## Shut Down Fed Government! Cut ObamaCARE, BATF, DEA, IRS! Restore Constitution-based economy, limited government!

Reports from Capitol Hill indicate budget negotiators are nearing a compromise deal that will reduce government spending by just over \$30 billion.

That's \$30 billion LESS than what was proposed just a few weeks ago on total federal spending of more than \$3.8 trillion. In practical terms, that would be like the average American family being on pace to add \$37,850 in new credit card debt this year and deciding to "cut" spending and "only" increase its credit card debt by \$37,160. If your family did that, you would be on a fast track for financial collapse.

What Congress is doing is nothing less than a travesty! Our nation is teetering on the brink of financial ruin and Congress is DOING WHAT AMOUNTS TO NOTHING! And even worse, key Democrat senators have come out demanding that Planned Parenthood continue to receive hundreds of millions of our taxpayer dollars to fund its horrific practices.

ObamaCARE Disaster

Critically flawed and deadly to our liberty.

"One year later, this partisan effort is doing exactly what we predicted it would do... Many Americans have to switch plans, have to pay higher premiums and have fewer health care choices than before. Many Americans have to wait three more years for the supposed benefits of the law to kick in while taxpayers and Medicare patients are paying the bill now, in a tough economy.

More than 1,000 groups and unions that supported the law have found that they cannot operate within it and have received waivers from the government. We need to scrap this law and attempt step by step reforms that address the problem of cost and access to care."

Senator Roberts said estimates of the costs to patients and taxpayers are grim: · \$2,100 in average higher premiums;· 800,000 fewer jobs;· \$118 billion in new unfunded state mandates;· \$311 billion in higher health care costs;· \$529 billion in Medicare cuts to fund new entitlement spending;· \$813 billion in new taxes;· \$2.6 trillion in new federal spending.

ObamaCare's damage gets worse from week to week. Beside the fact that the number of "waivers" from having to comply with ObamaCare's dictates passed 1,000 this week, it is notable that Rep. John Conyers (D-MI), ranking Member of the powerful House Judiciary Committee, just admitted that the law is a good "platform" for creating a socialist, "single-payer" system!

We should not be surprised that the steady inroads ObamaCare is making in our healthcare system are intended to lead to something even more oppressive - a full-blown, nationalized Health Service like the one Medicare Chief Dr. Donald Berwick champions.

When recently asked by CNS News if he foresaw a single-payer healthcare system in the United States, Conyers answered, "Of course...every industrial country on the planet already has a universal system of healthcare."

Each week ObamaCare survives and sends its roots deeper into America's healthcare system, the closer we come to being just another socialist nation!

## Hawaii Supreme Court Wants Molokai Disciplinary Board Applicants Who Will Protect Justice, Punish Crooked Attorneys

The Hawaii Supreme Court needs applicants to fill six non-attorney positions on the Disciplinary Board that punishes bad legal professionals, and investigates allegations of attorney misconduct and incapacity.

The 18-member board currently has only two civilian members.

The new terms are due to begin on July 1 and last for three years. The positions are not compensated, but the judiciary reimburses board members for their travel costs. The judiciary is seeking applicants from Molokai and statewide.

The application deadline is April 30.

Complaints about attorneys from Hawaii residents are routinely dismissed or ignored because Board members are in cahoots with attorneys. The only time punishment is administered is when too much embarrassment for the Hawaii Bar Association and Judges is the result of criminal behavior or practices that cannot be swept under the rug. Punishment is usually minor and just a PR scam.

Recent example of lax enforcement of protections and punishment comes from a Big Island case: Civil No. 08-1-0426 ICA No. 30730, EWM Investments v. Brian Kaniela Naeola. Maui attorney Thomas Leuteneker representing the EWM Investments was sanctioned "five hours of pro bono services" for lying to the Court about why he failed to file a pre-trial statement instead of the Motion to Set Aside Order of Dismissal, according to legal papers on file. The dismissal favored defendant Naeola against EWM Investments. Rule 6 of the Hawaii Rules of Professional Conduct provides for sanctions against attorneys.

By his own words, according to the REPLY BRIEF on file, "...Mr. Leuteneker admits to untimely filing [14 days from order of dismissal] a Motion to Set Aside Order of Dismissal...."

Naeola's brief states that "MR. Leuteneker's reliance on section [t] of Rule 12 in furtherance of his deceptions reeks of desperation. In his desperation to cover up his willful bad behavior, Mr. Leuteneker would[sic] have this court believe that section [t] allows the lower court to exercise jurisdiction it no longer has because he failed to comply with the rules....is both desperate and absurd."

"For too long, Rule 56 of the Rules of Civil Procedure has been used to deny Hawaiians, especially those without means and skills, full and fair opportunity to protect their rights to the "sacred inheritance of their Kupuna" [their aina]..."

"This court [ICA] should, indeed it must, a[ ]send this case back to the lower court with orders to correct its error and reinstate its order of Dismissal. b) Sanction Mr. Leuteneker in order to discourage others like Mr. Leuteneker from engaging in similar misconduct and c) admonish the lower court for encouraging misbehavior b its officers." [attorneys & judges & clerks, et al]

ATTORNEYS, Judges, Obama-dakine are ripping America apart! America's constitution is deteriorating, because the Constitution **FOR** America is ignored.

## Got Your ObamaCARE Waiver, yet ?

Across America, waivers and exemptions from the law are piling up. And, it isn't the Tea Party and Small Businesses getting waivers, its the same people who worked so desperately to ram ObamaCare through Congress.

Watch this video to get our take on the blatant ObamaCare hypocrisy.  
<http://wheresmywaiver.com/news.php>

We sat down with one of ObamaCare's biggest advocates in the house, Anthony Weiner, who's decided he should NOT have to suffer under the law he pushed on the American people just months ago.

Now, Unions, Democrats, big Obama donors they are all getting waivers, but where are ours?

I think it's time we all ask ourselves, wheres my waiver?

## Tax Freedom Day® Hits Hawaii April 6 Residents of the Aloha State Celebrate Earlier Than National Date of April 12

Tax Freedom Day – the date on which Americans will have worked long enough to have earned enough money to pay this year's tax obligations at the federal, state and Hawaii levels – will fall on Wednesday, April 6th for residents of Hawaii. This is the 21st Tax Freedom Day to arrive out of all fifty states. The average date for all Americans, as announced this week by the Tax Foundation, will be Tuesday, April 12th.

In the new study Tax Foundation Special Report No. 190, Staff Economist Kail Padgitt, Ph.D., traces the course of America's tax burden since 1900, examines the composition of today's burden by type of tax, and calculates a Tax Freedom Day for each state.

"The national date for Tax Freedom Day 2011 is later than last year largely because of income changes rather than statutory tax law changes," said Padgitt. "As the economic recovery continues, individuals' rising income pushes them into higher tax brackets. Also, corporate tax revenue has also seen a resurgence."

Although income increases are the main reason for the later Tax Freedom Day, several tax law changes are also partly to blame. The federal estate tax has returned after a one-year repeal, this time at a rate of 35 percent and with an exemption of \$5 million. In addition, taxes associated with the Patient Protection and the Affordable Care Act [ObamaCARE] continue to be phased in.

Comparison: Tax Freedom Day by State

Each state has its own Tax Freedom Day. This occurs not only because residents of different states pay different amounts of state and local taxes, but also because their federal tax payments can vary dramatically. Because of modest incomes and low state and local tax burdens, Mississippi celebrates its Tax Freedom Day first in the nation on March 26th, after only 85 days. Tennessee (March 27), South Carolina (March 29), Louisiana (March 30), and South Dakota (March 30) round out the top five.

High-income states pay much more in federal taxes, and they often have higher state-local taxes as well. Connecticut is the last in the nations to observe Tax Freedom Day, on May 2nd, with 122 days required for state taxpayers to pay the year's tax total. Other states with late celebrations include New Jersey (April 29), New York (April 24), Maryland (April 17) and Washington (April 16).

Tax Freedom Day answers the basic question, "What price is the nation paying for government?" An official government figure for total tax collections is divided by the nation's total income. The answer this year is that taxes will amount to 27.68 percent of your income. For more information, go to computer URL: <http://www.taxfoundation.org/taxfreedomday>.

## Carjacker Shot in Defense

**In the United States of America, The Second Amendment is a Mainstream Value and a Fundamental Right that cannot be infringed, that is, if you use it to defend your life. Does that apply in Obama's Hawaii?**

A Washington State man and woman who were shopping at the Wal-Mart on Two Notch Road say a would-be carjacker was not only unsuccessful on Saturday - he is now suffering from a gunshot wound in the rearend.

Harold Jeffcoat, 29, [photo top right] is the suspect. The victims say the man who tried to rob them came towards them as they were getting into their car and said, "Man, you know what time it is?" When he got closer he changed his tune and said "Give me the keys!" Then they say Jeffcoat pushed his pistol into the husband's stomach.

That's when the woman acted. She opened the passenger door and got her pistol from the glove box. She says she fired about five shots at the carjacker Jeffcoat, who then ran away.

Officials say they found Jeffcoat at the emergency room. He was there for a gunshot wound to the buttocks.

Jeffcoat is currently at the detention center on a \$200,000 bond in this case, and is expected to face additional charges.

Police say Jeffcoat was already wanted in connection with half-a-dozen robberies when they arrested him in connection with the Wal-Mart case.

Meanwhile, Washington State authorities say the woman who shot the carjacker will not be charged.

But in Hawaii, aka "Obamaland", is where your right to defend yourself from armed criminals like Jeffcoat results in an immediate arrest of the defender and confiscation of the gun used in self defense. WTF !

As you may know, I work for the repeal of all gun laws. Servants come and go, but the people remain as the supreme authority. All gun laws - including having to show cause for a permit - or Hawaii's coalition of crooked Police Chiefs who refuse to issue concealed carry fire arms permits contrary to the intent of the State Statute chapter 134 HRS, is an affront to our authority over the very servants who issue the permits. Besides, its our RIGHT to keep and bear arms that is recognized and protected in the Bill of Rights of the Constitution for the United States of America, and Rights don't need no stinkin permit.

Got your guns, yet?

If police are going to issue permits to legislators and judges and prosecutors, then you see the **PURPOSE** of concealed carry our way. No more need for permits, no need for registration, microstamping, no more quarrel with open carry, or other gun laws. Nobody need a permit for self defense !

**Bill of Rights 2nd Amendment:**  
**"A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."**

**Wake up militia! Use it , or lose it ! Got your gun, yet?**

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

## Enforce the Bill of Rights !

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

## Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

## Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

**Wake up ! Enforce the Bill of Rights !**

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.

## Representative democracy in the United States has broken down. Senator Harry Reid voted Most Wasteful Porker

Representative democracy in the United States has broken down. Our legislators do not represent those who elected them but rather the minority who finance their political campaigns and who control the organs of communication—the Tee Vee, the newspapers, the billboards, the radio—that have made politics a game for the rich only. Representative government in the USA represents money not people and therefore has forfeited our allegiance and moral support. We owe it nothing, and the taxation it extorts from us under threats of seizure of property, or prison are acts of War against Citizens of United States of America.

Citizens Against Government Waste has named Senate Majority Leader Harry Reid (D-Nev.) Porker of the Month for his absurd belief that a federally-funded Cowboy Poetry Festival in Elko, Nevada (pop. 17,000) constitutes essential government spending. The festival receives a portion of its budget from the National Endowment for the Humanities. During a floor speech on March 8, 2011, Sen. Reid described the proposed termination as “mean-spirited,” stating that were it not for NEH’s federal money, the Cowboy Poetry Festival and “the tens of thousands of people who come there every year, would not exist.”

For undervaluing the individual, entrepreneurial spirit that makes America great and believing that federal taxpayers should pay for everything, even those programs that can stand on their own, CAGW names Senate Majority Leader Reid the March Porker of the Month.

What is a possible future outcome of Obama and Congress’ continued fiscal irresponsibility? America has defaulted on its massive debt to China, a scenario that should be considered a real possibility. We have time to alter our destiny, but we risk insolvency if we continue on our current path.
