## Did Maui Judge Tanaka Give Baby to Abuser Contrary to Law?

From: Robin - AngelGroup <[robin@angelgroup.org](mailto:robin@angelgroup.org)>  
A domestic violence survivor, Maria Styke-Marquez, appears alone in Judge Keith Tanaka's Second Circuit courtroom where, according to documents filed by the perpetrator's attorney, Mimi DeJardins, the judge will grant her abuser's request to permanently relocate to Minnesota with the former couple's 2 1/2 year-old daughter, removing her not only from the island of her birth, but from her mother.

The child's father, Bruce Anthony Sotelo Jr., was convicted and held in jail for beating a pregnant Ms. Styke-Marquez so severely in 2007 that the 4 month-old baby she was carrying may have died as a result of the attack that left Ms. Styke-Marquez with a concussion, broken ribs, cracked teeth, a split lip and contusions.

Hawaii State Statute 571-46(9) perpetrators of family violence are not candidates for custody of their children, yet in September, Judge Tanaka ruled to give full physical/legal custody of the little girl to the man who put her mother in the hospital. Is that contrary to statute? Not if facts support the ruling.

Financially devastated from the litigation her abuser has put her through, Ms. Styke-Marquez, unable to afford an attorney, walked into the courtroom alone to face her abuser (who as recently as November 19th has a criminal contempt charge lodged against him), his attorney (who is also a Per Diem judge) and a judge who has already ruled against her. "My last and only hope to save my daughter is to call public attention to what's going on and I'm not the only one this is happening to - I know so many other domestic violence survivors who have lost custody of their children to their perpetrators as well which only tells me that this is no small problem. I'm a protective parent, not a perfect one, and never tried to keep our daughter from her father so I can't understand how this is being allowed to happen" says Ms. Styke-Marquez. She reportedly collapsed in courtroom, and was transported to hospital and the hearing continued without her.

Final outcome of the hearing is at this time, unknown. But words from the Judiciary allege factual mistakes and erroneous statements of law by Angles.

## Airport Body Scan Operator Caught Masturbating During High School Girls' TSA Check

by Hugh Muzzbe

Airport officials at Denver International airport were on high alert August 3rd, when a full body scanner operator was caught masturbating in his booth as a team of High School netball players went through the scanner.

"The young ladies were going through the scanner one by one, and every time one went through, this guys face was getting redder and redder. His hand was moving and then he started sweating. He was then seen doing his 'O' face. That's when the security dragged him out of his booth and cuffed him. He had his pants round his ankles and everybody was really disgusted," Jeb Rather, a passenger on a flight to New York told CBS news.

The controversial scanners display every minute detail of a person's body and have been called intrusive by privacy campaigners. Body scanners penetrate clothing to provide a highly detailed image so accurate that critics have likened it to a virtual porn shoot. Technologies vary, with millimeter wave systems capturing highly detailed pictures of genitals, and backscatter X-ray machines able to show precise anatomical detail. The TSA likes the scanners and want more detail.

Please see this TSA out of control Video:

<http://www.brasschecktv.com/page/978.html>

Then realize that TSA has NO Lawful Purpose at Molokai Airport because none of the airplanes arriving and departing from Hoolehua perform long distance air service. Island Air and others knew they cooperated in establishing this fascist violation of our sovereign inalienable Rights, probably because they feared the Federal Aviation licenses they hold would be taken away, otherwise.

How much oppression will Molokai residents tolerate? Stop TSA, now!

One TSA agent wanted to remind people that the policies come from Washington, i.e., "President" Barack Obama. Just following unlawful orders?

## Who Is Barack Obama? Supreme Court rejects Right to Know!

Supreme Court has again cast aside an appeal that raised doubts about Barack Obama's citizenship and Constitutional requirement of Natural Born citizen.

The justices without comment Monday rejected a challenge from Charles Kerchner Jr., who sought an order in federal court to force the Barack Obama aka Barry Sotoro to produce documents regarding his birth and citizenship.

Kerchner's attorney, Mario Apuzzo, had argued in a petition with the Supreme Court that Obama did not fit the definition of a "natural-born citizen" required for the nation's highest office, as defined by Article II, Section 1 of the Constitution.

Kerchner, a retired military officer, argues the framers of the Constitution intended a "natural-born" citizen to mean someone born in the U.S. to parents who were both American citizens. The case is Kerchner v. Obama (10-446)

Obama's father was born in Kenya, which at the time was a British colony. That is an "undisputed fact" Obama's father was a citizen of the British crown.

# Stop T.S.A. Terrorizing America !

## WHAT IF US-NATO IS DEFEATED IN AFGHANISTAN by Afghan farmers and mountain tribesmen??

Amazing as it sounds, US-NATO, the world's most powerful military alliance, may be losing the only war the 61-year old pact every fought. All its soldiers, heavy bombers, tanks, helicopter gunships, armies of mercenaries, and electronic gear are being beaten by a bunch of lightly-armed Afghan farmers and mountain tribesmen.

Public opinion in the United States, Canada and Europe continue to turn against the Middle East conflicts, especially in Iraq and Afghanistan. Hardly anyone believes the Obama's withdrawal date from the \$7.8 billion/month war.

Obama is fresh from groveling before Jews' Prime Minister, Benjamin Netanyahu. He pleaded with Israel's leader to impose a short, token freeze on settlement building in exchange for a multi-billion dollar bribe from Washington of advanced US F-35 stealth warplanes, promises of UN vetoes, and raising the value of US arms stockpiled for Israel's use to \$1 billion. Rarely has a US president crawled so low.

US, Canadian and European politicians who backed the Afghan War fear admitting the conflict was a huge waste of lives and treasure. Their political careers hang in the balance.

While the US heads deeper into war and debt, its European allies are fed up with what was supposed to have been a limited "police action" to eliminate al-Qaida bases. Instead, Europe got a full-scale war against Afghanistan's Pashtun tribes raising uneasy memories of its 19th-century colonial "pacifications."

British Defense Chief Gen. Sir David Richards, warned, "NATO now needs to plan for a 30 or 40 year role." In short, permanent occupation. That may be the bottom line, at least for the imperial camp. Central Asia's oil resources are the real reason.

The US-installed Afghan president, Hamid Karzai, is demanding the US scale back military operations and night raids that inflict heavy civilian casualties. Washington counters that Karzai is mentally unstable. He is marked to be overthrown once Washington can find a suitable Pashtun replacement.

America's rationale for invading Afghanistan was to destroy al-Qaida. But CIA chief Leon Panetta recently admitted there were no more than 50 al-Qaida operatives left in Afghanistan. The rest - no more than few hundred - fled to Pakistan years ago. So, it's just the oil and other resources.

So what are 110,000 US troops and 40,000 NATO troops doing in Afghanistan? Certainly not nation-building. Most reports show Afghanistan is in worse poverty and distress than before the US invasion.

Giant US Army bulldozers, demolition teams and artillery are busy leveling wide swathes of Afghan homes around the Pashtun stronghold, Kandahar. The US is using the same punitive tactics in Afghanistan and Iraq as Israel employs on the occupied West Bank: targeted assassinations, death squads, demolishing buildings and whole neighborhoods to punish and open fields of fire. In fact, the US military has often been guided by Israeli advisors in such operations.

Destroying large parts of Kandahar is a sign of growing US frustration and a sense the war is being lost. It certainly won't win hearts and minds of the locals, the stated goal of US proconsul Gen. David Petraeus.

Like the rest of the Pentagon, Petraeus is determined that the mighty US military must not be defeated by Afghan tribesmen. The humiliation would be intolerable. Defeat in Afghanistan would bring demands for major cuts in the bloated US military, a Leviathan that consumes 50% of world military spending.

## TSA Is The Terrorist!!

"TSA officials say that anyone refusing both the full body scanners and the enhanced pat down procedures will be taken into custody. Once there the detainees will not only be barred from flying, but will be held indefinitely as suspected terrorists . . . One sheriff's office said they were already preparing to handle a large number of detainees and plan to treat them as terror suspects."

NO successful terrorist act since 9/11, and thousands of independent experts doubt the government's explanation of that event.

Subsequent domestic terrorist events have turned out to be FBI sting operations in which FBI agents organize not-so-bright disaffected members of society and lead them into displaying interest in participating in a terrorist act. Once the FBI agent, pretending to be a terrorist, succeeds in prompting all the right words to be said and captured on his hidden recorder, the "terrorists" are arrested and the "plot" exposed.

The very fact that the FBI has to orchestrate fake terrorism proves the absence of real terrorists.

If Americans were more thoughtful and less gullible, they might wonder why all the emphasis on transportation when there are so many soft targets. Shopping centers, for example. If there were enough terrorists in America to justify the existence of Homeland Security, bombs would be going off round the clock in shopping malls in every state. The effect would be far more terrifying than blowing up an airliner.

Indeed, if terrorists want to attack air travelers, they never need to board an airplane.

All they need to do is to join the throngs of passengers waiting to go through the TSA scanners and set off their bombs. The TSA has conveniently assembled the targets.

The final proof that there are no terrorists is that not a single neoconservative or government official responsible for the Bush regime's invasions of Iraq and Afghanistan and the Obama regime's slaughters of Pakistanis, Yemenis, and Somalians has been assassinated. None of these Americans who are responsible for lies, deceptions, and invasions that have destroyed the lives of countless numbers of Muslims have any security protection. If Muslims were capable of pulling off 9/11, they are certainly capable of assassinating Rumsfeld, Wolfowitz, Perle, Feith, Libby, Condi Rice, Kristol, Bolton, Goldberg, and scores of others during the same hour of the same day.

I am not advocating that terrorists assassinate anyone. I am just making the point that if the US was as overrun with terrorists as empire-building bureaucrats pretend, we would definitely be experiencing dramatic terrorist acts. The argument is not believable that a government that was incapable of preventing 9/11 is so all-knowing that it can prevent assassination of unprotected neocons and shopping malls from being bombed.

If Al Qaeda was anything like the organization that the US government claims, it would not be focused on trivial targets such as passenger airliners. The organization, if it exists, would be focused on its real enemies. Try to imagine the propaganda value of terrorists wiping out the neoconservatives in one fell swoop, followed by an announcement that every member of the federal government down to the lowest GS, every member of the House and Senate, and every governor was next in line to be bumped off.

This would be real terrorism instead of the make-belief stuff associated with shoe bombs that don't work, underwear bombs that independent experts say could not work, and bottled water and shampoo bombs that experts say cannot possibly be put together in airliner lavatories.

Think about it. Would a terror organization capable of outwitting all 16 US intelligence agencies, all intelligence agencies of US allies including Israel's Mossad, the National Security Council, NORAD, air traffic control, the Pentagon, and airport security four times in one hour put its unrivaled prestige at risk with improbable shoe bombs, shampoo bombs, and underwear bombs?

After success in destroying the World Trade Center and blowing up part of the Pentagon, it is an extraordinary comedown to go after a mere airliner. Would a person who gains fame by knocking out the world heavyweight boxing champion make himself a laughing stock by taking lunch money from school boys?

TSA is a far greater threat to Americans than are terrorists. Pistole has given the finger to US senators and representatives, state legislators, and the traveling public who have expressed their views that virtual strip searches and sexual molestation are too high a price to pay for "security." Indeed, the TSA with its Gestapo attitude and methods, is succeeding in making Americans more terrified of the TSA than they are of terrorists.

Make up your own mind. What terrifies you the most. Terrorists, who in all likelihood you will never encounter in your lifetime, or the TSA that you will encounter every time you fly and soon, according to Pistole, every time you take a train, a subway, or drive in a car or truck?

Before making up your mind, <<http://news.antiwar.com/2010/11/19/tsa-travelers-who-refuse-scanning-cant-leave-will-be-fined/>>consider this report from antiwar.com on November 19: "TSA officials say that anyone refusing both the full body scanners and the enhanced pat down procedures will be taken into custody. Once there the detainees will not only be barred from flying, but will be held indefinitely as suspected terrorists . . . One sheriff's office said they were already preparing to handle a large number of detainees and plan to treat them as terror suspects." Terrorists are the TSA Gestapo.

## Obama Nominates Rabid Anti-gunner Andrew Traver to Head the ATF

It was not a good sign that Barack Obama kept his nominee to head the Bureau of Alcohol, Tobacco, Firearms and Explosives a secret until after the midterm election --- and then quickly announced that anti-gun zealot Andrew F. Traver would be named to fill the slot.

And Traver is not just any nominee. As special agent in charge of Chicago's ATF field division, Traver had taken the lead in calling for a ban on semiautomatic firearms.

Obama's Chicago, of course, has been the epicenter of anti-gun government activism, and Traver has been active in the virulently anti-gun International Association of Chiefs of Police, and has commissioned panels to:

- \* support one-gun-a-month and lock-up-your-safety laws, as well as "ballistic fingerprinting" files on all firearms;
- \* espouse an "effective" ban on .50-caliber firearms, and a redefinition of "armor-piercing" ammunition that could effectively ban handgun use;
- \* mandate gun-destruction policies for law enforcement and enhanced funding to go after guns;
- \* prohibit all private gun sales and make "prohibited persons" out of persons convicted of simple misdemeanors.

That a rabid anti-gun rights activist such as Traver would be put in charge of the ATF is deeply troubling.

**ACTION:** Contact your Senators. Urge them to support a filibuster of the Traver nomination to head the ATF. Do it TODAY, Call Akaka, Inouye, and tell them Please support a filibuster of the Traver nomination to head the Bureau of Alcohol, Tobacco, Firearms and Explosives.

### HAWAII LEGISLATURE: WAKE UP!

Hawaii's politicians and police are VERY anti-gun rights, but in Utah, the enlightened legislators are considering giving respect to the 2nd Amendment in a very Constitutional way: Utah residents can exercise their right to keep and bear arms without a permit. YES! Carry concealed WITHOUT A Permit! That is just like the 2nd Amendment says it is our Right to keep and bear arms shall not be infringed. Therefore, permits being required violate Constitution!

The Utah Shooting Sports Council in its newsletter listed a constitutional carry proposal as one of its top priorities for their 2011 Legislature. They tell it like it is: Concealed Carry permits are just bureaucratic permission slips to exercise Second Amendment rights.

There it is Hawaii Legislators. Give us liberty, freedom, and security by enforcing our rights to keep and bear arms that is guaranteed by the Bill of Rights. Reality is that the police are just minutes away during a murder, robbery, home invasion, rape, assault, or other violent crime can happen in just SECONDS!

When Americans talk guns, the subject is about self-reliance and independence for personal security and freedom. The 2nd Amendment places the ultimate option to use deadly force in the hands of the Sovereign Citizen, not the state.

### REMEMBER: Bill of Rights Day is December 15

**Bill of Rights 2nd Amendment:**  
**"A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."**

**Wake up militia! Use it, or lose it! Got your gun, yet?**

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"The people cannot delegate to government the power to do anything which would be unlawful for them to do themselves."- John Locke

"Those who make peaceful change impossible, make violent change inevitable." -- Robert F. Kennedy

"Rebellion against tyrants is obedience to God." T.J.

## Enforce the Bill of Rights!

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

## Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

## Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

### Wake up! Enforce the Bill of Rights!

# Three Unanswered Questions:

**Was Barack Obama Born in Kenya?**

**Is He Really a Citizen of Indonesia?**

**Does the Constitution still Matter?**

*We the People*

## OBAMA IS A USURPER!

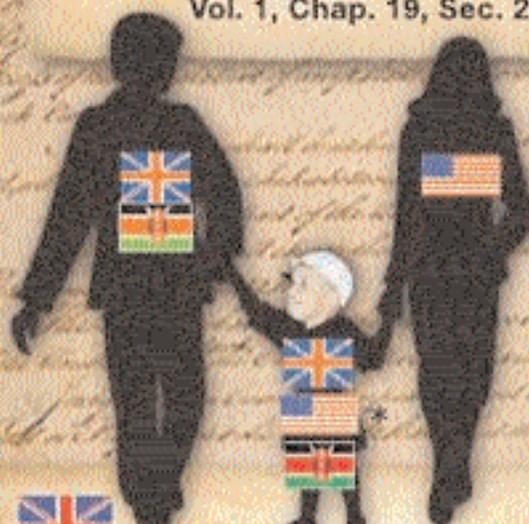

U.S. Constitution, Article II, Section 1, Clause 5 . . .

No person except a natural born Citizen, or a Citizen of the United States, at the time of the Adoption of this Constitution, shall be eligible to the Office of President; neither shall any person be eligible to that Office who shall not have attained to the Age of thirty five Years, and been fourteen Years a Resident within the United States.

### DEFINITION

The natives, or natural-born citizens, are those born in the country, of parents [both] who are citizens.

Emer de Vattel, "The Law of Nations and Principles of Natural Law," Vol. 1, Chap. 19, Sec. 212

"Citizen" of the U.S. if he was physically born in Hawaii, not born elsewhere and falsely registered as born there after the fact.

At birth, Barack Obama acquired dual citizenship through his British **non-U.S. citizen father**. Our Founders excluded dual citizens from eligibility to the Presidency for national security reasons. Every military order Barack Obama gives as Commander-in-Chief, every bill he signs into law, and every executive decision he makes while unconstitutionally seated in the Office of President, are unconstitutional, and hence illegal. Obama is NOT a "natural born Citizen" of the USA. The U.S. Courts and Congress MUST address the merits of the charges for this constitutional issue, and constitutionally remove Barack Obama in order to preserve, protect and defend the Constitution of the United States. This is their sworn Oath to the Constitution and to the American people.
