## Judge Rules Obama Can Be on Ballot in Georgia Orly Taitz files Appeal

Ainokea

see <http://www.OrlyTaitz.com>

The Defendant Barack Hussein Obama II aka Barry Soetoro refused to appear for court as ordered, nevertheless, judge Malihi was paid a docket fee and permitted by the attorneys to act as a magistrate to arbitrarily decide the facts. Guess what? Judge Malihi took the opportunity to rewrite the record to favor the Defendant Obama in this case where Obama was ORDERED to appear in court to defend against charges that he is not Constitutionally qualified to hold Office of President. Refused to appear.

Obama refused to appear, but the judge ruled in his favor? WTF !?

The truth is and facts prove that Obama can NOT qualify for POTUS, because his father was a citizen of Kenya, as a subject of the United Kingdom, at Obama's birth, therefore, Barry Soetoro is not a Natural Born US Citizen.

Even the judge admitted that the plaintiffs had a successful default judgment until they granted the judge jurisdiction (and discretion to try the case: "Ordinarily, the Court would enter a default order against a party that fails to participate in any state of a proceeding...Nonetheless, despite the defendant's failure to appear, Plaintiffs asked this Court to decide the case on the merits of their arguments and evidence. The Court granted Plaintiffs' request."

Thus having the consent of the attorneys and given impunity for bias and prejudice judge Michael M. Malihi may have wanted to teach everyone that it is a bad idea to trust a judge, and he proceeded to emasculate, excoriate and eviscerate all the evidence and records presented at trial, and to advocate for Obama. Malihi also chose to embellish his decision with references to the common law of the British Kingdom which are and have been inappropriate here since 1776 and wholly inane since the ratification of the Constitution for the United States of America the Supreme Law of the Land.

At the court hearing in Georgia January 26, attorney Orly Taitz presented the following evidence to prove Obama is a fraud, usurper, social security I.D. criminal, birth certificate forgery fraud, etc:

1. affidavit and testimony of Chris Strunk in regards to Obama's use of last name Soebarkah
2. affidavit and testimony by Linda Jordan, that Obama's Social security number 042-68-4425 used by Obama, does not pass e-verify
3. affidavit and testimony by licensed detective Susan Daniels, showing that SSN used by Obama, was issued to another individual, who was born in 1890.
4. affidavit and testimony by Felicito Papa, Information Technology expert, who showed that Obama's alleged birth certificate on line, is a computer generated forgery. Also, evidence that on Obama's tax returns in 2009 he used the same SSN 042-68-4425, which was never assigned to him
5. affidavit and testimony by scanning and typesetting expert, Douglas Vogt, that Obama's alleged Hawaii birth certificate on line is a computer generated forgery and not a scan of a single document
6. affidavit and testimony of retired deportation officer John Sampson, testifying to evidence of fraud in Obama's birth certificate and social security number, as well as evidence, that Obama possibly immigrated to US together with his stepfather Lolo Soetoro. Mr. Sampson testified, that in cases like this he would seek a warrant for an arrest and deportation.
7. Obama's law license application evidenced perjury and fraud and hiding his prior last names Soetoro and Soebarkah. I testified, that after I complained to IL bar, Obama changed his record from inactive to not eligible to practice law. When I filed a complaint with the IL bar, Obama chose to forfeit his law license in order to hide his identity.

Orly Taitz summarized thus: When I served Obama with a subpoena to appear in court and provide certified copies of his long form Hawaii birth certificate, application for the Social Security card, immigration and naturalization records, Obama chose not to appear in court...he did it to hide his identity under the last names Soetoro and Soebarkah and hide evidence of Social Security fraud and forgery, she concluded. She is the only attorney to file an Appeal in this case.

[Editor's Note: There is no doubt that Obama senior was an African savage at UH who raped and impregnated an underage American girl. Additionally, since polygamy is frowned upon in the United States of America, then Obama's parents were never married and never subject to the jurisdiction of the United States laws on the matter. Apparently the Usurper in Chief is an illegal alien who should be deported poste haste all the way to GITMO for TREASON]

## Molokai Boy II Boat and three Others Beached on Maui

The 30-foot fishing boat Molokai Boy II was the victim of high winds when it was blown off its mooring last night and came to rest on a reef in waters fronting the Canoe's Restaurant in Lahaina.

When fire and jet ski crews arrived on scene at 11:01 a.m., the Molokai Boy II vessel had settled on the reef at the north end of Front Street. No one was on board at the time of the incident.

A 45-foot catamaran was left stuck on the beach near Pu'u Keka'a (Black Rock), secured by an anchor, after it drifted ashore. Officials say the Aikane lost power while being moved to Mala Wharf, and drifted ashore this morning near the Sheraton Hotel. The boat was too large to be towed off the beach.

Responding to the scene were personnel from the US Coast Guard, a Jet Ski, and fire crews from Engine 11 out of Napili.

A fire was contained to the engine of the 60 feet long trawler Pacific Maid when it hit the rocks, and the fire was extinguished by 10:30 a.m., said Maui Fire Services Chief Lee Mainaga. Ladder and tanker crews from the Lahaina Station, along with a Jet Ski and Coast Guard personnel responded to assist.

And, Little Lady, a 29-foot recreational sailing vessel was reported grounded south of Lahaina Monday on morning. The Coast Guard's search for the owner, Randy Perez, was suspended today after he was located safely ashore. Coast Guardsmen in Sector Honolulu were able to contact a friend of the owner, who reported Perez was not in distress.

A coast guard and marine safety team arrived on the scene this morning to assess the condition of the boat. Pacific Environmental Corporation has been hired to assess and remove any quantity of hazardous material found aboard.

Back on Feb. 4, MFD Reported boat in distress off of Ilio Point, with no power. RB-4 responded to a 17' foot Alii Kai with 3 male parties on board. RB-4 made contact with the disabled boat at 1327 hours, secured the vessel, and waited till USCG arrived at 1412 hours, at which time they took over the scene and towed the boat back to Oahu.

Strong southerly and westerly winds are expected to diminish today, replaced by a cold front with strong northerly winds for a couple days.

BACK on LAND: Residents of Kahalemua Housing Complex were evacuated due to a propane leak. Supply line was ruptured due to an owner of one unit weeding that hit the gas line with a machete. E-9 provided vapor suppression with a hose line, then turned off the main valve on the 2,000 gallon propane tank. The representative of the Gas Company arrived and by 1257 hours had the supply line repaired. Residents were allowed to return as soon as it was determined safe.

## Obama Starts War with Iran

Washington has made tremendous preparations for a military assault on Iran. There is speculation that Washington has called off its two longest running wars--Iraq and Afghanistan--in order to deploy forces against Iran. Two of Washington's fleets have been assigned to the Persian Gulf along with NATO warships. Missiles have been spread amongst Washington's Oil Emirate and Middle Eastern puppet states. US troops have been deployed in Israel and Kuwait.

## Hawaii Legislature 2012: SB 2625 Stop Safety Checks

Abolishes requirement motor vehicles obtain annual inspection.

TESTIMONY: YES! We have suffered needlessly under the inspection scam for about 45 years, and it is way past time to TERMINATE the INSPECTION scam. Mahalos, George Peabody editor for Molokai Advertiser-News online since 1984 weekly <http://www.MolokaiAdvertiserNews.com>

## Pakalolo Penalty to be REDUCED

In March 2011, Senate Bill 1460 passed, which would reduce the penalty for possession of less than an ounce to a civil fine capped at \$100. The current law specifies a jail stay of up to 30 days and a \$1,000 fine. That bill again before the House Health, Public and Military Affairs, and Judiciary committees. Also House Bill 544, which would make possession of less than an ounce a violation instead of a misdemeanor and impose a maximum \$500 fine. That bill is before the House Judiciary Committee.

## GMO Salmon Fish?

The approval of genetically modified salmon has been a controversial issue for quite some time now, and the heat surrounding the altered fish isn't dying down. Recently three United States consumer groups petitioned the Food and Drug Administration (FDA) to enforce a more strict and rigorous review process for the genetically modified fish than is currently in place. The FDA needs to realize that many people simply do not want to knowingly consume this toxic creation

## US Dollar Replacement?

It looks as though a growing number of states are seeking new currencies that are made of silver and gold. Worried that the Federal Reserve and the United States Dollar are both on the brink of collapse, 13 states are going about the business of seeking approval from their state governments to either issue their own alternative currency or explore it as an option.

## Molokai's Forum For Freedom

**Bill of Rights 2nd Amendment:**  
**“A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed.”**

**Wake up militia! Use it , or lose it ! Got your gun, yet?**

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"The people cannot delegate to government the power to do anything which would be unlawful for them to do themselves."- John Locke

"Those who make peaceful change impossible, make violent change inevitable." -- Robert F. Kennedy

**"Rebellion against tyrants is obedience to God." T.J.**

### Enforce the Bill of Rights !

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

## Hawaii Gun Laws BAD

**DECEPTIVE AND ANTI-GUN RIGHTS** bills HB417, introduced by state House Speaker Calvin Say, and SB 835 is the companion measure introduced by state Senator Sam Slom, would authorize chiefs of police to issue licenses to openly carry firearms, have been referred to the House Public Safety and Military Affairs Committee, and they create gun registry and severe penalties for exercising your right to keep and bear arms. Bad bills

**BAD:** HB 441, sponsored by state Rep Blake Oshiro, is a divisive six-point omnibus gun control measure that would mandate firearms be sold with safety devices, impose ammunition registration, prohibit disclosure of the source of information used to deny a firearm permit to purchase based on the applicant's mental disorder, require the theft of a firearm be reported within 24 hours of the occurrence and prohibit import, sale and transfer of .50 BMG's or cartridges.

Testimony against SB2975 Failure to Report gun thefts is a crime

Submitted by: George Peabody

We are law abiding sovereign United States Citizens who support and defend the Constitution for the United States of America which prohibits creating us into criminals with this anti-gun legislation that would mandate that all Hawaii gun owners report the theft of a stolen firearm within 72 hours of discovering that theft. This legislation serves to penalize us who are already victims of theft, burglary or robbery crimes by making us criminals for failing to file a report. Such legislation has no impact on real crime fighting, serves to slow down law enforcement and holds gun owners responsible for the criminal actions of criminals who steal our guns.

Instead, you should amend this legislation to impose mandatory serious penalties against CRIMINALS who steal guns. And honor and uphold our right to keep and bear arms in Hawaii the 50th State of the Union without infringement from new legislation or old legislation such as Chapter 134 which is all ultra vires infringement of 2nd Amendment.

**GOOD** HB 679, introduced by state Reps Ken Ito and Sharon Har, would exempt NRA instructors from absolute liability for injury or damages caused by discharge of their firearms during the course of providing training to obtain a permit to acquire firearms. The Senate companion is SB 834, by Sen Sam Slom.

**GOOD** HB 1526 by Ken Ito and Sharon Har, is a shooting range protection bill that would prevent nuisance lawsuits against existing ranges. Limiting the liability of those who own or use a shooting range will help save existing ranges and protect those operating ranges from frivolous lawsuits.

**Discriminatory:** HB114, sponsored by state Rep Angus McKelvey, would exempt retired law enforcement officers from certain firearm and ammunition regulations chapter 134 if they are qualified under federal law.

**BAD** HB 834, introduced by state Rep Karl Rhodes would make it unlawful for a person or entity to sell or distribute ammunition unless the purchaser shows proof that the firearm for which the ammunition is to be used is registered.

**CALL YOUR LEGISLATORS AND PROTEST ALL BILLS THAT VIOLATE YOUR RIGHT TO KEEP AND BEAR ARMS...NOW NOW NOW !**

**"Rebellion against tyrants is obedience to God." T.J.**  
**Guns Preserve YOUR Sovereignty !**  
**Enforce the Bill of Rights!**

### Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

## Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

**Wake up ! Enforce the Bill of Rights !**

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.

## OBAMA Wants more POWER?

Believe it or not! Obama has asked Congress to grant him more power!

Glenn Beck called it a prime example of the rise of a man becoming an American dictator. It indicates an Obama power grab. "This is so incredibly dangerous," Beck said on radio.

"Do not give this man consolidated power!" Beck declared. "How much more power does he need?" Obama's saying he wants to make the executive

much leaner by asking for more power. Isn't that odd?

Obama wants more power this has nothing to do with "consolidating" departments. Obama merely seeks to create a bigger beaurocracy beholden to him and his liberal successors.

Obama said: The executive branch also needs to change. I've asked this Congress to grant me the authority to consolidate the federal bureaucracy so that our Government is leaner, quicker, and more responsive to the needs of the American people. [ So, consolidate is the replacement word for CHANGE ?]

## obama takes Internet Power?

Right now, the same folks that brought you the so-called "Patriot" Act, indefinite detention of American citizens, and an unaccountable TSA and an invasive Department of Homeland Security and drone air spies watching Americans are preparing to wage war on your freedom online.

Barack Obama is fully prepared to take unprecedented power over the internet if Congress passes it to him, that is, unless you and I stop them today.

Two bills - SOPA (HR 3261) in the House and Protect IP (S 968) in the Senate - are being pushed by the Big Government leadership of both houses. Action on one or both bills could happen any day.

What is Obama trying to do? Gain a foothold in the last truly free place on earth - the internet. It's no secret that websites, social media, and other online communities are a hotbed of anti-Obama powerful activism.

From cafes in Cairo to bloggers in Beijing, those living under oppressive regimes organize, spread information, and fight for their freedom with their words and deeds online.

And here at home, from anti-war activists to homeschoolers, anti-tax proponents to civil libertarians, Patriots fight for their freedom online against Obama's expanding usurpation of powers that belong to We The People. In addition, these actions by the Obama Regime will harm the one place where capitalism and the free market are most flourishing.

Entrepreneurship and small business creation are at an all-time high online. An idea and a lot of hard work can launch anything from a good side business to a worldwide enterprise online.

Minimal startup costs. Fewer regulatory hurdles. Lower tax burdens. All of these factors contribute to a thriving online economy - and one that would be directly and massively harmed by SOPA and Protect IP (which should really be called Destroy IP).

The bills give the government the power to put someone out of business for even minor copyright violations. In fact, as originally drafted, these bills give the government the power to shut down websites on even a private allegation of a violation. No investigation. No charges. No trial. No jury. No verdict. Entire websites could be shut down for inadvertent violations, malicious attacks, or lies.

Campaign for Liberty could be shut down virtually overnight if someone - say a Federal Reserve official - claimed a YouTube video we promoted was a "copyright violation."

You don't need to think very hard to imagine what a hostile Obama agent or bureaucrat could do with this power. Our economy AND our freedom are threatened in one massive takeover.

## Molokai to be a County Town? Legislature Considers Constitutional Amendment to Allow County-Town Independence

SB 2036 County Townships Constitutional Amend Proposal Counties; Townships

Description:

Enables counties to create townships. Specifies that counties may create townships within the county by an initiative created by registered voters within the proposed township area, and upon approval of the initiative by a vote. Specifies that a township shall have powers as provided in county charter and ordinances, that may include electing a local governing body and a manager, adopting township ordinances, providing for public services, taxing real property located within the township, and assessing fees for public services. Requires an equitable distribution of population and economic wealth among townships within a county.

Requires a township to consist of contiguous land and to conduct elections independently of administration and financing by the State.

More on what is are "TOWNSHIPS

Section 1A. A county shall have the power to create townships by an initiative conducted upon a petition of registered voters within the proposed township area or a percentage of registered voters within the proposed township area, whichever is less, and approved by a vote of the residents of any discreet geographic area within the county comprising the proposed township. A township shall have powers, duties, and requirements as provided by law."

### SECTION 3. The question to be printed on the ballot shall be as follows:

"Shall the counties have the power to create townships, which shall have powers, duties, and requirements as provided by law, by an initiative created by registered voters within the proposed township area and approved by a vote of the residents of any discreet geographic area within the county comprising the proposed township?"

## American Freedoms Betrayed: Impeach!

Do you all realize yet just how much your freedoms have been betrayed by the signing of the NDAA Bill? Any politician, including Obama is on the side of treason and treachery who signed this into law.

Senator John McCain(R) and Senator Carl Levin (D) sponsored the NDAA Bill, knowing full well that it was a complete violation of our Miranda rights, Constitution, Posse Comitatus and freedoms. It sets American patriots and conservatives up to be disappeared.

Drama queen Obama was promising all the way along to Veto this bill. The truth was that according to Senator Levin, Obama wouldn't agree to sign it if the part about focusing potential arrests for terror suspicions wasn't aimed at U.S. citizens. The Senate should have stone walled it and kept it from going forward when Obama made his threats and ultimatum. Instead they were cowards and fascists.

Now, our military can legally grab you anytime out of your home without charges and whisk you off to Gitmo or any place in the world. That is indefinitely, without charges, no trial, and no phone call to your honey or anything. Disappear

Of course Heir Obama gave us a warm fuzzy the other day that he wouldn't use his power against U.S. citizens. Isn't that comforting, especially since Homeland Security, under Obama leaked the MIAC report in 2008 describing just about everyone as potential domestic terrorists? That included, pro life, pro 2nd amendment, pro state and federal sovereignty, those uncomfortable with Communist regimes and returning vets. That pretty much defines most of America as terrorists already.

Then we saw the activation of the FEMA camps, at least 72 of them peppered all across the country. Gee, its almost as if Heir Obama is planning or expecting a revolt or contrived national disaster.

As unconstitutional as this bill is, Romney (Obama light) said he supported the NDAA Bill when asked about it in the last debate. How could any real American support such a Bill that literally shreds our rights and gives Dictatorial powers to the President and military.

People say you can't lead if you don't have political experience. I say you can't lead if you don't love God and your country and have enough guts to do the right thing at the right time to uphold, preserve and defend the Constitution for the United States of America. # America's Forsaken Promise

A Patriot series by Tinsley Grey Sammons  
**Part XI THE STATUTE RACKET**  
**(Fueled by Drug Hysteria)**

Why do so many Americans continue to speak of America as a free country when it obviously isn't? The Founders of the Constitutional American Republic would surely be disgusted with the Statute Racket that is engulfing the magnificently unique nation they created.

Drug Hysteria

Although drug hysteria has recently subsided a bit, media and political inertia continues to fuel the statutory abomination known as the Drug War. Why statutes have no sunset clause simply makes no sense.

I maintain that drug abuse and the War on Drugs are both transitory modes — pretexts for scapegoating deviants and strengthening the state. Our official understanding of the drug problem rests on a fallacious scapegoat-type imagery and a correspondingly erroneous approach to remedying it. For example, we conceptualize self-medication — say, with marijuana — as self-poisoning rather than as self-pleasuring, and then rely on this image of the drug as poison to justify using state power to punish people who possess marijuana.

Thomas Szasz, *OUR RIGHT TO DRUGS*, (p. 62 (ISBN 0-8156-0333-9-1992

Drug hysteria has subsided even more since 1992 yet no political action to end the insane War on Drugs can be seen coming over the horizon.

Why not?

Of the five-hundred or so lawmakers in Washington only Congressman Ron Paul has stated for the record that the Drug War is unconstitutional. How can an unconstitutional power persist decade after decade? With an overabundance of juris doctors among America's legislators, how can such a power exist in the first place? Surely, a sunset clause should be a mandatory part of every bill that a president or governor signs into law.

Sadly, the electorate rarely generates collective passion strong enough to cause a persistent demand for the repeal of an unlawful statute. In time such statutes become so firmly embedded in the electorate's collective consciousness that they become all but immutably acceptable because, that's-just-the-way-things-are-and-you-can't-fight-city-hall. However, a sunset clause would overcome such awful inertia the way a hurricane extinguishes a marsh fire.

**"OFF THE STREET"**

Drug Prohibition ought to be repealed so that adult Americans can safely purchase their properly labeled drugs of choice from licensed sellers at a reasonable price. After decades of waging the so-called War on Drugs, drug agents still try to justify their outrageously expensive criminal existence by boasting that they "Get the drugs off the street". But of course that's utter nonsense. They surely know that Drug Prohibition is what drove much of the drug market to the street in the first place. A real crime must involve force or fraud. It has been painfully obvious for decades that prohibition inflated prices actually generate such crimes. Prohibition is in fact a color of law racket that does nothing more than create financial opportunity for parasites on both sides of the law. It's the money that generates most so-called drug related crimes, not the physiological effect of the drugs themselves.

Check out the War on Drugs Clock [www.drugsense.org/wodclock.htm](http://www.drugsense.org/wodclock.htm) and ask yourself whether or not you would voluntarily dump your hard earned money into prohibition's bottomless pit. Unfortunately, government gladly does it for you.

Why would any American believe himself to be morally obliged to encourage his government to do something that his own conscience would forbid that he do himself?

Having been confidentially informed that your harmless next-door neighbor uses illicit drugs, would you consider yourself obliged to intrude upon his privacy, subdue and handcuff him, then take him to a jail where he will be caged then ransomed pending his being legally impoverished and/or imprisoned?

Why do Americans today tolerate the incremental re-imposition of abusive Government Power, something from which Americans have supposedly fought to be free since 1776?

I suggest returning to American Basics by keeping a copy of the second paragraph of the Declaration of Independence handy at all times. By repeatedly subjecting it to Critical Thinking, an individual willing to do so just might eventually evolve into a philosophically competent human being.

**LEGALIZE?**

Drug Prohibition should be repealed outright. America's lawmakers can legalize and repeal prohibitions, but they lack lawful\* authority to legislate permissions, i.e., to legalize.

\*Lawful and legal are not synonyms. There is an ethical element in lawful that can be painfully absent in legal. A healthy Conscience must be applied to determine whether or not something is actually lawful and not merely legal. —Tinsley Grey Sammons American lawmakers can enact prohibitions ("illegalize") and can repeal prohibitions, but they cannot legislate permissions ("legalize"). —Thomas Szasz, *OUR RIGHT TO DRUGS*

When folks beg government to legalize something they are playing into the hands of the evil statist. They should instead be demanding an across-the-board repeal of de facto Drug Prohibition.

Nibbling away at the drug tyranny on bended knee with medicinal marijuana requests merely acknowledges the wrongfully assumed and usurped power of government to prohibit when no such power can lawfully exist. In fact, it is a dreadful wrong and under the light of Critical Thinking can easily be recognized as such.

One of the most powerful and important Principles upon which America lawfully stands is the natural presumption of legality. If there is no law expressly forbidding something, then it may be presumed to be legal. The American People have unpardonably acquiesced while lawyers, politicians, and lawyer/politicians cleverly usurped the unlawful Power to systematically violate the Bill of Rights.

The enormous financial turf called, The War on Drugs, is unlawful, i.e. usurped Power acquired by deliberate misinterpretation of the Constitution's Commerce Clause. It actually does nothing more than serve opportunists, parasites, and criminals on both sides of the law. There is nothing intrinsically criminal about self-medicating or simply choosing recreational alternatives to ethyl alcohol.

Perhaps Commerce CLAWS is more accurately descriptive of what is surely the major flaw in the American Constitution.

## Dr. Ron Paul for President on the Issues

1. Always veto unbalance budget; refuse to raise US borrowing limit; eliminate income taxes, estate taxes, and cut \$1-trillion from the annual budget.

2. Repeal ObamaCARE, and turn medical cost back to patient and doctor relationship and medical save accounts.

3. Abolish welfare state to discourage illegal immigration and taxpayer ripoff; end citizenship for anchor babies;

4. Avoid wars with Iran, and stop military aid to terrorist nation Israel;

5. Allow states to define life as beginning at conception, veto federal money for abortions; supporty policy to facilitate homeschooling;

6. Audit the Fed, support Constitutional laws, Bring the Troops home now!

## Dollar Down vs Metal Money

The states seeking metal based currency to replace worthless paper currency include Minnesota, Tennessee, Iowa, South Carolina and Georgia.

The number of states looking to get approval for this has grown, and grown fast. Just three years ago only three states had this request in place.

It looks like more states may jump on the bandwagon as well, as more and more states will look towards their state governments because of a growing fear of a Federal Reserve collapse.

"In the event of hyperinflation, depression, or other economic calamity related to the breakdown of the Federal Reserve System ... the State's governmental finances and private economy will be thrown into chaos," said North Carolina Republican Representative Glen Bradley in a currency bill he introduced last year.

While this may seem like a good idea, and in the long run may work out, here is where the law gets muddled and things get complicated.

Individual communities are allowed to create their own currency, as long as it is easily distinguishable from U.S. dollars. With that being said, the Constitution bans states from printing their own paper money or issuing their own currency.

The U.S. Constitution does, however, allow states to make "gold and silver Coin a Tender in Payment of Debts."

This is definitely an interesting turn of events in how states and their state governments are beginning to view American currency.

The dollar is so weak right now that many states just want to discard it altogether and implement their own monetary system.

While I see how this may work, I also see how it could cause a lot of problems for the way we view money and how we spend it. What is to stop a state from charging a different amount of money on certain things, based on how their new monetary system is built?

We are only still in the beginning steps of this, and I don't know that the Federal government is even going to consider this too much, but if they do, new laws would need to be written to enable a new state-by-state currency to flow smoothly. There are also more technical concerns regarding tax collection and how the Internal Revenue Service will respond to such developments.

## Romney Backed by Goldman Sachs

The top donor to former Massachusetts Gov. Mitt Romney's presidential campaign, investment banking and securities firm Goldman Sachs, received over \$10 billion in emergency lending and bailouts from the Federal Reserve after the 2008 financial meltdown, according to public sources and published reports.

Goldman backed Obama for election in 2008, and the firm, like many Wall Street institutions, is now backing Mitt Romney for president.

Romney has long had a close relationship with Goldman Sachs. In 1999 Romney purchased initial IPO shares in Goldman that netted him \$1.1 million in profits when he sold them in 2010.

And The New York Times recently reported that "many of the assets in Romney's blind trust" are managed by Goldman.

Today, Goldman is Romney's largest donor.

And nine of Romney's top 20 campaign contributors are big Wall Street Banks like Goldman. But Goldman leads all Romney contributors, having donated \$367,200 to his campaign, according to the Center for Responsive Politics.

Six of those nine top contributors received over \$161 billion in taxpayer bailouts, reports ProPublica, the independent, Pulitzer Prize-winning investigative organization.

"Political Parties are likely in the course of time and things to become potent engines by which cunning, ambitious and unprincipled men will be enabled to subvert the power of the people and to usurp for themselves the reins of government."

Yes, lots of evidence points to Kenya as Obama/Soetoro's birth place, not Hawaii.

Lots of evidence shows the Obamagan is motivated by a lawless hostility toward the Constitution for the United States of America the Supreme Law of the Land; applies race biased invidious discriminatory animus toward middle class and poor

Caucasians; and, exempts his cohorts from the equal enforcement of the law to effect a power shift away from Constitutionally limited government in republican form by We The People to incrementally effect a race/sectarian biased Marxist socialist dictatorship under color of law, i.e., "fundamentally change America" as Obama promised he would do.

Obama should be immediately arrested for TREASON, War Crimes, Fraud, etc. etc. along with all his Czars and attorneys and justice obstructing federal judges and complicit members of Congress and Senate, and Bush I&II, and Clintons B&H, Pelosi, Reid, and State of Hawaii governors Linda Lingle, Neil Abercrombie, DNC,

RNC, militant Black Panthers, Zionists, and Neo-Cons. If not, USA is on the fast track to 3rd World Order.

Blogger Koos is right: White voters let their self-hatred and white coolie guilt overrule good sense and good judgement when they voted for this slimeball illegal alien fraud Obama/Soetoro, and his cabal of far-left Israel-first and Muslim Black Nationalist enemies of the Constitution and the natural born American Citizens and good legal immigrants. You deserve Obama government, unless you repent to God and take immediate action to correct this Constitutional crisis as is our DUTY as described in our 1776 Unanimous Declaration !
