Swine Flu and Martial Law Planned for Your Future

report by George Peabody for The MAN

The so called "pandemic" Swine Flu that, oddly, in a never-before-seen manner, shows contamination with DNA from human flu and avian flu. This is evidence of a bio-engineered, weaponized virus, aka, the Swine Flu (H1N1)

Makaala! The government's SWINE FLU: is a GMO!

This is evidence of a bio-engineered, weaponized virus, and countries around the world are reacting to the Swine Flu (H1N1) outbreak in Mexico with quarantines and travel warnings. The United Nation's World Health Organization [WHO] convened an emergency meeting to develop a response to the "pandemic potential" emerging from Mexico, although officials in the US refuse to even close the border. [Janet Napolitano of Homeland Security has instituted "passive surveillance" of travelers entering the country; Lingle does nothing in Hawaii.]

Martial law in the United States is proposed if the outbreak turns into a global pandemic, [as WHO seems to think it will if keiki kiss infected pigs], along with quarantines. In fact, the government has planned for just such a scenario.

Mothers' Day For anti-War Protests!?

Forget the commercialization that has so thoroughly co-opted this Mothers' Day holiday for a moment and go back to its original meaning: War Protesting.

In 1870, after witnessing the bloody Civil War, Julia Ward Howe—a Boston pacifist, poet, and suffragist who wrote the "Battle Hymn of the Republic"—proclaimed a special day for mothers to oppose war. Howe wrote, "Our husbands shall not come to us reeking with carnage. ... Our sons shall not be taken from us to unlearn all that we have been able to teach them of charity, mercy and patience."

For the next three decades, Americans celebrated Mother's Days for Peace on June 2, not May 10 as we do this year 2009. Women political activists of Howe's era fought to end U.S. initiated wars, end death penalty by local lynching and to end child labor, trafficking of women, and consumer fraud. Wake Up Moms!

The original Mothers Day Proclamation

by Julia Ward Howe, born 27 May 1819, died 17 October 1910

Arise, then, women of this day!

Arise all women who have hearts, whether your baptism be that of water or of fears!

Say firmly: "We will not have great questions decided by irrelevant agencies. Our husbands shall not come to us reeking with carnage, for caresses and applause. Our sons shall not be taken from us to unlearn all that we have been able to teach them of charity, mercy, and patience.

We women of one country will be too tender of those of another country to allow our sons to be trained to injure theirs.

From the bosom of the devastated earth a voice goes up with our own. It says, "Disarm, Disarm!"

The sword of murder is not the balance of justice! Blood does not wipe out dishonor nor violence indicate possession.

As men have often forsaken the plow and the anvil at the summons of war, let women now leave all that may be left of home for a great and earnest day of counsel. Let them meet first, as women, to bewail and commemorate the dead.

Let them then solemnly take counsel with each other as the means whereby the great human family can live in peace, And each bearing after her own time the sacred impress, not of Caesar, but of God.

That said, here is a Letter to Editor dated May 9, 2009:

A MOTHER AND HER HUSBAND SPEAK OUT TO OUR POLITICIANS

In this country Free Speech has been guaranteed to the American people as their right, along with other rights.

To date, it is slowly being snuffed out, seeing the entire and large folder of those professors, politicians and other professionals have been thrown out of their jobs, or are being denied tenure at our universities.

This has got to stop. As you can see below, this Israel Lobby's bill, the Global Anti-Semitism Review Act, will completely stop our most precious freedoms.

In Europe, certain books and certain parts of speech are denied, especially in Germany, which is perfectly ridiculous. And now, we will suffer the same if this cruel and anti-American law goes through.

Not only that, we believe that the troubles that America is now having, are due to the power of this lobby which chooses to put Israel first, letting the American people suffer.

No more funds should be put into Israel's hands, no more War Equipment given or sold to Israel. We have a right to protest, and during the past few decades, many have been killed only because of the machinations of Israel's desires.

STOP FUNDING ISRAEL NOW. STOP GIVING POWER TO AIPAC. STOP ISRAEL FROM MURDERING PALESTINIANS. STOP ISRAEL FROM CREATING WARS IN ARAB AND MUSLIM COUNTRIES.

HOW MANY MOTHERS IN PALESTINE ARE GOING TO BE KILLED BY OUR U.S. WAR EQUIPMENT? Thank you for reading this.

Sincerely, Paul Bradford and Carol Bradford

In late 2007, the Bush administration issued a "directive" establishing a "National Strategy for Public Health and Medical Preparedness" based on Homeland Security 21 directive defining a "catastrophic health event" as "any natural or manmade incident, including terrorism, that results in a number of ill or injured persons sufficient to overwhelm the capabilities of immediate local and regional emergency response and health care systems."

HSPD 21 is teamed up the Department of Health and Department of Defense to "carry out respective civilian and military missions," with guidelines for US military services and combatant commands as published in a document entitled "Implementation Plan for Pandemic Influenza."

DoD's "Implementation Plan for Pandemic Influenza" proposes nothing less than the militarization of health care. In short, the military — provided to "augment civilian law enforcement" — will be used to vaccinate the population, as "directed by the president."

Other possible scenarios include US troops being called in to put down riots, guard pharmaceutical plants and shipments, and help restrict the movement of people inside the country, just like in Iraq. The military would be used to evacuate non-infected people. In other words, think FEMA during Hurricane Katrina — relocations, the toxic camps, the confiscation of firearms.

Considering the above, the purpose of the brand spanking new KBR camps ostensibly built for "an emergency influx of immigrants into the U.S., or to support the rapid development of new programs" comes into focus.

As Michel Chossudovsky wrote in 2005, the "hidden agenda consists in using the threat of a pandemic and/or the plight of a natural disaster as a pretext to establish military rule" and "suspend Constitutional government and allow the Military to intervene in civilian affairs in violation of the Posse Comitatus Act."

Bush said as much when he announced that in the event of a flu outbreak in the U.S. he would consider using the military to "effect a quarantine" and place National Guard troops under federal, rather than state, control.

The Northern Command announced the transfer of the 3rd Infantry Division's 1st Brigade Combat Team and its "dedicated assignment... as an on-call federal response force for natural or manmade emergencies and disasters, including terrorist attacks." Training for homeland operations [Urban Warfare as in Iraq] commenced last year at Fort Stewart and at Peterson Air Force Base in Colorado.

The military has steadily increased its collaboration with local law enforcement in violation of Posse Comitatus, and with a massive Checkpoint Operation in Tennessee that clearly Violated Posse Comitatus and the 4th Amendment.

Molokai High Senior Wins Top Takitani Foundation Award

Estrella Madani of Moloka'i High School Receives Top District Award From the Mamoru and Aiko Takitani Foundation, Inc.

As the Maui School District winner and a state finalist, Estrella Madani of Moloka'i High School received a \$3,000 scholarship. She is the daughter of Laurie and Mateo Madani.

Estrella was class president in the 9th and 10th grades, Student Body president in the 11th and 12th grades, marketing chairperson for the Drama Club, and vice president of the National Honor Society. A member of the Moloka'i High School Math Team, Varsity Cross Country, Soccer, and Track and Field teams, Madani also volunteered at the Molokai Humane Society and participated in numerous community service activities with the LEO Club.

Nine seniors from other Maui schools also received \$1,000 scholarships: Jenna Takushi of Henry Perrine Baldwin High School, Lucas Weigang of Hana High School, Elena Abe of King Kekaulike High School, Hailey Gill of Lahainaluna High School, Sabrina Lynn Samonte of Lana'i High and Elementary School and Natasha-Amber Sensano of Maui High School.

The scholarships were presented at an awards luncheon on Saturday, May 9, 2009 at the Wai'ala Country Club in Honolulu, according to press release from Bright Light Marketing Lynette Lo Tom.

Leave Kalaupapa alone No Dredging Harbor

There was a time when Hansen's disease patients were not considered fully human. They were herded like animals, separated from family; they were shipped like cargo to Molokai, and in the rocky waters off Kalawao, they were dumped like garbage, left to sink or swim. Because most were weak and infirm, many did not make it to shore. Those who did had it no better. These ill people were expected to homestead on their own, growing sweet potatoes, building their own houses. What a cruel joke! These people were seriously ill and in need of care. This was at the very beginning, before the churches were involved. Needless to say, most patients perished.

Meanwhile during this time in history, this same racist logic had firm rooting in North America. The Chinese Exclusion Act forbid the Chinese who had immigrated to build the railroads, from working any jobs other than the most menial. Jim Crow was in full swing. It was considered essential to the economy that people of color be subjugated, exploited, and denigrated. It sounds preposterous today, doesn't it?

Tragically, an exploitation continues to which people are as blind today, as they were to the racism of a century ago. That is the exploitation of the planet. Many people still believe the planet doesn't matter, just as they used to think that people with leprosy didn't matter.

Which is why I am writing on the General Management Plan at Kalaupapa. When I heard about the proposal to dredge near the pier in order to accommodate a jumbo-sized barge, I was horrified. Anyone who has been to these waters know these are arguably the most pristine waters in Hawai'i, outside of the Northwest Hawaiian Islands. The excuse they give us for having to dredge is that it would be economically unfeasible to build and operate a smaller barge. This was the same logic that people used to legislate barring Chinese- or African-Americans from prospering. Supposedly, it would have cost too much money to the rest of society to lose that cheap labor. This was the same logic that justified cruelty to those with Hansen's disease in Hawai'i. Supposedly, it would have been too expensive to build accommodations for them, let alone an infrastructure. This was an era when there was nothing at all preposterous about bottom line determining if we treat others with humanity or not.

It is time to understand that the preservation of our planet's resources is also more precious than bottom line.

The 21st century will be the era where we all come to the realization that the planet isn't here to take lightly, to exploit, subjugate and denigrate. The marine ecology at Kalaupapa is a wondrous pocket of irreplaceable resources. The crystal waters, teeming with life, must remain so, and we must do everything in our power to preserve it.

Father Damien led the international community to look outside the box, and view those with leprosy as part of humanity. Who among us has the courage to stand up for the environment, which has no voice, as Father Damien stood up for the afflicted who also had no voice, and who were also considered expendable?

What is particularly unfortunate about this public input process is that precious few have ever spent significant time at Kalaupapa, or even visited (which is precisely why it remains so lovely and the waters so pristine). That means that this process guarantees that there will be only an infinitesimal fraction of comments in opposition to the dredging submitted, compared to what would otherwise be submitted if people were more personally familiar with Kalaupapa. Most people in Hawai'i have no idea what is at stake with the dredging because they've never been to Kalaupapa. It would be like dredging Hanauma Bay on O'ahu, an equally preposterous idea, which, if proposed, would elicit thousands of outraged letters, because everybody has been to Hanauma Bay.

However, we are blessed to have the technology to build and operate a small barge that can work in the existing pier. Let's do it! Let's use our technology to save the planet — not to be cheaper, faster, bigger. Citing supposed "prohibitive costs" as an excuse to desecrate this place is a bean-counter's short-sighted view of humanity's future. This type of thinking from the last century has already brought all of life on Earth to its knees, with climate change, acidification of the seas, that there is 100 times more plastic than plankton in many parts of the Pacific Ocean, desertification of the continents, depletion of forests and so many other resources, and the list goes on...

The 21st-century mandate to save the planet starts at the local level. Let's start at home, here in Hawai'i, at Kalaupapa. Let's be a model for the rest of the country, and the rest of the world. We must not dredge near the pier at Kalaupapa.

Gun Control Killed 170 Million People

After every mass shooting, we hear the unenlightened politicians and knee-jerk liberals wailing, "If we can save just ONE life by getting guns off the street, then it is worth passing stricter gun control..."

Well, the next time you hear that from anybody, I want you to respond with: "Over 170 million people would disagree with you... if they could. You can't talk with them, because they are dead! They were killed by their own governments after strict gun control disarmed them."

Then I want you to hand them a copy of Innocents Betrayed, an award-winning documentary DVD that I co-produced with Aaron Zelman and Jews for the Preservation of Firearms Ownership (JPFO).

WORLDWIDE HISTORY OF GUN CONFISCATION

In 1929, the Soviet Union Jewish Dictators established gun control. From 1929 to 1953, about 20 million Russian dissidents including Jews, unable to defend themselves, were rounded up and exterminated...

In 1911, Turkey established gun control. From 1915 to 1917, 1.5 million Armenians, unable to defend themselves, were rounded up and exterminated.

Germany established gun control in 1938 and from 1939 to 1945, a total of 13 million Jews and others who were unable to defend themselves were rounded up and exterminated.

China established gun control in 1935. From 1948 to 1952, 20 million political dissidents, unable to defend themselves, were rounded up and exterminated.

Guatemala established gun control in 1964. From 1964 to 1981, 100,000 Mayan Indians, unable to defend themselves, were rounded up and exterminated.

Uganda established gun control in 1970. From 1971 to 1979, 300,000 Christians, unable to defend themselves, were rounded up and exterminated.

Cambodia established gun control in 1956. From 1975 to 1977, one million educated people, unable to defend themselves, were rounded and exterminated.

USA, Waco, Texas 1993 U.S. military from Fort Hood, Texas, led by General Wesley Clark planning and training for the military attack upon the 82 men, women and children at WACO which resulted in their horrible deaths as their church complex went up in flames after being under siege for over 50 days?

The massacre at WACO was one of the worst atrocities in our country, perpetrated by Bill Clinton, Janet Reno, BATF, FBI, and US military against defenseless American Citizens. It was followed by a massive coverup and a phony investigation, and surviving victims imprisoned and tortured.

"A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

Enforce the Bill of Rights !

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.

Time For Everyone to "Offend" the MPD

And Rep. Joe Bertram is right: DARE is an ineffective program beloved by police departments and DOE. However, it doesn't work. It's ineffective in preventing drug use. California doesn't let DARE into its schools. And it's a waste of state and city money (and not eligible for federal funding).

State Rep. Joe Bertram III, D-11th (Makena, Wailea, Kihei) has now angered the Maui Police Department, pretty much the same as Molokai resident and MPD critic George Peabody editor for The MANonline [aka The MAN]

Bertram sent a letter to Maui police on suggesting, in these tough economic times, that they stop funding Drug Abuse Resistance Education [DARE] and the marijuana eradication task force program.

The representative, who wants to expand the state's medical marijuana program, wrote that DARE has proven unsuccessful and the marijuana eradication program "infringes on the privacy of medical marijuana patients and the noise is a disturbance of the peace."

The Maui Police Department's response from Deputy Chief Gary Yabuta is, "We were quite aware of Representative Bertram's position on the legalization of marijuana issue; however, we find his criticism of the DARE Program offensive."

OFFENSIVE !! Hell, the MPD War on Drugs-goon squads are OFFENSIVE; Tasering people is deadly offensive, false arrests, lies, tampering with evidence, perjury are daily MPD offensive actions, says George Peabody, who got the MPD "offensive" reactions over the past years regarding War on Drugs, and now MPD captan "Jody" has put him on a reject list of those excluded from MPD email communications because of criticism of MPD's abuses of citizens, violating the Constitution, racketeering, and some factual information about her president Obama's fraud and treason that require police enforcement action that she won't initiate. Why does Capt. Jody dear descriminate against The MAN? She said she considered his emails to be "offensive". Seems to be a buzz word for MPD lately. Must be one of the things she learned in her recent trip to DC FBI training is to cut off communications with American Citizens then do whatever you want regardless of the restrictions of police powers imposed by the Constitution for the united States of America, aka The Law of the Land; and, ignore the sovereignty of We The People. Oh, yes, that will force Citizens to "respect" MPD employees?? awue!

So what has Rep. Joe Bertram asked of the Maui police that is so offensive?

It seems that the Maui police department didn't like the idea of discontinuing the DARE program, and found Bertram's criticism to be "offensive." Bertram's suggestion that in hard economic times it would be appropriate to give up this program would be a good idea any time, really. The problem is that the Maui police have had too much invested in DARE for a long time, and have pulled the wool over parents' eyes on its lack of effectiveness. Oh, yes. How offensive it would be if the parents who stick those DARE bumper stickers on their car who have been misled to thinking that their children are now drug-proofed, if the parents found out the truth that kids learn more about drugs to try out through DARE!

Cops have become addicted to the money they get for the program and they love how DARE teaches children to rat on their parents. [DARE graduate called the police on his mother after finding marijuana in the house, receives a \$1,000 from drug busters. A criminal justice report called DARE a failure earlier this year. In April, Mass. Lt Governor Kerry Healey said she would not recommend resurcting state funding for the DARE program. State funding for DARE was cut in 2002 by Acting Governor Jane Swift from \$4.3 million to \$200,000.

Imagine instead that students understood the need for prevention and treatment and encouraged parents with drug problems to seek help.

So yes, DARE should be discontinued on Maui and anywhere else in Hawaii where that particular con is active. We The People SHOULD "offend the police".

Rep. Joe Bertram is right! George Peabody is right! **Lets OFFEND MPD!**
