Annual Salvation Army Bell Ringers

Volunteers from various organizations and individuals have continued the annual day after Thanksgiving tradition of the Salvation Army. Molokai Salvation Army Outpost coordinator Giina Kuahuia and her daughter Kamalani, (pictured at left) appreciate the volunteers and contributions from the community.

Angel Tree gifts (for teens) and Toys for Tots as well as Christmas Baskets for families have also been distributed by the local Salvation Army Outpost during this special giving, sharing, caring season.

Christmas Bird Count Dec. 18

The 107th Audubon Christmas Bird Count (CBC) will take place on Molokai on Monday, December 18, and will begin at 7:30 am at the 4 mile marker in Kawela. A \$5 donation benefits the Audubon Society for count compilation. No age is too young to learn about birds and no experience is necessary. Participants are asked to bring water and snacks for the count period, and a food item for a potluck lunch. Following the count all participants will meet back in Kawela at 1:00 to compile sightings and eat lunch.

The Audubon Christmas Bird Count is an annual nationwide count that takes place in established areas during the same time period in the month of December. The information compiled over time provides a useful tool indicating population trends of bird species. For more info contact the organizer: Arleone Dibben-Young at 553-5992.

Help save our endangered Hawaiian Coots

Donate a Boogieboard for use as an artificial nesting island at the Kaunakakai Wastewater Reclamation Facility.

The endangered Hawaiian coot, the `alae ke`oke`o -sometimes called a mud hen - typically nests on mats of floating vegetation. Downy chicks hatch with orange-red feathers on their heads, which are lost at about three weeks of age. Adults are slate-gray. Most adults have a white bulbous frontal shield and blue legs, small numbers have a red shield with lime-green legs. One in 10,000 has a lemon yellow shield. Current population state-wide is about 1,800 birds.

Give as tax-deductible donation to Nene O Moloka`i. Must be in one piece and still able to float. Call Arleone at 553-5992.

Molokai birds part of Avian Influenza Monitoring Program

Although Avian Influenza (Bird Flu) has not been detected in North America, Hawaii, or other Pacific Islands, researchers have begun to monitor healthy birds as indicators for a possible future presence of this virus. Over the past week biologists captured and banded healthy migratory shorebirds in Molokai wetlands to establish baseline surveillance data: nine Pacific Golden Plover (Kolea), three Ruddy Turnstones (Akekeke), one Wandering Tattler (Ulili) and three Hawaiian Stilt (Aeo). These sentinel birds will play an important role in determining the overall health of Molokai's bird population. Research birds can be recognized by two bands on one leg: a yellow band placed over an aluminum band. Please report sightings of any banded bird to Arleone at 553-5992 or birdresearch@yahoo.com

December 7, 1941: Pearl Harbor was no surprise "Day of infamy"

It is obviously good and proper to respect the U.S. flag and the American Republic for which it stands, that has been perpetuated with the blood of American heroes. On the other hand, it can be a fatal mistake, a nuking of the Bill of Rights, not to recognize and hold accountable the treasonous political leaders both Democrat and Republican who wrap themselves in the same flag to cover up their crimes against the American common people.

Today, 60 years after President Roosevelt's Pearl Harbor deception, we reflect also on America's history of deception and war, Viet Nam, and our current state of war in the middle east; and, we demand to know who benefitted from treasonous prior knowledge of the violence against America on September 11, 2001? The warmongers are the domestic enemies of our Constitution of yesterday, today and tomorrow, and these traitors intend to destroy the American republic by murder, economic manipulations, and illegal wars of terrorism based on fraudulent claims of a foreign threat to America.

WWI, the war that was supposed to end all wars. Fourty years later, President Franklin Delano Roosevelt wanted the Japanese to attack America while concealing his plans from the American people. In the book "Day of Deceit: The Truth about FDR and Pearl Harbor" by Robert B. Stinnett, there can be no denying the awful truth that FDR not only knew the Japanese were going to attack, but official documents prove FDR wanted them to strike America first, and he provoked the attack, and deceived military command to allow the murder of 2403 Americans at Pear Harbor without any warning. They were simply slaughtered on a beautiful Sunday morning to justify war.

Americans were sold a grotesque lie of a "surprise attack on Pearl Harbor". The treasonous American Aristocracy blamed the attack on the Fleet Commanders in Hawaii. The truth is that in December, 1941, just like on September 11, 2001, there was White House prior knowledge of an attack on America; they lied, and we died.

On September 11, 2001, Bush was part of the prior-made plan. There was to be three or more mock attacks. The real attack was to use these scheduled maneuvers, for the same early morning September 11, 2001, to confuse those in the FAA, Norad, and the U.S. Military. The result was a military stand-down. Like Pearl Harbor, 3,000 American lives were thrown away to instigate a war against Afghanistan and Iraq for corporate oil profits.

All the evidence leads to this conclusion: the plot to destroy the American republic is entirely based WITHIN THIS NATION, on American soil, by a few powerful American citizens in positions of control. The Enemy is not Asia or the Middle East. American regimes have created an "enemy", as a straw man, and then sent our armies to fight their "enemy" to consolidate their power, and trashing our Constitution and Bill of Rights. The American Republic has gone down hill since the overthrow, by the American secret political police, of the U.S. government, by way of the murder in 1963 of President John F. Kennedy. Solution: **Enforce the Bill of Rights!**

"We have staked the whole of all our political institutions upon the capacity of mankind for self-government, upon the capacity of each and all of us to govern ourselves, to control ourselves, to sustain ourselves according to the Ten Commandments of God." —James Madison

Bill of Rights 2nd Amendment:

"A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor." (Decl. of Indep.)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

Linda Lingle is Disqualified for Felonies

CHAPTER 831 UNIFORM ACT ON STATUS OF CONVICTED PERSONS

§831-2 Rights lost.

[b] A public office held at the time of conviction is forfeited as of the date of the conviction, if the conviction is in this State, or, if the conviction is in another state or in a federal court, as of the date a certificate of the conviction from the trial court is **filed in the office of the lieutenant governor who shall receive and file it as a public document.** An appeal does not affect the application of this section.

§831-3.1 Public office means an office held by an elected official.....Time of conviction means the day upon which the person was found guilty of the charges by the trier of fact or determined to be guilty by the court.

ALSO, under Section 19-3.5, HRS, any person who knowingly takes an oath prescribed or authorized by law and willfully makes any false statement of fact while under oath therein shall be guilty of voter fraud which is a Class C felony punishable by up to five years imprisonment and/or \$10,000 fine. Lingle knew of her felony.

Under the "Uniform Act on Status of Convicted Persons," a person sentenced for a felony may not become a candidate for or hold public office from the time of the person's sentence until the person's final discharge. A felon must receive final discharge before he/she is eligible to file nomination papers. Lingle not discharged.

Qualifications for Office for State: A candidate running for state elective office with a district residency requirement must be a qualified voter of the district from which he/she seeks election...if applicable, provide final discharge for any felony conviction. Lingle's felonies disqualify her from voting and candidacy.

Objection or challenge of a candidate may be made by the Chief Election Officer, the City/County Clerk, a registered voter such as George Peabody, or an officer of a qualified political party. See Section 12-8, HRS. My objections were made known to Chief Elections officers Yoshina and counsel Steven Chang before 11-7-06

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man. **Wake up ! Enforce the Bill of Rights !**

OHA Investiture PROTEST at Kawaihahao

HUI HO'OPAKELE AINA and friends of Molokai will be holding a protest on Wed. Dec. 6th starting at 9:30am at Kawaihahao Church, at the Investiture Ceremony of OHA.

OHA has signed a resolution supporting the development of La'au Point Molokai. Some two hundred residents of Molokai in September of 2006, demanded OHA drop their support for this development which has tremendous detrimental cultural, environmental and social impacts. They asked that OHA stay at least neutral to be in a position to help negotiate a possible future settlement between the community and the developers.

To date, two months later, OHA has not responded to the Molokai community, after hours and hours of heart wrenching testimony to the OHA TRUSTEES.

OHA has set very bad precedents in supporting bad development without consulting their constituents, and then ignoring them. These actions must be corrected and Molokai deserves better treatment.

The people of Molokai are against the development of La'au Point Molokai. We will try our best to make our voices heard.

The First No Well

Laau POEM by Sarah Sykes

The first no well the people did say,
Was to Molokai Ranch with a resounding "Nay!"
With a resounding "Nay!" for the good of the land,
And the sea and the shore and fishponds at the sand.

No well, No well, No well, No well
What will the Ranch do with no Wai'ola Well? (2004)

They will go hat in hand to the people and smile,
With their knife well-concealed to get water by guile,
To get water not for life, but for money to buy
All the things that don't matter the moment they die.

No well, No well, No well, No well
No water in spite of a pricey soft sell. . . . (2006)

Punalu'u, South Hawai'i: Development Just Like La'au?

For more info on Saving Punalu'u please visit:

<http://actionnetwork.org/ct/D111yN51rm7p/>

Developers from Beverly Hills, California want to build luxury homes for the wealthy in a remote area of South Hawai'i Island that has important cultural significance and is very environmentally sensitive. The Sea Mountain Five Development would turn 430 acres in one of the last undeveloped areas in south Hawai'i into a massive construction zone for twenty years in order to build 1500 luxury homes for the wealthy, develop 2 acres for retail space and include 2 high-end resorts with golf courses. Another gated community that locks locals out of their homeland and destroys our wilderness area forever.

"We hope you will join with us to stop this massive development that will destroy our way of life forever. Punalu'u is one of the last beaches in the state that has not become overshadowed by a huge towering hotel and resort complex. And we want to keep it that way."?-
