

I.R.S. Tax Treason vs Molokai

Molokai Residents' Accounts Robbed by IRS; Banks complicit

Report by George Peabody for The MAN is factually based on local cases to show how the racketeering criminals at the IRS operate against Molokai American Citizens.

I opened the letter from my bank to check on my savings balance, getting ready to pay some bills. But this was no ordinary monthly accounting notice. This was a notice from my bank that the IRS was robbing my account for alleged back taxes owed. The bank Operations Manager wrote to me saying this: "Re: IRS Levy We have been informed by the Depart of the Treasury-Internal Revenue Service, that a Notice of Levy has been placed on your accounts, we will be required, under Section 408[n], Internal Revenue Code, to place all funds on hold for 21 calendar days before the amount is paid to the Internal Revenue Service.....We are obligated to freeze these funds until we are officially notified by the Internal Revenue Service. Any further questions on this matter should be directed to the Internal Revenue Service at 808 829-7650." My heart stopped beating a few moments, and, there was no sound.

Now I am financially bankrupt, because the criminals at the IRS have ordered my trusted bank employees to confiscate my life's savings and give it to the IRS; and, my trusted bank employees are doing it without my consent? I can't even ask my bank "How You Figga?" but must contact the IRS if I have any questions? IF I HAVE ANY QUESTIONS? Me and my wife, United States Citizens of Molokai, just MIGHT have "SOME QUESTIONS" about being ROBBED by the CRIMINALS at the unlawful IRS! Huka wai i ke pili! Its TREASON! Its War against us!

The IRS claims to have a Levy against my savings accounts that lawfully orders my bank employees to Turn over any money, property, credits, etc. that you have or are already obligated to pay the taxpayer, when you would have paid it if this person asked for payment.....Make your check or money order payable to United States Treasury and write LEVY PROCEEDS on it ?

I think its another government lie. Lets see what the law about IRS levy says: "section 6331 Levy and distraint. [a] Authority of Secretary. If any person liable to pay any tax neglects or refuses....It shall be lawful for the Secretary to collect such tax...by levy upon all property....belonging to such person or on which there is a lien provided in this chapter for the payment of such tax. Levy may be made upon the accrued salary or wages of any officer, employee, or elected official, of the United States, the District of Columbia, or any agency or instrumentality of the United States or the District of Columbia, by serving a notice of levy on the employer....".

This law of IRS levy does NOT APPLY TO ME and my wife! NONE of it! We are NOT liable for any IRS tax. We have not neglected nor refused to pay any taxes owed, and we are NOT an officer, employee, or elected official, of the United States, the District of Columbia, or any agency or instrumentality of the United States or the District of Columbia. This is ROBBERY and TREASON, and FRAUD by the IRS. This is WAR on Sovereign American Citizens of Molokai, and Nationally, and we will bring these criminals to justice and restore our savings accounts with interest.

There are several Molokai residents who have been attacked by the IRS criminals, and getting educated, and organized to proceed against this tyranny together is an exercise of our sovereignty over this criminal federal fraud. The Law of the Land, the Constitution for the United States of America, is on our side. Even U.S. Senator Dan Inouye has written that a search by his Congressional Research Staff for any law that requires us to file a IRS 1040 form came up with THERE IS NO LAW. So we are being robbed, extorted by a RICO criminal racketeering organization known to most as the I.R.S. A documentary recently aired with all the evidence clearly presented the proves we are victims of criminal IRS: America: Freedom to Fascism by Arron Russo. George Peabody has it airing on AKAKU several times, and he will show it free to groups on Molokai if we get together and make an appointment.

Some Molokai residents have started a legal process that can be shared with all other people interested in exercising their sovereignty to quash the levy, return our savings, and bring down the IRS to justice. Unfortunately, they want to be low key, so you will have to ask around if you want to join them, to protect the rights of all Molokai people from IRS treason now and future generations.

TAKE ACTION: accept that servants have deemed us to be slaves without rights - get organized to command with authority against criminal IRS. If they refuse- then we can publish that the theory of freedom is illusion and all American Citizens can unite for a common cause against a known and proven enemy who call themselves I.R.S. **Let the REVOLUTION on MOLOKAI BEGIN!** [Call 558-8253]

Bridget "Pua" Ruane played with hand puppets with Kayden ad Gabrielle! **Kilohana School Hosts PSAP Workshop "Happy Children Learn"**

Pretest: True or False? 1. Free play has a purpose. 2. Child learning is best taught by playing. 3. Reading and writing is supported by play.

If you answered True to all three statements...you aced the pretest given to participants of the recent Primary School Adjustment Workshop (PSAP) held at Kilohana School. PSAP State Resource Teacher Bridget "Pua" Ruane led the workshop for Kilohana parents and child caregivers. As she began the workshop, the chatter of little voices from Keiki STEP participants was welcomed as an example of children learning by talking and making noise. "Learning language is a social activity," and important for play and learning in a child's development.

Ruane emphasized, "Play makes children feel good." They practice and experiment with different ways of thinking and play promotes emotional independence.

Food for thought -- "What STOPS play?"

Ruane discussed three play obstacles -- the media (TV/gameboy/adult material/violence); money (parents work long hours relying on electronic babysitter (TV) and too much structured play programs; NCLB (No Child Left Behind) - the standardized tests emphasize reading/writing, not motor abilities.

Ruane said children's enjoyment in play increases when they have parents who join in play, when parents follow children's lead (feeling valued, "I can") so they can make better decisions when parents are involved in their activities.

Ruane discussed two of Eric Ericson's developmental stages: The Initiative State (3-6 year olds) a time creating a love for learning with mastery of early developmental skills, learning empathy for other views and learning to express their feelings. The Industry state for 7-10 year olds, games (sequencing) group play (organizational skills) and problem solving skills needed for reading, writing and math develop towards basic life skills.

Parents and PSAP staff from Kaunakakai and Maunaloa School hear some of the "That's me!" common to parents: "My friend doesn't want to play with me," "You're always too tired," "My friend is moving away...."

The Primary School Adjustment Program is on elementary school campuses to identify school adjustment concerns; prevent social and emotional problems; enhance

skills for learning; build a cooperative relationship and strengthen communication between school and home. Through early identification of K-3 children with shyness, anxiety, poor communication or problem-solving skills with behaviors that may hinder success supports a child's team of parents, school staff, school counselor with trained aides to improve children's school-related abilities. Rebecca DePersia, Maui district PSAP Resource Teacher supports the school level School Behavioral Health Counselors and PSAP Aides in each of the schools. At Kilohana, Vanessa Gonzales, SBBH Counselor, PSAP Aides are Vina Tanaka and Olivia Riel are there for young students. For more information about how PSAP can help especially students in grades K through 3rd grade, contact your child's school counselor.

Molokai's Forum For Freedom Individual's Sovereignty vs Slavery

by George Peabody ph. 558-8253 email: molokaiman@flex.com

"We have staked the whole of all our political institutions upon the capacity of mankind for self-government, upon the capacity of each and all of us to govern ourselves, to control ourselves, to sustain ourselves according to the Ten Commandments of God." — James Madison

Bill of Rights 2nd Amendment:

"A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor." (Decl. of Indep.)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

Cops Caught Stealing Protestors' Cameras

"The test for whether one is living in a police state is that those who are charged with enforcing the law are allowed to break the laws with impunity."

In the latest attack on the first amendment, a shocking video has emerged of the NYPD attacking a protestor and stealing his camera and footage at a demonstration demanding justice for an independent video journalist who was shot and killed earlier this year.

The filmmaker, Flux Rostrum, was filming the interaction between protestors and police outside the Mexican Consulate in New York City.

Flux was not arrested, nor did he receive a receipt for seized property.

Without any warning, he was jumped by two police officers, one of whom is a NYPD captain, and knocked down onto the asphalt of 39th Street. A police officer then snatched the camera out of Flux's hands. As Flux attempted to protect himself and his equipment from being trampled and beaten, the cop with the camera conferred with another officer and scurried back into the building to hide the camera.

Video of the events quite clearly shows the cop saying "I want that camera" before Flux is jumped and attacked.

War on Drugs More Harmful than Drugs

"Marijuana never kicks down your door in the middle of the night.

Marijuana never locks up sick and dying people, does not suppress medical research, does not peek in bedroom windows.

Even if one takes every reefer madness allegation of the prohibitionists at face value, marijuana prohibition has done far more harm to far more people than marijuana ever could."

-- William F. Buckley, Jr.

JAIL for JUDGES Molokai

by George Peabody

Judges, many of whom belong in prison for crimes they committed, unlawfully enjoy immunity under color of law, enjoying a godlike sense of power to commit acts, however egregious and criminal, or unConstitutional. Immunity destroys a free society.

Aside from external physical aggression upon a nation, every country has reached its ultimate demise and internal collapse as the direct result of its judiciary infested with attorneys loyal to the BAR. That is to say that every evil and political corruption in America which you can think of is the result of some judge/attorney, either state or federal, at some level, that has sponsored the corruption, whether wittingly or unwittingly.

Some people have organized to bring judicial accountability and integrity law to prohibit immunity for criminal acts by officers of the court. Their organization is called J.A.I.L for Judges, and it has expanded to Hawaii, and Nationwide. The problem of judge/attorney corruption in Hawaii is huge and long standing.

Recently, in South Dakota, residents supported a JAIL for Judges Initiative election to restore honesty and law and Constitutional limits on their state judiciary.

But their state Supreme Court Chief Justice David Gilbertson says the measure would have stripped judges of the immunity they have for their official actions. Gilbertson also spoke to a joint session of the Legislature, said approval of the measure would have brought "catastrophic results" for the judicial system, and would have severely damaged the ability of state courts to fairly and effectively function.

This scare tactic sound like a Homeland Security official put it, "Be scared; be very, very scared — but go on with your lives." Such messages have led many people to develop "a false sense of insecurity" about the effects of judicial accountability.

By making these statements and continually recycling the hysteria, these entities are facilitating the goals of terrorists, driving forward an agenda that could not alone be fueled by relatively minor, rare and inconsequential attacks that take few human lives in comparison to the real dangers that we face every day - mundane things like car accidents, cancer and heart disease, and crooked judges and attorneys.

In that context, allied with the voluminous evidence that every major terror attack we have witnessed was either a provocateured set-up or an outright inside job, western governments are staffed at the very top by terrorists who are openly espousing the creed and statecraft of terrorism, and most are attorneys: U.S. Attorney Gonsalves is one who has been the author and proponent for legalized torture of prisoners, martial law.

We must not allow judicial immunity to destroy our Constitution for the United States of America, destroy our free society, or God given rights, such as has been done many times in history. Hitler's attorneys and legislators made sure all was legal.

With defacto Hawaii governor Linda Lingle [disqualified by felony convictions] appointing judges from a list of loyal attorneys who practice law in administrative courts of Hawaii where a Citizen has no Constitutional rights, the corruption of the Hawaii judiciary leads to the continued build up of Lingle's Police State. Look at the judges in Maui: Richard Bissen, Douglas Ige, Rhonda Lai-Loo; look at the sheriffs who are appointed to protect judges and oppress the People, unlike the mainland where a Sheriff is elected by the People to protect the People from criminals in high office. Some sheriffs have even ordered the arrest of I.R.S. agents and FBI agents who violate the rights of Citizens in his territory.

Mainland judiciaries are full of corruptions: the U.S. District Court in San Diego is presently harboring 13 out of 17 federal "robes" who do not have the requisite credentials. When we attempted to transmit this documentary evidence to a duly convened federal grand jury in downtown San Diego, our Registered U.S. Mail was intercepted by a staff employee in the Office of the U.S. Attorney there. Not only was that an act of obstructing correspondence; because our mail was correctly addressed to the Foreperson of that grand jury, that act also constituted jury tampering and obstruction of justice. All such acts are serious federal felonies. Furthermore, a federal district court has already ruled that the Office of the U.S. Attorney has a legal obligation to convey such documentary evidence to the presiding federal grand jury. Last but not least, every single federal district "robe" has failed to execute the certificate of oath that is required to be indorsed upon their licenses to practice law in California.

George Peabody has now filed federal lawsuits against Lingle, Douglas Ige, Richard Bissen, Rhonda Lai-Loo, Helen Gillmor, Sam King, Michael Seabright, and several Clerks who are complicit with these magistrates in obstructing justice, and attorneys Scott and Mark Hanano, Cody Minatodani. **Molokai JAIL for Judges, NOW.**

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights! Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man. **Wake up ! Enforce the Bill of Rights !**
