by clothing as a condition for such individual to be in an airport or to fly in an aircraft. DAMN RIGHT !

TSA agents in our Pants!!

Paul's legislation, H.R. 6416, is just two sentences long, stating: "My legislation is simple," Paul said. "It establishes that airport-security screeners are not immune from any U.S. law regarding physical contact with another person, making images of another person, or causing physical harm through the use of radiation-emitting machinery on another person. It means they are subject to the same laws as the rest of us." TSA criminals violate the law, and they must be arrested and prosecuted.

Paul suggested the controversial screening techniques would vanish if top-ranking government officials were themselves subject to them.

"Imagine if the political elites in our country were forced to endure the same conditions at the airport as business travelers, families, senior citizens, and the rest of us. Perhaps this problem could be quickly resolved if every cabinet secretary, every member of Congress, and every department head in the Obama administration were forced to submit to the same degrading screening process as the people who pay their salaries."

The congressman says he warned at the time of the TSA's creation that an unaccountable government entity in control of airport security would provide

neither security nor defend Americans' basic freedom to travel. NOW BELIEVE "Yet the vast majority of both Republicans and Democrats then in Congress willingly voted to create another unaccountable, bullying agency – in a simple-minded and unprincipled attempt to appease public passion in the wake of 9/11," he said. "Sadly, as we see with the steady TSA encroachment on our freedom and dignity, my fears about TSA in 2001 were justified."

Paul, a former Air Force flight surgeon and obstetrics specialist also expressed concern about "the potentially harmful effects of the radiation emitted by the new millimeter wave machines," and said the solution for security at airports is not a government bureaucracy.

"The solution is to allow the private sector, preferably the airlines themselves, to provide for the security of their property," he said.

Rep. John Duncan, R-Tenn., took to the House floor to say, "A nationwide revolt is developing over the body scanners at the airports, and it should."

Duncan said there's already plenty of security at the airport, and there was no need to spend up to \$300 million to install 1,000 scanners.

"This is much more about money than it is about security," said Duncan. "The former secretary of Homeland Security, Michael Chertoff, represents Rapiscan, the company which is selling these scanners to his former department. Far too many federal contracts are sweetheart, insider deals.

"Companies hire former high-ranking federal officials, and then magically, those companies get hugely profitable federal contracts. The American people should not have to choose between having full-body radiation or a very embarrassing, intrusive pat-down every time they fly, as if they were criminals."

TSA chief John Pistole defended the new procedures. "Several near-misses by terrorists on airplane bombings got through security because we were not being thorough enough in our pat-downs."

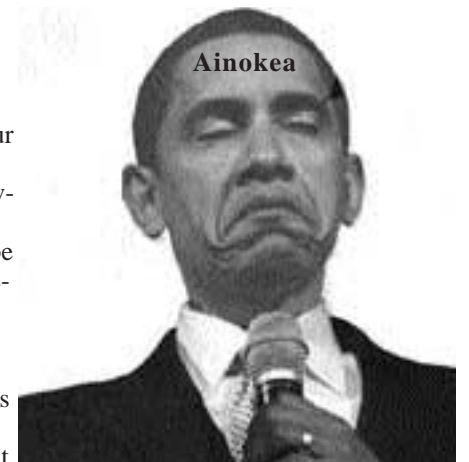

Protestors retorted that "We think there are a lot of constitutional violations. Americans should not be treated like criminals."

"This needs to stop. The government is way over the top on this. It's time for elected officials to stand up and say, 'This is wrong. This needs to stop.'"

The resolutions, pending in the state senate and assembly, call on Congress to tell the TSA that the people must not be forced to give up their constitutional rights when they want to travel.

"Unless we stop this right now, we won't be able to walk across the street without going through checkpoints," he said.

Meanwhile, he said, the federal government has done very little to close off the nation's southern border, through which terrorists easily could enter.

Defendant Obama is named as "de facto president of the United States."

Gun Law: legal because WE say it is?

Not so fast there, Bubba! That argument is a form of police state legal positivism which basically says that something is legal or illegal because they say the law says that it is, even if it is non-Constitutional. It ignores any kind of moral connection with the law and whether or not the law is "just". It also implies that juries do not have the power to judge the law as well as the case being tried, something that the founding fathers explicitly envisioned that our system of justice would contain. The argument, in my opinion, is dangerous. It supposes that the government is right because it says that it is right. The idea is anathema to the very basis of our American Constitutional Republic.

Gun laws in Hawaii Revised Statutes 134, and the actions of Police chiefs statewide who conspired to refuse Concealed Firearms Permits to everyone except the elite and politically connected people, are all unConstitutional, and therefore are NOT Law. Obviously, such police state rhetoric is discriminatory.

We should be carrying our guns on airplanes for personal protection instead of having Nazi TSA goons harassing us with X-rays and sex assaults, attitudes.

TSA rules, however, DO allow for the Elite to be EXEMPT from TSA !! TSA Security Directive SD-1544-09-06

During the boarding process, the air carrier may EXEMPT passengers who are Heads of State or Heads of Government including the following who are traveling with the Head of State or Head of Government:

1. Spouse and children, or One other individual

Section I.B., the following definitions apply:

1. Head of State: An individual serving as the chief public representative of a monarchic or republican nation-state, federation, commonwealth, or any other political state (for example, King, Queen, and President).

2. Head of Government: The chief officer of the executive branch of a government presiding over a cabinet (for example, Prime Minister, Premier, President, and Monarch).

So, TSA is only for the regular people who are all treated like criminals.

OK, how about the inflight rules: While over U.S. airspace, flight crew may NOT make any announcement to passengers concerning flight path or position over cities or landmarks.

All your civil liberties and freedoms just got revoked people. The TSA stepped over the line of people's freedom and the reasonable security of the nation without making anybody safer.

Slowly but surely people's civil rights will be violated freely by those who think they have power.

Next, TSA will Blackbag everyone before entering the aircraft. Once seated you will be secured to the seat using hand and leg shackles. That'll definitely work. The Terrorists are TSA. They take away our freedom and imprison us in our seats while telling us it is for our own good and treating us like we are the terrorists...soon, we will be shackled to the seat like prisoners. Why not just fill the plane with laughing gas and make everyone sleep the whole way? Is the next step painting over all the windows so we can't look out the plane either?

I would rather carry a gun for security on my flight, forget TSA !

Guns Preserve YOUR Sovereignty !

Bill of Rights 2nd Amendment: "A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

Enforce the Bill of Rights !

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.

War on Drugs is Worse than Drugs!

Obamanation Justice is PERSECUTION and TYRANNY and TREASON when it comes to the War on Drugs.

DR. MOLLIE FRY'S MEDICAL MARIJUANA CONVICTION UPHELD

Dr. Marion "Mollie" Fry and her partner, Dale Schaferr, who are both medical marijuana patients, have been sentenced to five years in federal prison on marijuana growing distribution charges.

History: after developing breast cancer, Dr. Fry turned to medical marijuana, and she and Schafer built up a medical marijuana practice, with Dr. Fry writing recommendations and she and Schafer growing and distributing marijuana to patients. **They did so with the understanding from local law enforcement that they were in compliance with state law.**

But local law enforcement was working with the DEA to collect drug bust money, and the couple was raided, arrested, and convicted of violating federal drug control laws. Because they were convicted of growing more than 100 plants, they face mandatory minimum five-year prison sentences.

They appealed the conviction, arguing that because local law enforcement agents were cooperating with the DEA at the same time they were assuring the couple they were in compliance with state law, local law enforcement was in effect working for the feds to entrap them. They also argued that local law enforcement entrapped them for sentencing purposes by encouraging them to grow more than 100 plants, the number that triggers a mandatory minimum sentence. And they argued their convictions should be overturned because they were not allowed to mount a medical marijuana defense.

But the 9th Circuit Appeals panel did not agree, or rather, obviously they are complicit with the DEA and cops in order to get a bunch of drug bust money to buy more and bigger guns and other weapons they can use against We The People, and therefore upheld the conviction and prison sentences.

In the opinion authored by Judge Richard Tallman, the court held that Fry and Schafer did not prove they were entrapped and that they were correctly precluded by Supreme Court precedent from mounting a medical marijuana defense.

Now, the health-care providing couple who relied on the advice of cops that they were legally operating as medical marijuana providers are most likely headed to federal prison.

At the same time, really really criminal cops, see stories above, get off easy. The MPD's War on Drugs does more damage than the Drugs!
