## “Retirement ?”

left to right: Public Health Nurse Kathy Kennedy, Retiree Fannie Agliam, Tiffany Rapanot-Coelho, AMH Clerk and Margaret Makekau, LPN, shared a poi lunch on Dec. 27.

### Fannie Agliam retires from DOH

The end of 2007 marks changes. For some in Molokai's health care community, it means retirement from long-held positions. For Public Health Nursing Clerk Typist Fannie Agliam, “retirement” means not working at the State Department of Health Moloka'i office. When she started work with the DOH, offices were located in Hoolehua, at the old DHHL building after fire had destroyed the Kaunakakai State building. Public Health Nurse supervisors she has worked with were Mrs. Rufina Kula and Mrs. Ruth Yap. After well-deserved service keeping track of schedules and documents for Molokai's three public health nurses, Fannie earns a well-deserved change of pace, spending more time with her husband, children and grandchildren.

Fannie Agliam was honored by the Molokai Department of Health staffs with a surprise luncheon on December 20. Congratulations, Fannie.

## “Retirement” for Claire Iveson & Nona Fukuoka -- Not!

“Retiring” from Molokai General Hospital, doesn't mean “not working” for Claire Iveson and Nona Fukuoka. Molokai Family Support Center, the early intervention program for infants and children up to age three (0-3) Claire and Auntie Nona's workplace will be moving from the umbrella of Molokai General Hospital (MGH) to Molokai Community Health Center (MCHC).

MGH President Janice Kalanihulia explained that the focus on infants and children development is closer to the referring MCHC doctors than MGH, thus, the change for the Molokai Family Support Center's staff.

Claire Iveson has been the Director of Molokai Family Support Center for nearly 30 years, 24 of them under the MGH umbrella. Auntie Nona Fukuoka for nearly 15 years has been the Receptionist, Peer Play Group Worker and all around handy person at MFSC. Both have seen changes to the program, changes in staff, and moves in location. This week, they along with the other MFSC staff, will begin the move from their current Center location in Kawela back to Kaunakakai. So although Claire and Auntie Nona are “retiring” from MGH, they will be resuming Ikaika play groups and meetings back at the building behind the Molokai Healthy Start office.

The MFSC peer groups will continue at East End's Irwin Health Center on Thursday mornings from 9am to 11 am. At Maunaloa, the peer play group will continue meeting on Monday mornings from 9am until 11 am. The Peer Play Groups will meet on Tuesday and Friday mornings for qualified under age three kids. A mother and infant group meet on Wednesdays. Call Molokai Family Support Center at 553-3276 for information about the 0-3 referrals and programs.

MGH President Janice Kalanihulia, Medical Director Dr. Emmett Aluli and MGH staff celebrated at an aloha luncheon for Claire Iveson and Nona Fukuoka and the MFSC staff.

## Dunbar Nottage Caprida Land Case Filed

A Cause filed with the Clerk of the Supreme Court of the Hawaiian Islands by Paul Kauka Cullen on December 6, 2007 names several Molokai residents, who occupy land in east Molokai, as Respondents, for the purpose of making landownership pono via the judicial proceedings he initiated that will establish and recognize the truthful facts on the record regarding the described lands.

Cullen says he hopes that when the judicial process is completed, that all Parties will understand and acknowledge the truth, and thereafter, act according to law to re-establish pono regarding landownership, and preserve the peace.

The Cause is: Paul Kauka Cullen[et al], Petitioners v. THE GOSPEL SHOES OF CHRIST JESUS CHURCH, INC., ERESTAJO & JUDY CAPARIDA, MS. RUTH MANU, RAYMOND NAKI & family, STAFFORD CAPARIDA & family, SIMOE LUAFALMANA & family, PETER B. NOTTAGE & DAVID NOTTAGE, LANCE DUNBAR and Kainalu Ranch Partners, et al, etc.

One of the documents filed with the Supreme Court of the Hawaiian Islands by Paul Kauka Cullen states the following, in part:

“The cause before this court concerns private property rights of Royal Allodial Patent Grant No. 1140 and Royal Patent No.2565 issued by King Kamehameha III and IV respectively, exclusive jurisdiction of the judicial system of the Kingdom of Hawaii.....While Respondents and their agents have intruded on Petitioner's private property in the Kingdom of Hawaii, a search of the Business Registration shows that they are not properly registered as citizens or registered to do business or even exist, in the case of the corporations in the Kingdom of Hawaii.....”.

Furthermore, documents on record are offered as proof by Paul Kauka Cullen that he is a direct lineal heir to Palapaia Sila Nui Helu 2565 and the lands described in the survey included in said Helu 2565....The Respondents/Defendants did unlawfully enter into and are now intruding on said Aina ....without leave of the Petitioners/Plaintiffs who are bona fide Heirs and assigns or any lawful right or title thereto.

Cullen's Petition also states that Hawaii Complied Laws define responsibility of persons for acts of damage or trespass on private property, acts which Cullen claims have occurred and are still occurring by Respondents. Therefore, he is seeking relief through a Writ of Possession and an Action for Ejectment.

Judge Colleen Hirai, Hawaii 1st Circuit, signed an Order recognizing Cullen as a legal heir with others, and that title to several TMK's in Waiialua area are vested in Cullen and his co-heirs.

The first hearing is scheduled for January 7, 2008 with Judiciary of the Hawaiian Kingdom magistrate Keoni Lopaka presiding, on the island of Hawaii. For more info call 1866-5248551 or 1-918-398-9447.

## Molokai Swimmer Qualifies for Mainland Championships

Adrian Jacobs, son of Mark and Ann Jacobs of Kalua Koi, has qualified for the Western Region Sectionals Swimming Championships this coming summer, scheduled for July in Washington.

Jacobs learned his competitive swimming through the Molokai Swim Team, a branch of the Hawaii Swimming Club, and was coached by Lloyd Yonemura and David Kalani. Now swimming for the Academy Swim Club in Waimea on the Big Island, Jacobs attends Hawaii Preparatory Academy. The Academy Swim Club is coached by former Olympian Mark Noetzel who lives on the Big Island.

At the Hawaii Age Group Short Course Championships held at the Kihei Aquatics Center from December 14-17, Jacobs had qualified for six individual events in the 17-18 year old age group: 50 Yard Freestyle, 100 Yard Breaststroke, 200 Yard Individual Medley, 100 Yard Butterfly, and 200 Yard Breaststroke events. He also swam the 100 Yard Freestyle event.

His times in both the 100 and 200 Yard Breaststroke events qualify him to swim at the Speedo Sectional Championships. Much of his breaststroke fundamentals came from the tips of former age group standout, Lenn Yonemura, a breaststroke specialist in both age group and high school competitions.

A hearty congratulations to Adrian !

## POLICE BRUTALITY and Lingle's POLICE STATE GETS WORSE

What happened to "Republican Form of Government" guaranteed to every state, in which We the People are the sovereigns and public officials their servants?

In the face of mounting reports documented with photographic evidence of increasingly revolting instances of rogue police brutality, one searches in vain for examples of systemic accountability swift, sure, and severe in nature against such police. Where are the well-publicized investigations, arrests, indictments, prosecutions, convictions, and above all stiff sentences for the perpetrators? For such bestial misbehavior, "civilians" would already be behind bars. But, instead of dishonorable discharges and felony convictions, all too many rogue policemen still tote their badges and guns, looking to accost new victims.

The absence of strict, or even any, accountability is no accident. The only plausible explanation for why these excesses are occurring simultaneously all over the country with ever-increasing frequency, intensity, animosity, ferocity, and even perversity and are going largely unpunished, is that the Establishment wants things this way. The Establishment does not consider these incidents to be abuses of office, but simply exercises of power. And the more ordinary and widespread these incidents become, the better. Because, simply put, the Establishment hates common Americans' freedoms and wants to eliminate them. And not only the freedoms, but common Americans themselves, too, if they resist police.

The Establishment desires, encourages, facilitates, protects, and covers up rogue police brutality lawlessness under color of law by the supposed enforcers of the law because this official misbehavior separates the police as a whole from the citizenry by the barrier of mutual animosity, and links rogue policemen and the Establishment with the common bond of criminal complicity.

If rogue policemen are encouraged and empowered to oppress the citizenry with physical violence, they will imagine themselves to be, not the people's servants, nor even the people's social and political equals, but the people's absolute superiors a "master class" the members of which can do almost anything they want, as long as they are careful to "follow orders" from Chief Thomas Phillips.

This situation, of course, is inconsistent with the "democracy" the Establishment keeps praising, and at odds with the "Republican Form of Government" the Constitution guarantees to every State. But the Establishment does not want "democracy," in the sense of political and social equality between public officials and common citizens, let alone a "Republican Form of Government" in which We the People are the sovereigns and public officials their servants. The Establishment wants a "government" the powers of which derive, not from the consent of the governed, but from the caprices of the governors. See Lingle's Superferry related violations of law and the Special Session to cover it up. It wants a "government" not limited to the "just powers" to which the Declaration of Independence refers, but capable of exercising all conceivable powers. A "government" with total power over, but no accountability to, the people.

One key method to achieve this result is to render as many policemen as possible the Establishment's willing tools. If rogue policemen are not punished for their oppression of the general public, they and others with similar inclinations naturally will be loyal to the Establishment that protects them, not to the people they persecute. Granting immunity from punishment is not just a reward the Establishment bestows for rogue policemen's past misbehavior, however, but also a means of inciting and controlling the perpetrators thereafter. For once rogue policemen have terrorized the citizenry, they find themselves estranged from the community, even despised as enemies, and therefore have nowhere to turn but to the Establishment, their MPD SHOPO etc.

The purpose of separating rogue police from the people and tying them to the Establishment in what amount to criminal conspiracies to suppress civil rights is to exercise extreme social control, engenders fear among the citizenry.

Persecution of those who actually demand their rights coupled with random crack-downs on other, completely innocent people who somehow "step out of line" or simply "talk back" demonstrates that no one is safe, and thereby deters dissent and opposition, let alone active resistance. The very randomness, senselessness, vindictiveness, and limitlessness of these lawless attacks the lack of protection for the citizenry the victims' inability to engage in self-defense (usually mislabeled as "resisting arrest" or "obstructing justice") and the unavailability of timely and meaningful redress in the courts creates socio-political subordination.

What are YOU doing in 2008, to stoop Lingle's Police State of Hawaii?

## Molokai's Forum For Freedom Individual's Sovereignty vs Slavery

by George Peabody ph. 558-8253 email:

"We have staked the whole of all our political institutions upon the capacity of mankind for self-government, upon the capacity of each and all of us to govern ourselves, to control ourselves, to sustain ourselves according to the Ten Commandments of God."—

## New Year 2008: Martial Law?

Martial Law is upon us.

For this new year, My deepest regrets to Americans who are now forced to battle against Lingle's Police State fascism, communism and socialism and losing their lives, fortunes and sacred honor, but our professional politicians such as Linda Lingle/Aiona/Bush et al have imposed a soviet upon the Sovereign People who are now brainwashed to believe that bureaucrats and police are the Sovereigns in Hawaii. Elected and appointed officials pay lip service to the freedom and liberty of the private man but speak only in terms of security for the community or society comprising the oligarchy substituting for and superceding the single CITIZEN who will bear the costs.

Tourism Corporations and Lingle's Police State are wed into fascism: Welcome Visitors to overcrowded amusement park called Hawaii. See the natives. Watch us dance the hula. Clog up our roads. Buy up all the good land. And, please, help yourselves to our beaches! And Lingle's Superferry will bring thousands of foreign visitors to outerislands. Lingle wants to spread the overcrowded population of Oahu residents to Outerislands to access recreational resources that are now so abused, overused, diminished and wasted on Oahu, by allowing the Honolulu hords with their camping gear, boom boxes, guns, surfboards, drugs, and lust to partake of fishing, surfing, hunting, open spaces; and, some of these HSF trekers will be criminals who enter homes and steal property that will be stashed in their cars and trucks for the Superferry trip to Honolulu. Air travel to outerislands made visiting convenient; Superferry makes travel to Outer Islands to be Open SEASON on everything for the Honolulu Hordes.

Development on OuterIslands has been so unrelenting that he anti-Superferry invasion sentiment is widespread among longtime residents.

In August, Kauia Islanders, in the face of U.S. Coast Guard gunboats, formed a floating blockade at the harbor entrance and, after a three-hour standoff, forced the \$85 million ferry to turn back to Honolulu. The protest had turned into a citizen uprising, an Enforcement Action by the The People against criminal conduct of Lingle and Superferry officials and Lingle's Police State agents state and feds.

Martial law is upon us! During a public hearing, protesters blasted the Army for conspiring with Hawaii Superferry. As evidence, they list an article in Pacific Business News published in March 2005. In it, Superferry Board Chair John Lehman says the ship will be used to transport military stryker brigade mini tanks. The primary armament on stryker vehicles is a gun with ammunition made of depleted uranium. Even Lingle's Hawaii Tourism Authority supports it, regardless of the know facts: Hawaii is already contaminated with radio active DU at Schofield, Oahu, and at Pohakuloa Big Island. So, why does the Environmental Impact Statement of the 25th Infantry Transformation to the Stryker Brigade Combat Team published in 2004 states emphatically that depleted uranium munitions were never part of the Army's arsenal.? They lied! Finally, in August 2007 the army admitted these live-fire training ranges are contaminated with hundreds of these spent DU rounds . Superferry is a war support vessel.

Once DU munitions are launched, they become ballistic, catch fire, and on impact they can punch through anything with tremendous force causing trillions of tiny radioactive particles of DU dust to be scattered in the environment.

### Bill of Rights 2nd Amendment: "A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

## Enforce the Bill of Rights !

### Switzerland strips citizens of gun rights

Despite the vehement protests from many of Switzerland's states, the nation's Federal Assembly voted to strip its citizens of gun rights, not by registering or confiscating firearms, but by outlawing the storing of ammunition in the homes of the citizens. Having failed at attempts to take the guns themselves from homes and store them in government facilities, the new law takes aim at ammo rather than the guns. The Swiss are still allowed to possess firearms; they simply will not be allowed to possess the ammunition to use them.

This is the backdoor method of disarming citizens that was tried in Hawaii a couple years ago, and we fought it successfully. But watch the future!

Switzerland's ammo at home ban also applies to the male citizens who make up Switzerland's time-honored citizens' militia. Even they will be required to keep their ammo at approved government facilities. MAKAAALA . Hawaii!!

### Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

## Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

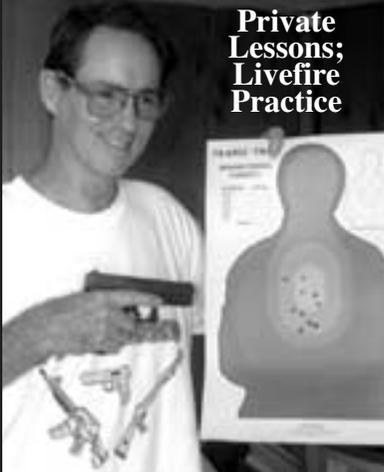

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

**Wake up ! Enforce the Bill of Rights !**

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.

## Modern Hawaiian Culture is Oriented Toward little gods and despots who will deny us our Sovereignty

I have learned that the modern Hawaiian cultural values emanating from the University of Hawaii College of Hawaiian Studies and Kamehameha Schools/Bishop Estate/OHA, orients toward earthly lords such as king, queen, monarch, and pope, state and church, which tends to produce ethnic, or race based reliance upon secular masters instead of free men doing God's will.

A large number of Hawaiian activists now typify an historically oppressive government standard, that man-made little gods, elected, appointed, or by genealogical right, can operate on the principle that THEY can simply make up the law to fit some romantic, historical notions that suit their fancy, and their followers should adore them for it.

Makaala! If Hawaiians think of themselves as helpless and ineffectual according to the UH/KSBE/OHA propaganda, it is certain that Hawaiians will create another despotic government to be their master. The wise despot, therefore, maintains among his Hawaiian subjects a popular sense that they are helpless and diseased, and therefor dependent upon whims of the king/queen.

The Unanimous Declaration of Independence 1776, and the Enforcement Action that was the American Revolution, absolved Americans of such dependencies to the King of England, and instituted government in republican form such that every man is a self governing sovereign and the government he created and defined with the Constitution for the united States of America is his servant.

God Blessed America! But perpetuating these Blessings requires Americans to be self governing according to the Will of God by keeping his servant government bound by the chains of the Constitution. Now, we have almost lost it!

Four score and seven years ago our fathers brought forth a new nation, conceived in Liberty, and dedicated to the proposition that all men are created equal. It is for us in 2008, to be dedicated to the great task remaining before us, that this nation, under God, shall have a new birth of freedom -- and that government of the people, by the people, for the people, shall not perish from the earth.

Eternal vigilance is the price of Liberty. Enforce it in 2008, or lose it.

Ron Paul is the only candidate for President who consistently supports and defends the Constitutional limits on government, for all the Sovereign People, regardless of Race.

America is a REPUBLIC, not a democracy!

It is that form of government in which the administration of affairs is open to all the citizens; signifies the People independent of any form of government.

A republican form of government is one in which we must govern ourselves.

If there is a power to write statutes it is a power held by the PEOPLE and trusted also to the elected legislators.

If there is a power to execute it is a power inherent to the people and trusted also to elected executives.

If there is a judicial power it is vested in the tribunals servd by judges and magistrates who must acknowledge the jurisdiction of the claimant in person.

The POLICE POWER is a sovereign power of the people to govern including all three aspects of administration which is divided by the Constitution for the united States of America that no bureaucracy becomes a Police State in itself as that we are faced with now: the Lingle/Aiona/Bush Police State of Hawaii.

If you were born to have a LEGAL DUTY unto government, then you would NOT be a free sovereign United States Citizen. Rather the government to which you would hold obligatory legal duty, would be your sovereign master.

## Eternal vigilance is the price of Liberty. Enforce it in 2008, or lose it.
