## Billionaire Quek Leng Chan dba GuocolLeisure Beats Up Molokai Ranch like a Whore Who Is Not Making Him Money

Everybody knows a Pimp beats his whores to make more money when threats of violence to his whores fail to bring in more money. Unlawful and immoral in a civilized society, terrorism, rape and beatings are just part of doing business to make money off the suffering of their sex-slaves. Keep that thought, then look at the destruction ordered by Glaucoleisure of landscaping and infrastructure and total shutdown of all Molokai Ranch operations and facilities this month: it comes immediately after investors realized that big development profits from their tricks intended to lead to development of Laau Point into a millionaire's ghetto of up to 400 houses was opposed by virtually all residents of Molokai [except 120 employees of Guocoleisure's Molokai Ranch, service entities, and of course the sycophant real estate sales people, Dispatch and Island Times], and inspite of bribes of lands containing historic sites for which Guocoleisure/MPL/Molokai Ranch is responsible for protecting by state laws, so that Molokai Land Trust scam/attorney Karen Holt and Colette Machado et al can gain more power at Taxpayer expense via their non-profit Corporation [a legal fiction like Guocoleisure]; additionally, the sale of hundreds of small subdivided parcels of so called non-strategic lands to outsiders and tourists who believe the lies that there is plenty of water and services always available from Guocoleisure's private utility corporations for water and sewage; and, perhaps worse yet, these money grabbers sold thousands of acres of prime ag lands to Mansanto Corp for Genetically Modified [GMO] farming regardless of the long term negative results it can have on Molokai's environment. AUWE !

It is obvious that this sudden scorched earth policy of Guocoleisure Investors to shut down the 53,000 acre Molokai Ranch and the Kaluakoi Hotel, Lodge, and golf course, inspite of great loyalty from employees, coupled with the chaining and blocking of access roads to Laau and other shoreline natural resources, is vindictive punishment of Molokai for failing to bend over and make money for the Guocoleisure/NZ/Lingle Pimp! [ I include New Zealand corps and Lingle because they really pushed Molokai Ranch, once known as the Ranch of the King of Hawaii that was established after axis deer were given to the Monarch for his pleasure, into a tourist operation and land development/sales back in the 1980's, thus forcing it out of continuing as a real cattle ranch that Jimmy Duvauchelle could operate. Linge, as Mayor of Maui, always supported this transition of Molokai Ranch, and provided hundreds of thousands of dollars to them for housing development that resulted in uprooting of Maunaloa Village and redeveloped into Maunaloa Showtown for investors, even bringing the Dispatch up there so they would have their own newspaper, and a Kentucky Fried Chicken and Movie Theatre. Wow!]

GuocoleisureLimited Liability Corporation is a legal fiction, existing for the purpose of investment management aimed at extracting and maximizing shareholding value, behind which greedy people hide from liability in order to create urban construction developments that bring huge short term profits for them without regard to negative effects beyond the benefits to their own lands. In contrast, Molokai residents realize that such urbanizations lead to depleting water and natural habitat and subsistence resources, and compromises the rural agriculture environment that sustains local residents of Molokai in a lifestyle we value and wish to perpetuate for generations to come. Rather than allow Linda Lingle's Organized Crime Regime [aka State of Hawaii Inc.] in collusion with Guocoleisure et al to pimp Molokai to highest bidders, their proposed Laau ghetto for Millionaires has been justly rejected to protect the aina and the makaainana.

History shows that Molokai survived similar episodes in the past by rejecting the development proposals made by DeGray Vanderbilt for his dream hotel at Kawakui, and there was the proposed hotel on top of Puu O Kaiaka Heiau decades ago. Now, with Spiritual strength from Akua and enforcement of His Moral Laws against all enemies of our individual Sovereignty, Molokai residents have the opportunity to imua, get off welfare and drugs and alcohol, and make pono with all the people on Molokai through education, hard work, and respect, to create and perpetuate peace and prosperity and the pursuit of Happiness for All, with a limited government in republican form as guaranteed by the Constitution for the United States of America, the Bill of Rights, and the Unanimous Declaration of Independence. Corporations are legal fictions without rights to anything.

The motto of Hawaii has been "Ua Mau Ke Ea O Ka `Aina I Ka Pono" which translates to "The Life/Sovereignty of the Land is Perpetuated in Righteousness". We The People are sovereign individuals, and we have the rights and responsibility to govern.

**Psycho-Times' Letter to Editor**

Did you know Molokai Ranch is being paid off by the military to develop Laau Point as a distraction for an underground military installation on the north side of the island? The fiberoptic cable being run by DHHL is three hundred times more than needed and it's a straight shot to the north where this underground installation is being planned. Let me know where your investigation leads. I can't pursue it because I'm too busy licking boots.

[The MAN reply: Once again your words prove you are a psycho, a lying anti-American Zionist, David Lichtenstein. Did Molokai Ranch's Sabas give you that inside info, or did you just make it up? It's your idea to investigate that story of yours, so you do that, or shame on your face Editor in Chief Lichtenstein for being the fascists' boots-licking joker.

sincerely,
