Racist Akaka Bill is DEAD

He maka'ala mau loa i ke kumu ku'oko'a Eternal vigilance is the price of freedom.

No people who have to ask to be Sovereign, will ever be.

report compiled by George Peabody for The MAN

The US Senate voted 56-41 in Washington, D.C. last week to reject Hawaii senator Dan Akaka's efforts to bring the Akaka bill to the floor for debate and a vote.

While people in Hawaii are divided over the bill, it had the solid support of Hawaii's Democrat congressional delegation, OHA, and the Republican Administration of Lingle/Aiona. She and Hawaii A. G. Mark Bennett wasted taxpayers' dollars in D.C. before the vote to lobby Republican senators to support the ill-advised bill.

The Akaka bill, originally introduced in 2000, would create a process for a Native Hawaiian government to be recognized by the federal government, similar to the political status given to American Indian tribes. But, thousands of Native Hawaiians protested against the bill itself, as well as the lack of public hearings or local vote.

Opponents said it would create an unconstitutional, race-based government. Sen. McConnell said the bill "violates the letter and spirit" of the Constitution. "The way this bill tries to maneuver around this unconstitutionality is by ... creating a new tribe of Native Hawaiians," he said. "But this new tribe is a shell game. As recently as 1998, the state of Hawai'i itself acknowledged that the tribal concept has no historical basis in Hawai'i." Sen. John Cornyn concurred, adding that Congress couldn't "simply and arbitrarily" create an Indian tribe where none existed before.

U.S. Civil Rights Commission objected, this bill risks "further subdividing the American people into discrete subgroups accorded varying degrees of privilege." The Akaka Bill raises the serious threshold constitutional issues that arise anytime legislation seeks to separate American citizens into race-related classifications rather than "according to their own merits and essential qualities." Indeed, in the particular context of native Hawaiians, the Supreme Court and lower Federal courts have invalidated state legislation containing similar race-based qualifications for participation in government entities and programs."

Senate Republican Majority Leader Bill Frist reported that Senator Akaka recently made clear that this race-based Native Hawaiian government would have been under no obligation to remain within the United States or to adhere to the most basic of our political principles: "[T]he governing entity will make a decision as to what happens to independence or returning to the monarchy."

Many local people want those responsible to be held accountable. Ken Conklin gave this litney: "Shame on Governor Linda Lingle for squandering her political capital in Washington on the Akaka bill when there are so many productive things she might have used it for. Shame on Attorney General Bennett whose title tells us he surely knew (or should have known) all along that this bill is bad policy and worse law. Shame on our Legislators for repeatedly voting in favor of resolutions supporting the Akaka bill even when some of them privately said they think it's disgusting. They are cowards, and they also refused to place the issue on the ballot for Hawai'i's people to vote. Shame on them all, plus the OHA trustees, for spending many millions of dollars of our government money on lobbying, advertising, consultants' fees, postage, first-class travel, etc. Shame on them all for putting us through this wringer for so many years, causing divisiveness in this land of Aloha. It's time for the people of Hawai'i to stand up and be counted. *E ku'e kakou i ka palapala a Akaka, a me na po'e kako'o ana kela.* (Let's all stand opposed to the Akaka bill and to the people supporting it).

George Peabody, who is challenging Lingle for the GOP nomination for Governor in the Primary, said he is happy the Akaka bill is dead. "The record shows I have opposed this racist bill from its inception, and that is a very significant contrast to Lingle's history of racial bias," he said. "There is no reason why Hawaiians or any other ethnic, racial, political or religious group in the world may not exercise their own degree of local sovereignty without requesting federal recognition, and still be part of the whole of society. The fact that the republican FORM of government is not allowed to function as mandated by our Constitution

for the United States of America is the root of all political chaos. Read the Constitution for the United States of America and the Bill of Rights, then you may understand the advantage of republic government that vests the crown upon every man in his own right. The problem is caused by people who don't recognize their own God-given sovereignty — they demand socialism and "Give us a King, a Queen!" instead of "give me liberty or give me death! Time to vote out of office all the incumbent Democrats and Republicans! Enforce the Bill of Rights, and let this defeat of the racist Akaka bill be the start of a Revolution for equality under law, and sovereignty of The People."

Alu Like - Moloka'i Celebrates a Special Time and Special Kupuna

Ho'okupu from friends and co-workers for Aunty Anita Naeole Arce, included lei from Kupuna Kauila Reyes, Judy Mikami and Josephine Manaba.

A 30th Anniversary Celebration, Founders' Day Special Tribute to Aunty Anita Arce and Honors for Na Lei Hulu Mamo (Our Precious Kupuna) was observed on Wednesday, June 7th at Kulana 'Oiwī Halau.

It was an occasion for special Oli Aloha by the Moloka'i Alu Like staff, with interpretation by Vanda Hanakahi, who wrote the Oli at the request, many years ago by Aunty Anita Arce and help from Kumu Hula John Kaimikaua. The Oli Aloha describes the Island of Moloka'i, its significant landmarks and historically important architects/engineer who symbolize the work of Alu Like with Native Hawaiians from infancy to kupuna. In these thirty years, Alu Like's greatness of work followed the path to all areas of Moloka'i.

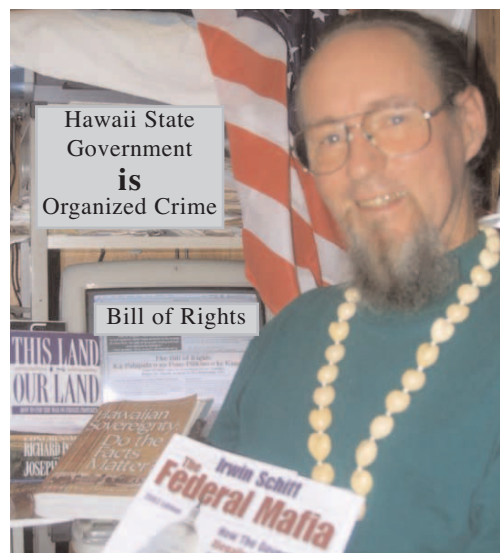

Kupuna Anita Arce, was honored for her contributions to the lives of opio, makua and kupuna as Alu Like's Outreach Facilitator since 1991. Aunty Anita is recognized as a practitioner of Ho'oponopono, La'au Lapa'au, Lomi lomi and Ai Pono.

Aunty Anita Naeole Arce received the 2005 Kaonohi Award by Papa Ola Lokahi for her significant contributions towards improving health of Native Hawaiians and Hawaiian families. Her work with the Alu Like Offender/Ex-offenders Program back in the 1990s, and as a founder of Kahua Ola Hou are just two of the projects she has been the kumu for so many. In his tribute, Wayde Lee describes Aunty Anita, "She taught me many things, to be humble, God comes first, give freely, take care of your kuleana." She gave the name Kahua Ola Hou-- The Foundation for a new beginning, for the 21-day, 24/7 wellness center that provides pu'uhonua for youth between ages 14-21 who are affected by substance abuse within their families. Wayde Lee describes Aunty Anita's wisdom for the center's participants, "Make them healers...of themselves."

Married to Stephen Arce, Sr. since 1943, Aunty Anita and her husband had seven children -- "uku pile a kids" as Wayde Lee told of Aunty Anita's contributions to our community. Some of her 20 grandchildren and 21 great grandchildren were there to hear tributes to their kupuna. Aunty Anita continues to recover from a stroke, but she greeted her friends, family and co-workers at last week's celebration with undiminished warmth, grace and presence. As her daughter Lynn said, "Mom is a true believer in Alu Like's mission."

IRS Begg to Dismiss Case!

report edited by George Peabody for the MAN

On May 12, 2006 in Peoria, Illinois, the attorney for the U.S. Department of Justice (IRS/DOJ) begged the court to dismiss all charges against IRS victim Robert Lawrence in federal District Court. [IRS crimes are coming public!-The MAN]

Robert Lawrence knew his rights under the IRS laws, and IRS/DOJ attorneys knew that they would not prevail on their Motion designed to keep Lawrence from effectively arguing a defense regarding the fraud of the IRS 1040 form. The IRS/DOJ begged the judge to dismiss the indictment against Lawrence because a public trial would have opened a "Pandora's Box" of legal evidence and government testimony under oath that would establish the IRS 1040 form is both fraudulent and counterfeit.

The IRS/DOJ dismissed the indictment against Lawrence, with prejudice, by a dismissal motion that was filed at 2 p.m. on May 12, 2006, meaning they cannot renew the same false charges against him. Indicting and then permanently dismissing without any court action occurs so rarely as to require the IRS/DOJ to post a public explanation in order to satisfy the public's curiosity about this strange working of justice, but they won't because they do not want American Citizens to know they are not required to file the fraudulent unlawful IRS1040 forms, and the government controlled media will not tell you of this case. You read it in [The MAN](#).

Section 3512 of the IRS/PRA law, titled "Public Protection" reads in part:

(a) Notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply with a collection of information [on 1040 form] if it does not display a valid control number assigned by the Director in accordance with this subchapter [44 USCS § § 3501 et seq.]; or (2) the agency fails to inform the person who is to respond to the collection of information that such person is not required to respond to the collection of information unless it displays a valid control number. (b) The protection provided by this section may be raised in the form of a complete defense, bar, or otherwise at any time during the agency administrative process or judicial action..."

The IRS never submitted a "supporting statement" as required to "identify any legal or administrative requirements that necessitate the collection of info on a 1040, nor did the IRS attach a copy of the appropriate section of each statute and regulation mandating or authorizing the collection of information." and did not include information regarding the "burden" imposed upon the public as a result of the "collection of information." because there is no law that requires American Citizens to file such unlawful 1040 IRS forms.

It is obvious that in accordance with the IRS laws and the circumstances of the dismissal of the Lawrence case that Americans have no obligation to file the unlawful IRS's 1040 forms that bear no current, valid OMB control number. Countless other individuals maliciously prosecuted by the IRS/DOJ do not know their Rights or the IRS's and OMB's obligations to protect them from abuse by the IRS. As a result, the IRS and DOJ conspire at all levels, from senior executives to the lowliest agents and legal assistants, to prosecute, penalize, and victimize innocent Americans for failing to file a bootleg 1040, even though IRS victims have no legal obligation to file it.

The Lawrence case raises serious "abuse of federal power" concerns. Since 1981, the IRS/DOJ's enforcement actions appears to be unlawful, but also OMB employees appear to have willingly looked the other way rather than to require IRS to fully comply with the Law and to report the IRS's miscreant negligence to the U.S. Treasury Secretary and the President.

In addition, various federal judges and their law clerks who know the legal meaning of the phrase, "Notwithstanding any other provision of law," have blatantly ignored the clear and unambiguous meaning of the provisions of the PRA. Instead of heeding it and advancing its protections to the aid of IRS victims, they have waged complicit war against the People for willful failure to file a bootleg 1040 form under a variety of vague, confusing, circuitous, and questionable provisions of the Internal Revenue Code.

Under the facts and circumstances of the last 24 years of IRS abuses, and the 2006 Lawrence case, it is safe to say that IRS Form 1040 is a fraudulent, counterfeit, bootleg form. Government officials responsible for this fraud should be investigated and face indictment for willfully making and sponsoring false instruments, and the malicious prosecutions of American Citizens.

We the People of the United States of America orders your IRS/DOJ minions to immediately follow the law to the letter to protect the rights of American Citizens against further abuses by the IRS/DOJ, lest they face criminal prosecution for violating numerous laws and the Constitution of the United States of America, not the least of which are their oaths of office. Further we demand that you order IRS employees to immediately stop persecuting and maliciously prosecuting those who do not file the fraudulent, counterfeit IRS 1040 form.

What Happened on 9-11-01?

On September 11, 2001, we Americans were the victims of TREASON.
By September 12, we Americans all became the suspects watched by FBI.
Not one single U.S. citizen hijacked a plane, yet President Bush and DOJ, through powers seized and codified in the fascist USA PATRIOT Act, labeled 270 million of us for surveillance, for searches, for tracking, for prison without charges. Welcome to the New World Order! Police State USA!

Chief Justice Admits: NO IRS LAW No Failure To File Income Tax Law Exists

In the transcript of the Oral Argument, Chief Justice of the United States Supreme Court William Rhenquist and the United States attorney (Kent Jones) admit there is NO statute that makes it a crime for "failure to file" an income tax return!

QUOTE: "I'm not familiar with a statute that makes that a crime by itself" "...but the fact that you didn't file...frankly...it's my impression that that would not by itself be a crime". Transcript says on pg. 6 lines 20-25, Rhenquist said: "We'd better not let the word get out"..."We'll keep it just among ourselves"... then laughing.

And they have the nerve to laugh about it, while Americans are being scammed by the fraud of the IRS. Where is your outrage? Do you owe the IRS any income taxes? Probably **not!** Get a free IRS-861-CD from [The MAN](#): 558-8253

America's Jobs Being Exported

Makaala!

Bank of America admits to forcing U.S. workers to train InfoSys/Tata replacements. Last week, further evidence surfaced that U.S. workers are being displaced by low wage foreign workers- this is happening under the radar across the country. This is the program that the Senate wants to expand.

Shirley Norton, a Bank of America spokeswoman, confirmed that while workers aren't being explicitly told they have to train their replacements or risk losing severance pay, they are being instructed that severance pay is contingent on satisfactorily completing their jobs. Completing their jobs, in turn, can include training replacements from India, she said.

A senior engineer at BOA said "They're here to learn our jobs and then leave. Some go back to India, and some settle here, where the headquarters is." Why would BofA hire Indians to work in the United States? "Because they don't actually work for Bank of America," the engineer replied. "They work for Infosys Technologies and Tata Consultancy Services, which are both in India. They do the work at half the cost of what a U.S. worker gets paid.", and they are here on H-1B visas.

American citizens are being forced out of the labor market by imported cheap labor - both for the high end jobs and the low end jobs, laborers, teachers, nurses, farm workers, even the U.S. Army is taking foreigners. This is economic warfare on the American people - and it is being waged on us by the corporate owned puppets in Congress.

"It is also in the interests of a tyrant to keep his people poor, so that they may not be able to afford the cost of protecting themselves by arms and be so occupied with their daily tasks that they have no time for rebellion." - Aristotle in Politics (J. Sinclair translation, pg. 226, 1962)

Now you know why our public education system is being transformed into a system of vocational training - pre-pubescent. In the next decade, there will be very few knowledge jobs in this country - and they will be reserved for the select few who have connections. Police will be military controlled and deeply secret like Nazi Germany.

If you don't like it, think REVOLUTION, and then picture yourself and your family in one of the new concentration camps now being built across Amerika by Haliburton [Cheny etal] with \$385 million Taxpayer's dollars. MAKAAALA !!! Kue!

NOTICE OF PUBLIC MEETINGS

Request of Young Brothers, Ltd, to discontinue its less than container load service for the transportation of cargo to and from Kahului Harbor [Maui] **DOCKET NO. 2006-0120**

NOTICE IS HEREBY GIVEN that the STATE OF HAWAII, PUBLIC UTILITIES COMMISSION ("Commission"), will hold public meetings relating to the Transmittal of YOUNG BROTHERS, LIMITED ("YB"), filed on April 13, 2006, for approval to discontinue its less than container load service for the transportation of cargo to and from Kahului Harbor, island of Maui.

YB is a water carrier authorized to transport property by barge between the islands of Oahu, Hawaii, Kauai, Maui, Molokai, and Lanai. YB's intrastate water carrier operations are subject to the Commission's regulation. YB currently consolidates and deconsolidates cargo at its ports of call for shippers that do not place their cargo in containers.

YB proposes to discontinue its less than container load service for the transportation of cargo to and from Kahului Harbor in order to address the critical shortage of available harbor space at that port of call. YB explains that its proposal, if approved by the Commission: (1) will mean that the consolidation and deconsolidation of less than container load cargo bound for or leaving Kahului Harbor will have to occur at off-harbor sites located away from Kahului Harbor; and (2) motor carriers of property are or will be available as consolidators/freight forwarders. YB seeks to implement its proposal effective from January 1, 2007.

The Commission will hold public meetings on the islands of Maui, Molokai, and Lanai, as follows:

July 3, 2006, 5:00 p.m. Lihikai School Cafeteria 335 S. Papa Avenue Kahului, Maui, HI	July 5, 2006, 5:00 p.m. Mitchell Pauole Center Conference Room 90 Ainoa Street Kaunakakai, Molokai, HI	July 8, 2006, 5:00 p.m. Lanai High /Elementary School Cafeteria 555 Fraser Avenue Lanai City, Lanai, HI
--	--	---

All interested persons are invited to attend the public meeting or meetings to state their views orally, in writing, or both. Written statements may be submitted prior to or at the public meeting. DEAR EDITOR: Superferry?

Some think the Superferry is the answer to better shopping options in Honolulu. Some are concerned that 100 plus cars every day exiting the ferry onto an already congested intersection in Kahului isn't a smart idea. Couldn't we all agree that poorly planned, rushed projects rarely work out?

Maui, Kaua'I and Hawaii County Councils all requested the state Department of Transportation (DOT) to do the research and produce a proper Environmental Impact Statement (EIS) for the project.

"No need" was DOT's reply.

Now it becomes apparent that the Superferry will be taking up limited Kahului Harbor space needed for crucial interisland freight operations. DOT doesn't seem to care that this has created a chaotic situation for local contractors, shops, nurseries and other small businesses on Maui and Molokai.

This is exactly the type of situation that the EIS process is meant to identify and help remedy, before public funds are committed.

Thanks to Senators Shan Tsutsui, Gary Hooser, J. Kalani English and others for asking the hard questions about the Superferry to wisely invest public funds. Thanks to Mayor Arakawa and Maui County Council for requesting the facts, in the public's interest Now we need DOT and the Governor to listen.

The PR campaign about Superferry benefits has been very effective. But how many more bad surprises like the Young Bros freight changes lie ahead? There will be public meetings in June. Tell DOT to do an EIS and get the facts.

Molokai's Forum For Freedom Individual's Sovereignty vs Slavery

"We have staked the whole of all our political institutions upon the capacity of mankind for self-government, upon the capacity of each and all of us to govern ourselves, to control ourselves, to sustain ourselves according to the Ten Commandments of God." —James Madison

Bill of Rights 2nd Amendment:

"A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor." (Decl. of Indep.)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

Where is the REVOLUTION!!?

I remember the bloody year of protests and government oppression in 1968

But as bad as things were then, they seem infinitely worse now as government agents are now more organized as a fascist police state than ever before. So why aren't the streets clogged with angry Americans demanding to know why their president lied and deceived them so he could attack a country that had absolutely nothing to do with his so-called war on terror?

To an extent, we got suckered into Vietnam. We can't make that claim about Iraq. Iraq was the premeditated, willful invasion of a sovereign nation that was threatening nobody. "Saddam Hussein is a dictator who treats women and the Kurds miserably" is no justification. By the principles established by the Nuremberg Tribunal and international law, our president is a war criminal.

So, why aren't Americans marching to demand an end to the illegal surveillance of American citizens by their own government, again under the pretext of waging war on terror? Why do Americans so blithely surrender civil liberties - - the very thing that supposedly separates us from other societies - - to the illusion of homeland security?

All the high-tech snooping in the world won't stop a determined terrorist from striking. If it could, Israel would be the safest country on earth. Why aren't irate Americans camping out in the lobby of every newspaper and TV station from coast to coast, demanding that the press reassert the right to perform its single most important function, that of government watchdog? Why aren't enraged college students occupying their campus administration buildings, and storming every filthy oil company in America,

demanding that their executives be tossed into dark dungeons for cynically manipulating gas prices while raking in obscene profits from the illegal wars on oil rich nations of Afghanistan and Iraq?

In short, where the hell is everybody?

They're at home, tuning in to root for the next "American idol." They're plugged into their iPods, utterly self-involved and disconnected from what lies just outside their doors. They're spending 25 hours a week playing video games in virtual worlds instead of fighting to save the only world that really matters. They're surfing porn. They're text messaging and e-mailing and scheming to close that next big deal. They're flogging their useless crap on eBay. All that technology at their fingertips, and they're completely blind. They're deaf and dumb, too. Enjoy bread and circuses like Rome.

The government and the corporations are giving us bread and circuses to keep us sufficiently distracted so the powers that be can pursue their agendas. Television serves up - Donald Trump and Paris Hilton as role models, and gives us the abomination of Fox News, which is more a wolf in sheep's clothing than any real news. Hollywood only cares about blockbusters, chick flicks and inane buddy movies.

Reality of war and criminals in government doesn't make for good escapism and, more importantly, it doesn't fill pockets of those rich media mogules.

The real voices of dissent and engagement are found on the internet these days, but the internet is simply too diffuse to effectively galvanize a revolution. And we desperately need a revolution.

"Rebellion against tyrants is obedience to God." Thomas Jefferson

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

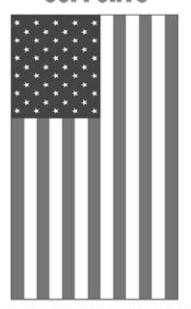

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man. **Wake up ! F.B.I. Says "No hard evidence" connecting Osama Bin Laden to 9-11 attacks

The FBI's Most Wanted Terrorist List website makes no connection between their number one Most Wanted, and the attacks on America on 9-11-01. See it yourself at <http://www.fbi.gov/wanted/terrorists/terbinladen.htm>

The Muckraker Reporter spoke with Rex Tomb, Chief of Investigative Publicity for the FBI. When asked why, Tomb said, "The reason why 9/11 is not mentioned on Usama Bin Laden Most Wanted page is because the FBI has no hard evidence connecting Bin Laden to 9/11."

Surprised by the ease in which this FBI spokesman made such an astonishing statement, I asked, How this was possible? Tomb continued... He has not been formally indicted and charged in connection with 9/11 because the FBI has no hard evidence connected Bin Laden to 9/11. Wow, he said it again!

How that could be true when all the media and the government have clearly accused Bin Laden of masterminding the 9-11 attacks on Twin Towers in New York and on the Pentagon? Did the government and the media lie to the public? And more importantly, if the U.S. government does not have enough hard evidence connecting Bin Laden to 9/11, how is it possible that it had enough evidence to invade Afghanistan to smoke him out of his cave? The federal government claims to have invaded Afghanistan to root out Bin Laden and the Taliban. Through the talking heads in the mainstream media, the Bush Administration told the American people that Usama Bin Laden was Public Enemy Number One and responsible for the deaths of nearly 3000 people on September 11, 2001. Yet nearly five years later, the FBI says that it has no hard evidence connecting Bin Laden to 9/11.

The Ben Laden Wanted Poster of the FBI says in part:

MURDER OF U.S. NATIONALS OUTSIDE THE UNITED STATES; CONSPIRACY TO MURDER U.S. NATIONALS OUTSIDE THE UNITED STATES; ATTACK ON A FEDERAL FACILITY RESULTING IN DEATH

USAMA BIN LADEN

Date of Birth Used: 1957

Place of Birth: Saudi Arabia Sex: Male Height: 6'4" to 6'6"

Weight: Approximately 160 pounds He is left-handed and walks with a cane.

CAUTION

Usama Bin Laden is wanted in connection with the August 7, 1998, bombings of the United States Embassies in Dar es Salaam, Tanzania, and Nairobi, Kenya. These attacks killed over 200 people. In addition, Bin Laden is a suspect in other terrorist attacks throughout the world. [Nothing specific about 9-11]

SO, Who is it that is controlling the media message, and how is it that the U.S. media has indicted Usama Bin Laden for the events of September 11, 2001, but the U.S. government has not any hard evidence? How is it that the FBI has no hard evidence connecting Usama Bin Laden to the events of September 11, 2001, while the U.S. media has played the Bin Laden - 9/11 connection story for five years now as if it has conclusive evidence that Bin Laden is responsible for the collapse of the twin towers, the Pentagon attack, and the demise of United Flight 93?

No hard evidence connecting Usama Bin Laden to 9/11. Think about it.

Want to see recorded evidence that points directly to the President of the United States G.W. Bush, family and friends, Cheney, Larry Silverstein, and all his ilk, and the military, and NORAD, and complicit governors like Linda Lingle, Mayor Guialani, and the government controlled major media TV and newspapers, and sychophant papers like the Dispatch and MacAfee's Island Times on Molokai?

Call The MAN to schedule a group showing of 911 Expose: Loose Change. This documentary might blow your mind's fuzzy thinking about what really happened on 9-11-01, and the fact that our governments agents are complicit in 9-11 TREASON, and are in fact Organized Crime.

Call The MAN 558-8253. Also see WACO Expose, and IRS Expose.

X-Mayor Apana Running Again for Maui's Top Job

Former Maui County Mayor, and three-time councilmember James Apana drew papers today, June 8th, for the 2006 November mayoral elections. Apana served as Mayor from 1998 to 2002 succeeding Linda Lingle. Apana stated, "I'm excited to be running for mayor again. Maui County is my home and I have a deep love for its people. Being out of office for four years I spent time listening to the voices of many people with their concerns. It is evident that Maui County is growing and I have a plan of action to meet the challenges of that growth. I invite all to join me in my campaign to keep Maui County that special place where we live and raise our families."

DEAR EDITOR: DRUG WAR Worse than Drugs!

Drug abuse is bad, but the drug war is worse. Locking someone up in a cage for using marijuana or some other drug when no harm has been done to anyone else is cruel and inhumane. People who prohibit clean syringes to reduce the spread of HIV have blood on their hands. Denying financial aid to students who have a drug offense is counterproductive. Many of our country's laws are more harmful than the substances they are trying to combat.

Prohibition doesn't work. Prohibition is responsible for most of the violence associated with drugs. We tried to prohibit alcohol in the 1920s.

It did not get rid of alcohol, but it did create a black market for hooch, and empowered and enriched violent gangsters like Al Capone. Marijuana and cocaine are not responsible for the drug war shootouts. What is responsible is the fact that both are worth more than gold because they are illegal. It is the underground trade of these drugs that causes people to kill each other over the right to sell them. No one is shooting anyone else over a Budweiser anymore.

Drugs and the drug war touch most families. Almost every family in America has to deal with drug addiction or the war on drugs. Millions of people have a loved one behind bars on drug charges. Many millions more have struggled themselves or have a loved one who has dealt with addiction to illegal or legal drugs. By declaring a "war on drugs" we have declared a war on ourselves.

We have to learn how to live with drugs, because they aren't going anywhere. The drug war has been waged over the last 30 years. Currently we have 500,000 people behind bars on drug charges. We spend \$40 billion a year, and despite the decades of war, incarceration rates and money spent, drugs are as plentiful as ever and easily accessible. We have to accept that drugs have been around for thousands of years and will be here for thousands more.

We need to educate people about the possible harm from drug use, offer compassion and treatment to people who have problems and leave in peace the people who are causing harm to no one.

[Editor's Note: The public is ahead of the politicians. The majority of Americans supports treatment instead of incarceration. Californian voters passed Proposition 36 in 2000. Since its passage, more than 60,000 people have received treatment instead of jail for their nonviolent drug offenses. Eleven states including Hawaii have approved medical marijuana for sick and dying patients. It is the politicians who are resistant to change and compassion. We need to vote out of office all incumbents in 2006 to show that we want an end to the war on our families.
