Kung Hee Fat Choy!

The Year of the Rat in the Chinese Lunar Calendar was commemorated by Mr. Kenneth Nip and shared at the Molokai Public Library in a colorful display the first week of February for the February 7th New Year's Day.

Instead of wearing his red Chinese shirt, this year, Mr. Nip wore his Year of the Rat shirt, since he was born in the Year of the Rat, more than eighty years ago! The loyal volunteer and former school teacher, Mr. Nip shares his heritage through his annual Chinese New Year display of good luck symbols.

TAX TIME 2008 ? NO!

Federal personal income tax and the Hawaii state personal income tax.

The legislature has no legislative authority over employees except its own; Hawaii's personal income tax laws are inapplicable to employees in private industry, but they be voluntarily paid by any government employee. The only status or privilege over which Congress or the state legislature has lawmaking power is the "the performance of the functions of a public office."

The individuals who have a legal obligation to make and file Hawaii personal income tax returns are members of Congress from Hawaii and inferior federal judges appointed to other than Article III federal courts in Hawaii. They are the only people who must make federal and state income tax returns. **No other persons have a legal duty to make returns.**

FTB is the Franchise Tax Board.

The only people actually made liable for the tax are those acting as federal employers for the individual contractors and employees who receive the income. This can be a very convenient and practical way to collect the tax provided private employers understand that Section 3403 does not apply to them. The Sixteenth Amendment permits an indirect income tax on all sources of income over which Congress has power but it may only tax using the legislative power contained in the rest of the Constitution. The income of individuals who have contracted to work for government is one large source. Another source of taxable income are retail sales in Washington, D. C. and all other federal possessions. These and all other sources of taxable income are to be found in Article I, Section 8 and Article IV, Section 3, Clause 2 of the Constitution.

The blanket imposition of a duty to make a return always creates a direct tax. Neither the federal nor the state personal income tax is a direct tax. Any duty to make returns found in the personal income tax must be limited to those engaged in "the performance of the functions of a public office" the only income producing activity identified in both federal and state tax laws. Thus construed, the personal income tax is lawful and constitutional, but it is only a legal obligation of those individuals whose public offices fall within the scope of the law.

If Congress has control over the source of your income you are subject to the income tax. Congress may impose direct taxes using the power to raise revenue, however, your own state would have to collect this tax from you and Congress has not imposed this kind of tax in over 130 years. **Are YOU being extorted?**

MPD ANIMAL CRUELTY Coverup?!

WAILUKU – An officer with the Maui Police Department was suspended for one day after being cited for negligent cruelty to his dog last June. Suspended for one day, for a FELONY ???!

Under the measure, the felony charge of first-degree cruelty to animals would apply when someone "intentionally or knowingly tortures, mutilates or poisons or causes the torture, mutilation or poisoning of any pet animal, resulting in serious bodily injury or death to the pet animal."

The law defines pet animals as dogs, cats, domesticated rabbits, guinea pigs, domesticated pigs or caged birds that aren't bred for consumption. The crime a Class C felony punishable by up to five years in prison and a \$10,000 fine.

Humane Society's Bouchard said it was important to note that the felony charge would apply only to intentional acts of cruelty, and the judicial system may be better able to track animal cruelty offenders before any violence extends to humans. Which begs the question, should a MPD officer keep his job, gun, clubs, taser, Mace, handcuffs, badge, weapons used against humans, after he is convicted of felony animal cruelty? Why are good cops not taking a public stand against the bad cops in their ranks? Maybe the good cops are not so good? Why are the names not released by MPD? Your name would be made public, right?

The MPD suspension of the unnamed officer was among disciplinary actions resulting from police internal investigations concluded in December 2007.

Medical Marijuana Raids to Stop?

When will Hawaii see the light that the New Northern California US Attorney saw to Era of DEA Raids?

Incoming US Attorney for Northern California Joseph Russoniello held his first press briefing January 31, and during that briefing, he suggested that raiding and prosecuting medical marijuana providers is a waste of resources.

"We could spend a lifetime closing dispensaries and doing other kinds of drugs, enforcement actions, bringing cases and prosecuting people, shoveling sand against the tide. It would be terribly unproductive and probably not an efficient use of precious federal resources," said Russoniello.

Presidential candidates Obama and Clinton say they will halt the DEA raids.

COPs Dump People from Wheelchairs

The Hillsborough Co. Sheriff's deputy is seen on video dumping a man in a wheelchair onto the ground at the police station, in front of other officers who laugh about it. The incident was covered up until the video appeared on YouTube, and now Deputy Charlette Jones has been relieved of her duties without pay pending the outcome of an investigation. She has not officially been terminated.

Chief Deputy Joe Docobo watched the video for the first time last night and said he found himself in "disgust" and was "appalled at every level."

The victim of this unprovoked assault and battery is Brian Sterner who broke his neck almost 14 years ago and is a quadriplegic. He says a deputy looked at him and didn't believe he was a quadriplegic. She walked behind him, took the handles on the back of the hospital-grade wheel chair and dumped it forward.

Then, while he was on the floor, deputies frisked him and tried to get him back into the chair. The video show it all in real time, and other officers laugh. The major who runs the jail said no written report was made, it was no big deal.

IT CAN'T HAPPEN IN HAWAII !! ?? WRONG !

It already did, according to a report in the Molokai Times. Wheelchair-bound Adrian White of Kaunakakai told reporters that on evening of January 30, 2008, he was sitting in his vehicle with his wheelchair behind him enjoying the ocean view at the Wharf when police officer Salealii and Sgt. Acosta approached his vehicle, ordered him out without any reason. He reportedly told them his wheelchair is in the back, but the cops yanked him out and dropped him to the ground, and Tasered him four times.

White reportedly suffered some bruises and Taser shocks, and his medical marijuana pipe fell out of his pocket. Police charged him with harassment, consumption of liquor, resisting arrest, and promotion of detrimental drugs, according to the Times' report.

White's grandmother says those police don't deserve to wear the uniform.

I think she means they should be fired and prosecuted.

Meantime, We The People must all pay careful attention to how the "government" gang as a whole behaves, publicly condemning such fascist behavior or cover up; and be afraid, be VERY AFRAID of police contacts. Even if you call for police assistance or for emergency 911, they can turn against you by mistake or design. If one of their thugs decides to do a little power-trip on YOU, whose side do you think the "good cops" are going to take? Don't expect their PR about "protect and serve" to take precedence over their gang mentality to protect each other. Defend against abuse by cops; go public with true reports of misconduct by cops; prosecute bad cops their lead chief Tom Phillips' crimes !

New CD Release

Eddie Kamae and the Sons of Hawaii

YESTERDAY & TODAY

"Legendary award-winning musician and filmmaker, Eddie Kamae is an icon for traditional Hawaiian music, both past and present. YESTERDAY AND TODAY includes his first recording of new material in over 25 years, reaffirming his stature with six arrangements heard hereon disc for the first time. They are paired with six remastered Sons of Hawaii classics. 'Yesterday' means the 1970s, when Rev. Dennis Kamakahi, Joe Marshall, David "Feet" Rogers, and Moe Keale were with the band. they were releasing an album every year, each album introducing one or two of the original songs that would place Kamakahi among Hawaii's most honored contemporary composers.

'Today' means the personnel Eddie Kamae has gathered around him in recent years -- Mike Kaawa on rhythm guitar, Ocean Kaowili on bass, Paul Kim on steel, and Analu Aina.

But 'Yesterday' means much more than three decades past. For Eddie Kamae it also refers to what he calls the 'old time,' ad to the long tradition that has shaped Hawaiian music. It means songs by Queen Lili'uokalani and King David Kalakaua. It means the poetic legacy that gave us hula mele and coded love songs and name songs and place songs by forgotten composers from the farthest shores of the outer islands. In his world it is all connected. The 19th century flows into the 20th and th 21st.

One era flows into another, just as one sound can reveal and complement the other. Eddie's voice is a good example. On this CD you can hear how it has changed through the years, deeper now, a well aged voice and yet in some ways it hasn't changed at all, still resonant with echoes of the chant and ancient genealogies.

After twenty-seven years, nine films, and numerous awards, Eddie has gone back into the sound studio with anew band of gifted performers to bring us the first of a series of CDs under the ongoing title, YESTERDAY AND TODAY. Showcasing his tastes and musical loyalties, these twelve songs provide a past-to-present portrait of a band, a sound, a legend."

-- Excerpts from liner notes by James D. Houston, Author of HAWAIIAN SON and BIRD OF ANOTHER HEAVEN

To learn more about the songs and their backgrounds, to fully appreciate the richness of EDDIE KAMAE AND THE SONS OF HAWAII YESTERDAY AND TODAY, buy, listen to the CD, exclusively distributed by Mountain Apple Company.

Molokai's Forum For Freedom Individual's Sovereignty vs Slavery

by George Peabody ph. 558-8253 email:
 "We have staked the whole of all our political institutions upon the capacity of mankind for self-government, upon the capacity of each and all of us to govern ourselves, to control ourselves, to sustain ourselves according to the Ten Commandments of God."—

Bill of Rights 2nd Amendment:
“A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed.”
Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."
 (Unanimous Declaration of Independence)
 If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"The people cannot delegate to government the power to do anything which would be unlawful for them to do themselves."- John Locke
 "Those who make peaceful change impossible, make violent change inevitable." -- Robert F. Kennedy

"Rebellion against tyrants is obedience to God." T.J.
Enforce the Bill of Rights !

ARE YOU SOVEREIGN, Informed?

An INFORMED populace is the hallmark of a FREE society. The concept of the Unanimous Declaration of Independence is at the very beginning of all law for government, and ALL members of government want you to forget. Why? It insures your freedom. All future law is based on what is ORIGINAL, beginning with the words, " We hold these truths to be self-evident..."
 The concepts of LEGAL DUTY and your status as a free and sovereign United States Citizen are generally ignored today by government agents in high public offices such as governor, judge, legislator, police officer. Its important to know the terminology of freedom to be able to enforce your rights and remain superior to government agents who have a legal duty to you. But you are Sovereign, and the government wants you to forget it. Government wants you to think that you have a LEGAL DUTY unto its agents, and they pressure you to volunteer to it. **MAKAALA , Hawaii!!**

BLUE Gang Mentality Fascists

The motto of Hawaii has been "Ua Mau Ke Ea O Ka `Aina I Ka Pono" which translates to "The Life/Sovereignty of the Land is Perpetuated in Righteousness".
 So, why must we now fear the cops? We hire police officers to assist us in enforcement of laws against crimes such as theft, property damage, misuse of force including murder. But too often now we see abuses of authority and misuse of force by our hired servants acting like a well dressed and armed gang that routinely intimidates, harasses, terrorizes, extorts, assaults, and imprisons people who have committed neither used force nor fraud against anyone; then, cops cover it up if at all possible saying it is the way they are trained to act. If they are exposed with video, e.g., recent assaults by cops on people in wheelchairs on the mainland and on Molokai, they might get their PR people to make apology press.

But, there's a big difference between someone being sorry because he did something wrong, and someone being sorry that he got CAUGHT. So my question for today is, when "law enforcement" punishes one of their own who acted as criminal fascists against American Citizens, is it because they're actually AGAINST police misconduct, or just because they're trying to save face?

Examples: for 15 months after the Nazis in Stark County, Ohio, forcibly restrained and stripped an innocent woman as she screamed for them to stop, there was NO remorse from the fascists involved, or from the department as a whole, until the abuse drew huge public attention. Then suddenly the Sheriff asked the Ohio DA to investigate the case. The same is true of the gang of fascists who shot rubber bullets at the lady holding the "fear totalitarianism" sign at a protest. How do I know that? Because of the fascists' own video of their debriefing meeting afterwards, where they all cheered and laughed about having shot her causing painful injuries. They sure didn't look sorry about it.

The sheriff's deputy who dumped a quadriplegic from his wheelchair, in full view of the security cameras. Clearly this was a criminal fascist assault and battery. After the video appeared on YouTube, the head of that department quickly apologized profusely, saying he doesn't want the public thinking this is normal or acceptable behavior among his officers. Should I believe him? No, because the OTHER fascists standing right there as it happened just laughed, no reports. They don't even flinch. Just another day at the office.

Ok, I know that sometimes force, even deadly force, is necessary and justified. When I hear that a cop beat someone, or shot someone, I don't immediately condemn him. I ask, "Why?" If he had to use violence to protect someone innocent, that's good, just as it would be if I used force against a criminal.

But these cops recently exposed seem to DELIGHT in it. Good people don't like inflicting pain on others, even when it's necessary; and good cops would arrest a fellow cop on the spot for such behavior. Where is their outrage, now?

Today, some cops will forcibly drag you from your car, and then arrest YOU for "resisting arrest," "obstruction of justice," and "assaulting" a police officer.

Sure, there are lots of good cops, I know some of them. But I worry about them too because, I never heard THEIR outrage about such fascist criminality. Why isn't MPD chief Thomas Phillips impeached from office and prosecuted for such crimes as misprison ? If you're in a gang that routinely intimidates, harasses, terrorizes, extorts, assaults, and imprisons people who have committed neither force nor fraud, don't tell me that you're really a good guy. You aren't. If you want to prove that you give a damn about the law and justice, air the dirty laundry and clean your own house to earn public confidence and support. Justice is coming.

Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!
 Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.

“Just Because” Day at Kilohana School

Mrs. Dudoit and Mrs. Pawn-Kalilikane set a beautiful table for their “Buddies to celebrate “Just Because Lunch Day.

Just around the corner, Kupuna Kulia Kapuni joined Auntie Louise Miguel’s lunch bunch in the PCNC office.

“JUST BECAUSE” Day at Kilohana School

For the new year, and following the regular “Buddy Day,” the Parent Involvement Committee at Kilohana School decided to follow Buddy Day with a “Just Because” LUNCH. According to PCNC Facilitator, Louise Miguel, the special event included all the staff enjoying lunch with their Buddies. Though they gather to read and enjoy books at regular Buddy Day celebrations, some of the staff who have lunch duty don’t get to sit and eat with their Buddies, “Just Because” lunch time gave everyone to enjoy lunch with their regular buddies and with invited community members including volunteers and after school staff.

Everyone enjoyed the Creole macaroni, green salad and fruit wedges prepared by cafeteria manager Auntie Marie Place and Auntie Betty Kalipi. Even cafeteria helpers Journey and Rainbow got to enjoy lunch with their Buddies after they served up the milk, since clean up duty was done for them that day by Uncle Richard Sawyer.

Ohana Council’s Auntie Gwen Perreira explained that she enjoyed having lunch, with her Buddies, then going out to playground duty. She also expressed the hope that through the Buddy relationships of sharing and caring would follow student to middle school and high school. That students would seek out a Buddy in an older student or a teacher or school staff person to share and support or seek support. Some of the lunch groups were treated to special activities by their Adult Buddies. Mrs. Gonzales and Mrs. Henderson led a spirited Bingo session, Mrs. Hart made Valentine roses with her group after lunch. Teachers hosted lunch in the classrooms with their buddies, most with students from other grade levels.

The Kilohana Ohana is a caring, sharing, creative learning community with consistent regular events that welcome families to participate. “Buddy Days” and “Just Because Days” continue through the school year!

Hydrogen Peroxide Cures Skin Cancer on Foot

report and photos by George Peabody for The MAN

When the Molokai patient was diagnosed a fast growing benign skin cancer of the foot that impaired wearing shoes and walking, surgery was ordered. But a trip to Honolulu for surgery was expensive and a big hassle. A friend said that H2O2 aka Hydrogen Peroxide has been known to kill the cancer without surgery.

After twice daily applications of H2O2 @38% for about two months, lots of foaming and some pain from the dieing cancer, the cancer was dead and gone, and barely any scar remained on the foot. No surgery, just H2O2.

The photos below show the sequence of the treatment and final cure result.
