## St. Sophia Church Burns in Mysterious Kaunakakai Fire

Last week Wednesday night, a blaze that gutted Saint Sophia Church in Kaunakakai light up the night sky and left the Catholic church in ruins.

Maui County fire investigators were on the scene in the morning and had not released a cause of the blaze or a damage estimate, said Battalion Chief James Kino, who is on Maui. [photo by S. Peabody for The MAN]

"Over the phone, they said the structure is still standing, but the whole inside was gutted," Kino said. Firefighters got the call at 10:40 p.m. and had the blaze under control by 11:15 p.m., Kino said.

Saint Sophia is the largest of four Catholic churches on Molokai's "topside" — which is all the island excluding the Kalaupapa Peninsula, said Patrick Downes, spokesman for the Diocese of Honolulu. [The church was built in 1937 and although old is not considered a historic structure.] "It's an old parish church like many we have in the Islands," Downes said.

The Blessed Damien Catholic Parish had planned to tear down the church to make way for a new, larger church later this year.

Downes said he doesn't know the value of the church's contents, but that the relic of St. Damien that toured Hawaii after his canonization is safe at the Cathedral of Our Lady of Peace in Honolulu.

As an early St. Valentine's Day celebration, the Getting to Know You day was organized by Board member Kehau Pule with lots of support from "everybody." On everyone's minds and hearts was the recent St. Sophia Church fire. Sunday Mass would be held at the Oceanside Property, --r community working together The Good Times of February 13, Saturday to continue into Sunday.

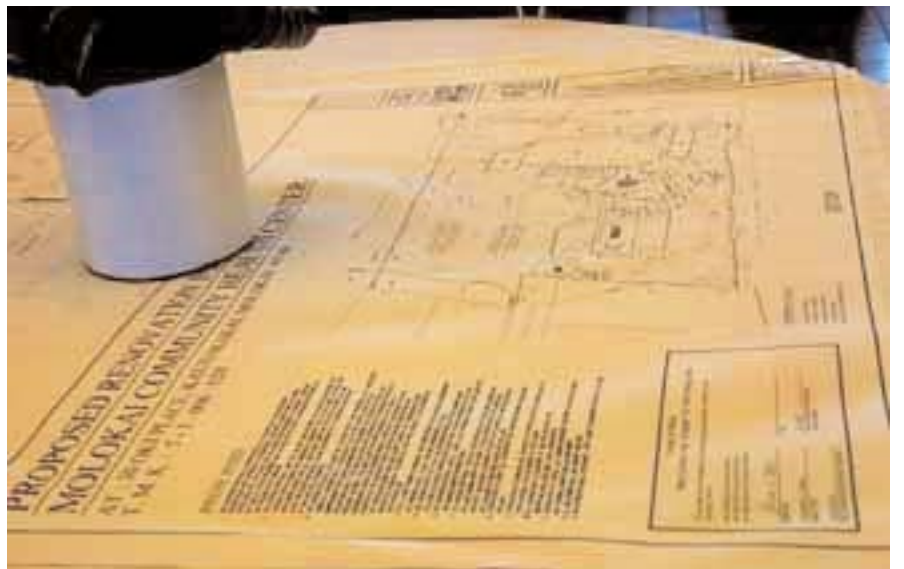

## "A Day of Getting to Know You" at MOHWC

The Molokai Community Health Center and its community partners have big plans for the old "Pau Hana Inn" property. For now, the refurbished buildings and grounds are being called the Molokai Oceanside Health & Wellness Center.

Medical, Dental, Family Support, Behavioral Health services and staffs with support from the Center's Board of Trustees with Executive Director Desiree Pule welcomed hundreds of residents to the facility on Saturday, Feb. 13.

There was free food, great home-grown entertainment and a chance to look at the drawings, tour the grounds. There was opportunity to get to know some of the partners, Accupunturist and Chiropractor as well as Na Pu'uwai /WIC.

**Obama on Trial May 14:  
Charged with FRAUD and  
Conspiracy with Columbia U.**

Dr. James Manning has made the charge that Columbia University issued a degree to Barack Obama when in fact he never attended that college. The ramifications of this matter are overwhelming. If proven true, the fact that Obama conspired with Columbia to manufacture a fraudulent past would be labeled as "the crime of the century."

On May 14th, the Atlah Ministries in Harlem, New York will sponsor an event that can literally change history. This time, "we the people" will put Columbia University on trial for conspiring with Obama to defraud America.

The trial will be broadcast live. Updates to follow in The MAN

## Molokai's Forum For Freedom

## Zero Tolerance Gun Law = War on Children School Officials Over React About Two-Inch LEGO Toy Gun Gets 4th-Grader in Trouble

STATEN ISLAND, NY 4th grade student Patrick Timoney brought a gun to school Tuesday and nearly got suspended for it. Sounds reasonable until you see the gun – a two-inch LEGO toy gun.

9-year-old Patrick, a fourth grader at PS 52 in Staten Island, N.Y., says he brought some of his LEGOs to school to show his friends during lunch but when the principal saw that one of those toys was a gun she pulled him out of class and called his parents.

A spokesman for the city's Department of Education says that the principal, Evelyn Matroinni, was just following the "no tolerance" policy of not allowing any weapons on campus.

Timoney's mother, Laura Timoney, thinks the school overreacted.

"This isn't a safety issue," she said. "This is a judgment issue. I mean, what's the worst that could happen? It could poke you in the eye?"

Laura Timoney said Patrick was in tears when she got to the school and even asked to stay home from school Wednesday because he was afraid the principal was mad at him.

The toy gun goes with a policeman figure and is his favorite because his father, Pat Timoney, is a retired police officer.

A republican form of government is guaranteed by the federal Constitution for the united States of America, to each of the States of the united States of America. This unique government in republican form is the only one in the world in which we must govern ourselves and protect ourselves because there is a time when the operation of the "machine" becomes so odious, makes you so sick at heart, that you can't take part in it any more; you can't even passively take part, and you've got to put your bodies upon the gears and upon the wheels, upon the levers, upon all the apparatus, and you've got to make it stop. And you've got to indicate to the people who run it, to the people who own it, that unless you're free, the machine will be prevented from working at all !

A republican form of government is one in which we govern ourselves and protect ourselves by binding our public servants with the chains of the Constitution for the United States of America, and keeping our guns loaded and ready to resist Tyrants who think they are our Masters.

**Bill of Rights 2nd Amendment:**  
"A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"The people cannot delegate to government the power to do anything which would be unlawful for them to do themselves."- John Locke

"Those who make peaceful change impossible, make violent change inevitable." -- Robert F. Kennedy

"Rebellion against tyrants is obedience to God." T.J.

## Enforce the Bill of Rights !

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

## Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

## Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

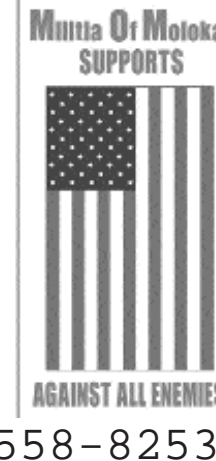

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

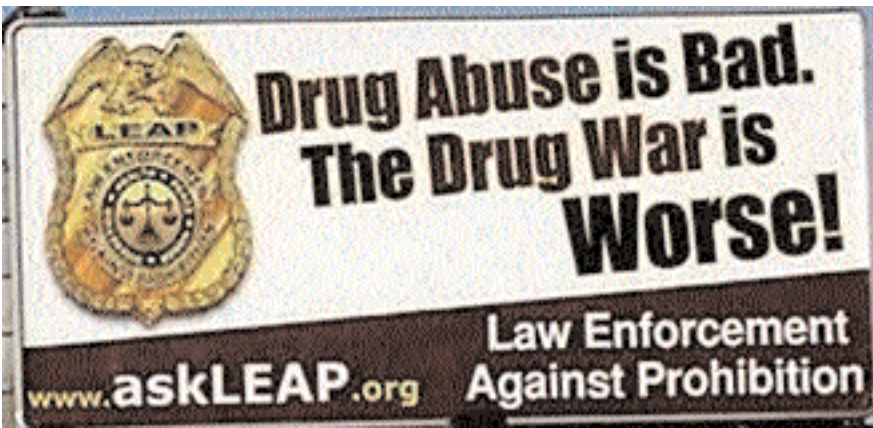

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

**Wake up ! Enforce the Bill of Rights !**

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.

## Molokai High School News Brown Bags to Stardom Winners

Cheers to Na Kamali'i Wahine o Molokai for placing 2nd in the dance competition and a big congratulations to Pa'akai for bringing home the gold! They placed 1st in the Brown Bags to Stardom Band competition!

### 51st Annual Maui Schools Science and Engineering Fair

CONGRATULATIONS to Moriah Jenkins for Life on Mars and Michael Kikukawa and Mike Onofrio for Kiawe Ash Effect. They will represent Molokai High at the State Science Fair on Oahu. The science department would like to also thank their chaperones Rita Kalahiki and Ric Ornellas.

### Molokai High School Community Council Meeting

The next Molokai High School Community Council meeting will be held on Wednesday, March 3, 2010 at 3:15 pm in the Molokai High School Library. Public is welcome. Contact Julia De George at 567-6950 regarding any questions.

### Foodland's Shop for Higher Education for MHS

Foodland's Shop for Higher Education will award (100) \$2,000 college scholarships to deserving high school seniors across the state. During February and March each year, Maika'i members can help support our college bound seniors by designating Molokai High school at any Foodland or Sack N Save statewide. By designating your Maika'i points to Molokai high school, you'll help them earn more points towards receiving scholarships as well as rewards for you. The more points a school earns, the more scholarships it will receive. Shop for Higher Education will begin on Wednesday, February 10, 2010 and end on Tuesday, March 23, 2010. Please support Molokai High School to help earn scholarships.

### Senior Project

Aloha Parents and Community.

Senior project is well underway. Students should have submitted their research papers and begin implementing their action plans. Please check with your child to ensure that they have turned in their research papers and help to support them with their action plan process. Listed below are important senior project due dates. Please remind students to turn in their work and meet the deadlines. Please remind them to do their weekly learning journals and meeting logs as well. Thank you for your time and support,

Paula Friel and Karen Harada  
Senior Project Coordinators

Juniors	Seniors
2-4 thesis research paper due	paper revision due
3-4 culminating action plan due	
4/5 - 16 presentation of exhibitions; completed portfolios	
4-8 typed research paper due with revised letter or intent	
4-15 ohana night practice outline, resources, draft and portfolio	
4-22 senior project ohana night

## Protesting Torture and CIA on Campus at UH

Protest at the University of HI Challenges Police State "Intelligence" Community Centers of Academic Excellence & CIA Campus Recruitment

By Ann Wright

Hawaii activists protested on February 10, 2010, the University of Hawaii's participation with U.S. intelligence agencies in a symposium on national security and called on students and faculty to remember the criminal track record of these agencies in torture, assassination, kidnapping and illegal prisons.

Protesters called on the University administration to reject any request by the federal government to create a National Intelligence Center of Academic Excellence (ICCAE, pronounced "icky") at the University of Hawaii.

Government intelligence agencies, including the CIA, FBI, National Security Agency, Defense Intelligence Agency, and Homeland Security, have created [1] in the past four years twenty-two Intelligence Community Centers for Academic Excellence on university campuses to provide "systematic long-term programs at universities and colleges to recruit and hire eligible talent for [intelligence community] agencies and components" and to "increase the [intelligence recruiting] pipeline of students."

However, not only do the centers recruit, but they seem to provide a launching pad for undercover operations for those associated with the university centers. Stan Dei, the Assistant Director at the Intelligence Community Center for Academic Excellence at Trinity University in Washington, DC, was arrested in January, 2010 with three others for plotting to tamper with the telephone system in the New Orleans office of U.S. Senator from Louisiana Mary Landrieu.

According to an article on Raw Story titled "Landrieu phone plot: Men arrested have links to intelligence community," Dai also was an undergraduate fellow at the Foundation for the Defense of the Democracies (FDD), a national security think tank in Washington, DC with conservative political figures and politicians, among them: former House speaker Newt Gingrich, Sen. Joe Lieberman, editor William Kristol, Rep. Eric Cantor, former Bush official Richard Perle and columnist Charles Krauthammer on its advisory board.

The two day symposium on national security at the University of Hawaii is billed as a "discussion on the role of language and contemporary issues in Asia and in U.S. security issues with networking sessions for students to interact with Intelligence Community personnel and meet with potential employers."

FOOD and GIFTS for Attendance at the conference was increased by providing students with breakfast and lunch each day and a gift card.

Asian and Pacific heritage students are the predominant groups at the University of Hawaii and undoubted the reason for the visit by Dr. Lenora Gant, the Director of all of the Intelligence Community Centers of Excellence. The symposium is co-hosted by the School of Pacific and Asian Studies with faculty members from the East-West Center, which is funded by the U.S. Department of State, and other University of Hawaii faculty members making presentations on language, cultural awareness and cyber challenges in national security along with presentations on "The 21st Century Intelligence Community Enterprise: Challenges and Opportunities" by CIA and other intelligence officials.

GRANT MONEY \$\$: ICCAEs provide grants to universities to begin a "partnership between the Intelligence Community, colleges and universities to incorporate curriculum and related initiatives. The focus of this effort is to increase the pipeline of competitive applicants to attract, recruit and hire with an emphasis on women and racial/ethnic minorities with critical skills in core business and leadership areas."

Once the Intelligence Centers are established on a campus, they use federal funds to provide a cash-strapped university with attractive facilities. At Norfolk State University, a new Video Teleconferencing Training Center was funded through grants from the Office of the Director for National Intelligence (ODNI) and Department of Education.

Outside the School of Korean Studies, the location for the symposium, long-time Hawaii activist Carolyn Hadfield, a coordinator for World Can't Wait and staff member of Revolution Bookstore, reminded students and faculty going into the building that the CIA and other intelligence agencies had asked their employees to commit illegal actions on behalf of the presidential administrations -- crimes of torture, assassination, kidnapping (extraordinary rendition), secret prisons and illegal eavesdropping and wiretapping.

**Did they want to be employed by organizations that participate in these criminal actions?**

Hadfield also reminded University of Hawaii Chancellor Virginia Hinshaw as she emerged from the conference hall, of the to keep the University system out of the unpopular, but financially lucrative for the university, Department of Defense classified research business University Affiliated Research Center (UARC). Hadfield told the University Chancellor that should they be considering bringing an Intelligence Community Center of Excellence to University of Hawaii, the university administration would face another battle.

About the Author: Ann Wright is a retired US Army Reserve Colonel and a former U.S. diplomat who resigned in March, 2003 in opposition to the war on Iraq. She served in as a US diplomat in Nicaragua, Grenada, Somalia, Uzbekistan, Kyrgyzstan, Sierra Leone, Micronesia, Afghanistan and Mongolia. She is the co-author of "Dissent: Voices of Conscience." Wright has been arrested numerous times for her peaceful, non-violent protests against the wars in Iraq and Afghanistan, torture and other criminal actions by the agents of the United States.

## Save AKAKU-TV, AGAIN

Not only are there several bills in the Hawaii Legislature this session that would restrict the sunshine laws, but it seems the attack on public access television continues unabated with a bill that will shred the funding for public access.

Last month the City and County of Honolulu approved a franchise agreement with Oceanic Cable that reportedly will result in service cuts:

It was reported on Friday the 29th of January, in the Pacific Business News, that the new franchise agreement between the The City and County of Honolulu and Oceanic Time Warner Cable "will force more service cuts" for Ololo. Ololo is Oahu's public access service provider. The new Oceanic Time Warner Franchise contract will force more service cuts for Ololo.

At the state level, if HB2902 passes into law, the public's access to TV channels and facilities for making programs to present will be shredded. The state will be diverting 2/3 into the government sector. Bye Bye AKAKU.

Here is part of a statement circulated by long-time defender of public access TV and CEO of Akaku: Maui Community Television, Jay April:

Splitting the PEG [Public, Education, Government] money will effectively destroy successful PEG access on the neighbor islands by diverting 2/3 funds to the state sector which cannot and does not operate with the same mission: "Empowering our Community's Voice through Access to Media" The emphasis in the current model is on OUR COMMUNITY as in Community Access.

Conspiracy theorists may wonder if this is some insidious plot to reduce the public's access to information while corporations run wild with unlimited "free speech" thanks to the Supreme Court. Ok, I wonder that myself.

## Legislature Considering A Great bill: Getting government records cheaply, needs YOUR testimony in support

by Larry Geller

HB2231 - Clarifies cost of reproducing government records from not less than five cents per page to not more than ten cents per page. Contrast that with the \$1 per page MPD charges for copy of public records !

What a great bill for improving transparency. Prevent state agencies like MPD and courts from soaking people who request records from them. This limits what they can charge per page to one thin dime.

I just found out about this one today (Tuesday). It's not a very sexy bill, so no one is out there sign waving about it. If you would dash off some testimony, it would be really great! It's easier than ever to do this session.

Just go to <http://capitol.hawaii.gov/emailtestimony/> this page, put in the bill number, HB2231, and you can send your testimony right from the web page (write something first—make sure to say you support HB2231).

The bill is being heard Wednesday at 2 p.m., and since you're probably reading this on Wednesday, please send something right away, no matter how short. The bill gets only this one hearing in the House, so each testimony is important. Too little and it won't pass, so please send something. And thanks! (you'll be saving a lot when you request and have to pay for government records!)
