These reportedly are two of Barack Hussein Obama II's official birth records, one is from Mombasa Hospital, Kenya where his grandmother Sarah says she witnessed his birth, the other from Hawaii DOH. Both claim Obama was born August 4, 1961.

As 2008, the big media was pushing the idea that there were serious questions of constitutional eligibility to be answered by well known war hero and former congressman John McCain who was running for president on the Republican ticket. The U.S. Senate held investigations, and concluded he was eligible for one reason – both of this parents were American citizens. McCain had to show the Senate his long-form birth certificate to prove he was eligible.

Obama's eligibility was never once questioned by big media during the campaign 2008, inspite of a near total lack of known life history. And, big media never reported information or questions from those who did demand proof from Obama and the DNC, and provided documentary evidence that Obama was born in Kenya, and that his father was NOT an American Citizen, and his mother was under age. Big media never asked for proof of Obama's eligibility, and the flimsiest evidence favoring Obama was accepted on faith. Furthermore, Obama, after promising transparency if elected, has blocked all his records from birth to college to politics and spending \$2-million dollars to block FOIA and lawsuits.

American Citizens want to know if Barack H. Obama II is qualified under the Constitutional requirement that he must be a natural born American citizen, born on US soil to parents who are both American Citizens.

Question 1: Was Obama born in Hawaii, or Kenya? Evidence conflicts, and must be investigated to see if either or both Birth Certificates are fraud.

Question 2: Were both of Obama's parents American citizens?

Answer: No, according to Obama. He says his father was a Kenyan visiting student, a subject of the United Kingdom, who would have transferred U.K. citizenship to his son, if indeed Barack Hussein Obama I were his father. Furthermore, if Stanley Ann Dunham were actually his birth mother, she may have been too young to confer U.S. citizenship upon Obama, making him not a dual citizen, but a U.K. citizen only, and not qualified to be POTUS.

According to Obama's book, Obama was adopted by his stepfather, an Indonesian named Lolo Soetoro. If that is the case, the original birth certificate from USA would have been changed. Why wasn't it? If the certification of live birth is a legitimate reflection of his long-form birth certificate, why wasn't it updated with the adoption? Further, Obama moved to Indonesia with his stepfather, attended elementary school registered as Indonesian/Muslim, raising even more questions about his citizenship, not just his status as a "natural born citizen."

What prompted Obama to release birth certificate?

Obama's written request to Hawaii DOH last week came the day after a book, "Where's The Birth Certificate" by investigator Corsi hit No. 1 on Amazon. And, Obama knows that on May 2, the court case that is expected to finally force him to prove his citizenship status and expose his fraud and treason filed by United States Justice Foundation is scheduled for hearing. Of course Donald Trump's celebrity status demanding proof from Obama; and, polls showing over half of Americans believe Obama was born in Kenya are also likely to put a damper on Obama's announced intention to try to be elected to a second term if the eligibility questions are not resolved, early like now. But its more fraud.

The Washington Post report explains the decision came about because of the president's distress that questions about his eligibility were dominating news, while his propaganda was suddenly taking a back seat. Dan Pfeiffer, White House comms director, said the issue closed in 2008 when Obama shut the door with his fraudulent short form Certificate of Live Birth from DOH.

O's concerns had been raised when he was interviewed by ABC's George Stephanopoulos – and he expected a discussion of financial issues.

Instead, he was peppered with questions about his citizenship eligibility. Obama, described by the Post as incredulous...a subject Obama considered 'frivolous, was dominating, and he was warned that the questions might confront his re-election efforts. So it was on April 22, Obama asked about getting a copy of his long form birth certificate from Hawaii.

Suddenly, Obama was the driving force behind getting his birth certificate, the one he blocked for two years, the one his good buddy Hawaii governor Neil Aberblabbercommie made headlines promising to produce from DOH or Archives but finally declared he could not find it. Yes, he could not find it.

Now, with Barack Obama's Hawaiian birth documentation to its highest level ever, the State of Hawaii suddenly started enforcing a policy that no one - not even the president of the United States - can obtain a copy of his own birth certificate from the state's Department of Health. Smells like a cover up to me!

Obama's attorney Corley obtained an EXEMPTION from standard Hawaiian DOH laws, which prohibit copying long form birth records. Surprise?

Dr. Jerome Corsi has described his book "Where's the Birth Certificate? The Case that Barack Obama is Not Eligible to Be President," as the result of three years of research. "I traveled to Kenya and to Hawaii. I have hired private investigators and had the help of inside sources in Kenya, Indonesia and Hawaii. The book will contain startling new information, and with documents the public has never seen before."

Even though the president has released a document as his birth certificate, the controversy over his eligibility remains, since those who are concerned about upholding the Constitutional requirements for President where Obama seems ineligible have said a Hawaii birth was only part of the puzzle, because both parents must be American Citizens as well, as are McCain's parents.

Obama still has not released passport records, kindergarten records, Punahou school records, Occidental Collegerecords, Columbia University records, Columbia thesis, Harvard Law School records, Harvard Law Review articles, University of Chicago articles, Illinois State Bar Association records, Illinois State Senate records and schedules, medical records, Obama/Dunham marriage license, Obama/Dunham divorce documents, Soetoro/Dunham marriage license and adoption records. Obviously, Obama's newly released long form BC – verifying Kenyan national Barack Obama Sr. as the father – actually proves his ineligibility, because the definition of the Constitution's requirement for only a "natural born Citizen" to be president as understood with the document was written would exclude those with a parent who is not a citizen of the U.S. PAU!

Gasoline Prices Reflect Obama-economy inflation Debt Crisis

Why is price of gasoline suddenly so high? Its kind of a long story, but it starts like this: Traditional history courses were torn down in favor of "queer" studies, black studies, Asian studies, women's studies; language was deconstructed in order to remove its capitalistic foundations; traditional sexual mores were torn asunder in the name of "tolerance." Barack H. Obama usurping the Office of President was the result, and crashing of the dollar causing the rise in price for gasoline is what he does in order to push his socialist dictatorship in place of existing Law of the Land Constitution for the United States of America limits on powers of government.

As the numbers show, the debt cannot be repaid without dollar debasement. That means it takes more dollars to buy the same gallon of gas.

If the US were a company, it'd already be in Chapter 11. This should be a WHOPPER of a big story, though it somehow has not caught the attention of most people except then they get to the gas pump, and slowly the food stores prices are increasing, too. Can you spell INFLATION ?

Obama's Treasury Department has projected that the government will reach the \$14.3 trillion debt-ceiling limit no later than May 16 and run out of options for avoiding default by early July. Guess what the price of gasoline will be then?

The Obama-thing in America: We're going to live at the expense of our neighbors. For the first time in modern history, the government is paying out more money, in cash, to citizens, than it is taking in taxes. We spent \$2.3 trillion on direct benefits to taxpayers last year, while the government's total income was only \$2.2 trillion. Roughly 60% of all Americans now receive some significant financial benefit from the government. Meanwhile, less than 50% of all people pay any federal income taxes. And roughly 10% of all taxpayers foot virtually all the significant income taxes levied.

Guess how much federal taxes you pay on a gallon of gasoline!

Do you think Obama's Justice Department will announce a thorough investigation into the activities of the Federal Reserve? Nope. Do you think they will bother to explain to the American people how the Federal government used all its powers and trillions of dollars in new money to save Wall Street's biggest banks, to bail out highly leveraged insurance companies, and to prop up our country's automakers? No, no, and no.

Do you think anyone will explain how, by creating trillions in new money and credit, Obama solved our economic problems? BTW, it is not Constitutional to charge one citizen a different rate of tax than another. We all ought to be equal under the law, regardless of our income.

Likewise, I don't believe the government ought to be involved in paying for medicine. Why not? When is the last time in history a government did a good job distributing a highly complex, incredibly expensive good or service that had an essentially endless demand? The track record isn't promising.

Bet the price of gasoline went up while you were reading ? Tanks Obama!

Book Review: Waves of Resistance Surfing and History in Twentieth-Century Hawai'i

Author : Isiah Helekunihi Walker

Hawai'i is known for the sport of surfing. In *Waves of Resistance*, author Isiah Helekunihi Walker maintains that throughout the twentieth century Hawaiian surfers have successfully resisted colonial encroachment in the po'ina nalu (surf zone).

Beginning with Chapter 1, A Hawaiian History of Surfing, from ancient with black and white photographs of notable Native Hawaiian surfers including royalty and moving on to the modern California surfers and surf contests. How the 1960 anti-development Save Our Surf, to the successful professional Hawaiian surfers like Eddie Aikau, inspired a newfound pride in Hawaiian cultural identity and finally the North Shore's Hui O He'e Nalu negotiated some of the stereotypes of

modern day Hawaiian surfers. Walker also discusses the pojina nalu as a pu'uhonua for native Hawaiian surfers, and where it became a place where resistance proved historically meaningful and where colonial hierarchies and categories could be transposed.

Waves of Resistance is well-researched from written sources, oral interviews, creating a comprehensive narrative from the Hawaiian surfers' perspective. [*Waves of Resistance: Surfing and History in Twentieth-Century Hawai'i*; Walker, Isiah Helekunihi; University of Hawai'i Press; paper; pp225]

El Dorado Adventist School Students Introduction to Guns

A private school in California could soon offer its students a new, decidedly less traditional subject to add to their curriculum: handguns.

The El Dorado Adventist School, a small, private Seventh-day Adventist Christian school in Placerville, has reached out to community firearm experts in the hopes of educating its students on handgun safety.

School principal Larry Ballew said the proposed introductory handgun course would help students familiarize themselves with the skills and responsibilities necessary for gun ownership. He tapped Big Horn Gun Shop gunsmith, range safety officer and county concealed weapons permit instructor Geof Peabody [photo below in white pants] to design and teach the course. Bill of Rights 2nd Amendment:
“A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed.”
Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."
 (Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. Gun Rights Not about Sports, Hunting. Gun Right Protect us Against Tyranny!

ATF is trying to re-define the law?
 And they've got their anti-gun sights set on your SHOTGUN.

In January, the Bureau of Alcohol, Tobacco, Firearms and Explosives released a document announcing a study that would dramatically tighten regulations on shotguns.

With the tacit approval of the Obama Administration, the ATF hopes to use bureaucratic rule changes to ban the importation and sale of certain shotguns based on their twisted view of the "sporting purposes" clause in the 1968 Gun Control Act.

There's one major problem: the purpose of the Second Amendment is to protect citizens -- like you and me -- from a tyrannical government.

This proposal by the ATF is an all-out flank attack on our right to keep and bear arms. The ATF's ridiculously anti-gun study suggests that certain, and in many cases very random, criteria would make a shotgun unable to be imported. Those random criteria include:

- Folding, telescoping or collapsible stocks;
- Bayonet lugs;
- Flash suppressors;
- Magazines over 5 rounds, or a drum magazine;
- Integrated rail systems;
- Light enhancing devices;
- Excessive weight (greater than 10 pounds for a 12 gauge);
- Excessive bulk;
- Forward pistol grip.

You read that right. Excessive weight and bulk will get your shotgun banned. You and I both know, none of the items listed make a firearm more or less dangerous.

It is a list of completely arbitrary items that have more to do with appearance than anything substantial.

The ATF might as well say they don't want anything "black" to be imported -- it would be just as illogical.

But the ATF has made a mistake, and I need you to capitalize on it.

They have opened up a comment period -- open until April 30 -- by which the general public can voice their opinions on this "study."

That means gun owners like you and I, simply MUST make our voices heard by the anti-gun bureaucrats in Washington. They think that they quietly slip these regulations through without taxpayers and voters making a fuss. Gun owners must let them know we're watching their every move.

Contact the ATF and tell them to keep their hands off your shotgun and to ditch their ridiculous, anti-gun study.

Got your guns, yet? MAKAAALAS !!

Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!
 Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

Great Grandfather's Drum

Earlier this year, a story celebrating Japanese American culture and history in Hawai'i premiered at the historic Iao Theater on Maui. *Great Grandfather's Drum* is an inspiring century-long story of a taiko tradition that has been nurtured

and celebrated by nisei, sansei and yonsei descendants of immigrants from Japan who toiled in the sugar cane fields and built a community a century ago.

Photographs of old Maui, stories by nisei of growing up in the plantation camps, colorful video of recent obon celebrations on Maui and the culminating travel to Japan by Maui Taiko members brings together a significant chapter in Hawaii's history. The heartwarming interviews of old timers and young people tell the story of the taiko tradition, culture and way of life. As obon season approaches, the meaning of the summer festival brought to Hawaii by the early immigrants, was forced out of practice by the events following Pearl Harbor is now celebrated by all ethnic groups and brings together communities as Taiko and obon celebrations did in the early

1900s. *Great Grandfather's Drum* is an inspiring story of struggle and success -- of plantation life, patriotism during World War II and helping to create statehood for Hawai'i. This 1-hour Public TV documentary celebrating the spirit of Japanese Americans in Hawaii brings meaning to "Gaman" -- patience and tolerance.

The Tenth Amendment

"The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."

Three Unanswered Questions:

Was Barack Obama Born in Kenya?

Is He Really a Citizen of Indonesia?

Does the Constitution still Matter?

We the People

OBAMA IS A USURPER!

U.S. Constitution, Article II, Section 1, Clause 5 . . .

No person except a natural born Citizen, or a Citizen of the United States, at the time of the Adoption of this Constitution, shall be eligible to the Office of President; neither shall any person be eligible to that Office who shall not have attained to the Age of thirty five Years, and been fourteen Years a Resident within the United States.

DEFINITION

The natives, or natural-born citizens, are those born in the country, of parents [both] who are citizens.

Emer de Vattel, "The Law of Nations and Principles of Natural Law," Vol. 1, Chap. 19, Sec. 212

"Citizen" of the U.S. if he was physically born in Hawaii, not born elsewhere and falsely registered as born there after the fact.

At birth, Barack Obama acquired dual citizenship through his British **non-U.S. citizen father**. Our Founders excluded dual citizens from eligibility to the Presidency for national security reasons.

Every military order Barack Obama gives as Commander-in-Chief, every bill he signs into law, and every executive decision he makes while unconstitutionally seated in the Office of President, are unconstitutional, and hence illegal. Obama is NOT a "natural born Citizen" of the USA.

The U.S. Courts and Congress **MUST** address the merits of the charges for this constitutional issue, and constitutionally remove Barack Obama in order to preserve, protect and defend the Constitution of the United States. This is their sworn Oath to the Constitution and to the American people.
