Making Ready for News Years Day 2011

Happy New Year! *Akemashite Omedeto!*

The Guzeiji Soto Mission of Molokai celebrated the Year of the Rabbit 2011 inviting the community to a demonstration of mochi making. Members gathered to prepare for the traditional Japanese mochi pounding on December 29th at the local temple. Traditional Mochi Making implements a stone usu (weighs a ton!) into which the cooked mochi rice is placed and pounded with a wooden mallet were welcomed and used for the first time this year at the Guzeiji Soto Mission. Two mallets and wood steamers for the rice were also donated by the Tadashi Misaki family. Domo Arigato goza-

imshita to the Tadashi Misaki family for the implements and for their kokua.

Other members brought their electric mochi makers to prepare more mochi for the delicious bean and peanut butter stuffing. Everyone enjoyed the adzuki bean or peanut butter or toasted mochi while watching experienced and beginners try their hands at the usu, while Mrs. Akiyama expertly turned the developing mochi dough. Children were invited to color and take pictures of a rabbit pounding mochi, too. Plain mochi cakes are also symbols of good luck placed on home altars and in cars, gardens for good luck and good health.

The Soto Mission wishes everyone a Happy New Year of the Rabbit! Services are held at 10am on the third Sunday of the month with zazen practice at 5pm. [more photos page 4]

Obama's Executive Orders ?

Defendant Obama is named as "de facto president of the United States."

Obama is ready to give you a New Year's "I.O.U.," that YOU, YOUR CHILDREN, AND YOUR GRAND-CHILDREN will be paying for, in perpetuity. Adding to the debt load that he and his allies in Congress have dumped on U. S. taxpayers, Mr. Obama is convinced that the U.S. Constitution is getting too "cumbersome," so he's decided that it's much simpler to "RULE BY DECREE" via "Executive Order." That way, his agenda moves forward without debate or dissension. Executive Orders have no Constitutional authority beyond the employees of the Executive Branch of government.

If you thought that 2010 was a political roller coaster ride, you will be shocked by what The Usurper Barack Hussein Obama has in store for the People of the United States of America in 2011, and what can only be termed as the proposed "Government by Executive Order." It is no less than TREASON.

We need to tell Members of Congress to make a commitment, NOW---in the opening days of the 112th Congress---to hold the White House accountable to the U. S. Constitution! The Obama Administration needs to govern Constitutionally, through laws which are agreed to by recorded votes cast by the States (through the U.S. Senate) and the People (through the House of Representatives), rather than by the "Chief Executive" who legislates unlawfully by Executive Order.

"Executive Orders" are not only ILLEGAL, they are UNCONSTITUTIONAL. Yet, Every President from Abraham Lincoln to Barack Hussein Obama has used what became known as an "Executive Order" in 1907. These Presidential dictates have been used since the New Deal to promulgate a political agenda that was not authorized by Congress---many times only because Congress feared retribution from the voters. What is frightening is that, in those cases, Congress was guilty in this malfeasance because they knew that, if they legislated what the occupant of the Oval Office enacted with an Executive Order, they would have been booted out of office.

I remember when Speaker of the House Newt Gingrich told then-President Bill Clinton that Congress would not obey his "Executive Order" that banned smoking in all government buildings, because, Gingrich said, an Executive Order is nothing more than an interoffice memo from the "boss" of the Executive Branch to his "employees." The "smoking lamp" remained lit in Congress since Executive Orders have no Constitutional authority beyond the employees of the Executive Branch of government.

In addition to the Executive Orders issued by Presidents, we now find "Secretarial Orders" issued by Cabinet officials. Their authorization comes from the White House, which issued an Executive Order creating the right of Cabinet officials to issue their own "Executive Orders," which are used as end-runs around Congress---and the Constitution. Congress---and the American people---must call these bureaucrats "on the carpet" for that. An unConstitutional "order" cannot create a Constitutional edict that overrides Congress.

The Obama Administration, knowing that the 112th Congress will be dominated by Republicans, is creating the precedents that they believe justify their ruling by Executive Order and NOT by duly enacted and lawfully authorized legislation from the Congress of the United States.

This is the ultimate slap in the face of Liberty. If a law can't be enacted by Congress, it certainly can't be legislated by the White House, since the Oval Office lacks the power to enact laws. Barack Hussein Obama's plan to rule by Executive Order will grow like a cancer if it is not stopped. We need to use every weapon in our arsenal to stop this madness before Obama secures this most diabolical plan that Barack Obama has devised to impose draconian regulations on the American people that were never authorized by Congress. Don't wait until someone's Executive or Secretarial Order infringes on your personal Constitutional rights.

Hawaii Governor Neil Abercrombie Promises to Release Obama's BC ?

New Hawaii governor Neil Abercrombie recently said that he intends to produce and release Barack Hussein Obama's long-form, hospital issued, birth certificate from Kapiolani Maternity & Gynecological Hospital. Big Words !

Governor Abercrombie added that he is upset, because several States are now enacting legislation that will force Presidential candidates to document that they were born in the United States to two parents who are United States Citizens before their names can be placed on the ballot for the office of President of the United States. If Obama's long form BC document does not exist, as Barack Obama's spending of \$2 million to obfuscate the efforts of many to get it seems to indicate, it begs the question: what is Governor Abercrombie going to produce? And, will the ink be dry when he does?

Let's get to the point straight-up. Hawaiian Governor Neil Abercrombie is, as he claims to be, a close personal friend of Barack Hussein Obama. Those are is words. Neil Abercrombie is also reported by RedState.com as being a "fellow traveler" (i.e., member) of the Marxist Democratic Socialist of America. And, of course, so was Mr. Obama's mother, Stanley Ann Dunham. According to Governor Abercrombie, he remembered Barack Hussein Obama, Jr. as a child with his parents in Hawaii.

The new Governor of Hawaii, Abercrombie, told the media that: ""What bothers me is that some people who should know better are trying to use this for political reasons. Maybe I'm the only one in the country that could look you right in the eye right now and tell you, 'I was here when that baby was born.'"

Notice that Abercrombie cleverly did NOT say that he saw either the Obamas, or their son, only that he was in Hawaii when Barack Hussein Obama, Jr., was born... somewhere.

However, Abercrombie did say that he remembers seeing Obama, as a child with his parents, at social events. How would Abercrombie know? Check the timeline. Barack Obama, Sr., who was already living in Kenya, went to the United States in 1962 to complete his education at Harvard. He graduated from Harvard in 1963 and returned to Kenya. So, unless Governor Abercrombie was in two places at the same time, in different parts of the globe, he never saw the Obama family at social functions. Is Governor Abercrombie a liar ?

Even though the social progressives accept Neil Abercrombie as a member of the socialist party, the Abercrombie campaign website denies his membership, even though his wife has been listed as a speaker at Democratic Socialist functions. It should be noted that Mr. Abercrombie has said that he was closely linked to Barack Obama for years---but probably not before Mr. Obama gave the keynote address at the 2004 Democratic National Convention.

Acknowledging that Barack Obama, Jr. has not produced a long-form, doctor-witnessed, birth certificate, [although the Kenya Hospital birth certificate for Obama is authenticated and his grandmother states she witnessed Obama's birth at the Kenya Hospital, not in any Hawaii hospital] Neil Abercrombie recently said that he intends to produce and release Mr. Obama's long-form, hospital issued, birth certificate from Kapiolani Maternity & Gynecological Hospital. So, Mr. Abercrombie, show us BHO's real BC !

Since Governor Abercrombie wants to turn a press conference into a media circus, to create the illusion that he is producing Barack Obama's actual, 1961, long-form, hospital-issued, doctor-signed, birth certificate, which Barack Hussein Obama has spent a reported \$2 million dollars burying, We The People of Hawaii and the other 49 States demand that Governor Abercrombie fulfill his promise. It seems obvious that Governor Abercrombie's efforts is really just to convince other States that they don't have to require Presidential candidates to produce documentation to prove that they are eligible candidates.

But, Governor Abercrombie is not a credible politician, given his past. His most important task, he said, is the discrediting of anti-Obama "birthers." It is a "TOP PRIORITY" for this socialist. Mr. Abercrombie, a native of Buffalo, New York, arrived in Hawaii in 1959, to study sociology at the University of Hawaii. As a teaching assistant, he claims to have met, and befriended, Barack Hussein Obama, Sr. Anyone can say anything. But the reality of life is, if you tell a lie enough times, it is ultimately perceived to be the truth. And, when it is, the truth becomes fiction. We need to keep fiction from becoming the truth about the real birthplace of Barack Hussein Obama... and we want to make it impossible for a manufactured, phony, long form birth certificate to be touted, and accepted, as a factual document of birth. The reality is, instead of hiding the truth for three years, Barack Hussein Obama, like every other candidate who has ever run for President, should have produced the documentation that verifies that he was eligible as a Natural Born American Citizen to seek the office of President---instead of spending a reported \$2 million to hide every piece of evidence about his past that would have unraveled the truth.

In light of what is taking place in Hawaii, one must ask the question: is Governor Abercrombie a credible politician, or is he simply a "party politician," doing the bidding of his "close, personal friend of many years?" After all, as the Governor said, discrediting the anti-Obama "birthers" is a "TOP PRIORITY" for his administration. To Hawaiians, the answer is obviously CONMAN.

Remember: there is a reason why Barack Hussein Obama has spent a reported \$2 million to hide his past and to conceal the history of his identity. All that the American people want is the TRUTH, not \$2 million in rhetoric, "spin," and legal "mumbo-jumbo."

The American people have a right to demand the truth, as the 1st Amendment to the Constitution of the United States guarantees us---We, The People---the right to address our grievances to the government of the United States. Thus far, the government has violated the Constitution by refusing to listen to that grievance... and require that Barack Hussein Obama produce the documentation that the United States Constitution requires of him.

Sadly, the federal court system continues to shield the truth.

Bill of Rights 2nd Amendment:
“A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed.”

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"Those who make peaceful change impossible, make violent change inevitable." -- Robert F. Kennedy

Enforce the Bill of Rights !

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

Wants Anti-Gun Rights Procedure !

Make no mistake about it: Procedure is power.

The reason we are not stuck with bans on semi-autos, gun shows and ammunition is because the U.S. Senate is structured so that whatever party is in the minority still retains procedural power to protect the rights of the citizenry against the "tyranny of the majority."

But on January 5, 2011, at the beginning of the new Congress, Senate Democrats are hatching a plan to decimate long-standing Senate rules in order to remove those protections.

The linchpin of the plan would be a ruling by Senate President Joe Biden that the Senate is not a "continuing body" and therefore has NO rules -- other than whatever 53 Democrats and Independents might unilaterally adopt.

At the core of their efforts will be an attempt to abolish the "hold letter" -- at least as it currently exists. Pro-gun senators have used "hold letters" in the past to kill proposed gun show bans, semi-auto bans, ammunition bans, gun licensing requirements, registration lists -- any number of anti-freedom initiatives.

Basically, a hold letter allows a single Senator to slow down movement on unconstitutional legislation, so that it can't be rammed through before the American people can voice their concerns.

Gun banners may also try to reduce the number of senators required to shut off filibusters of anti-gun measures. And they will do this in the expectation that the Second Amendment community has been preoccupied during the holidays and, thus, won't mobilize in time to stop the plan.

Again, procedure is power. The rules that currently exist in the Senate have been designed to slow down unconstitutional legislation -- and this is in keeping with our concept of checks and balances. Thus, not all rules changes are automatically bad, since anything that slows down the galloping herd of gun control is a good thing and should be supported.

To this end, Senator Jim DeMint may offer an amendment to the rules that would prohibit anti-gun legislation from being passed in the Senate, unless two-thirds of all senators vote to consider it. Now that's the kind of rules change that we can support!

ACTION: Contact your two senators, and tell them the following:

First, resist efforts by the anti-gun Left to abolish or amend the Senate rules on January 5 in order to make it more difficult to filibuster anti-gun measures.

Second, oppose any attempt to abolish "hold letters," which have been used by pro-gun senators to kill a number of anti-freedom initiatives.

Third, support the amendment to the Senate rules by Senator Jim DeMint that would prohibit anti-gun legislation from being passed in the Senate, unless two-thirds of all senators vote to consider it.

Get guns! Firearms needed against Congresscrittes to clean up gun laws !

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.
