## WND Bombshell: Maj. Stefan Frederick Cook who Challenges Obama's birthplace has deployment revoked!

Wed July 15 World Net Daily Report

Obama NOT BORN IN THE USA? Not qualified to be US President!

**Victory for Army warrior questioning Obama's birthplace**

The Constitution, Article 2, Section 1, states, "*No Person except a natural born Citizen, or a Citizen of the United States, at the time of the Adoption of this Constitution, shall be eligible to the Office of President.*"

WND report original By Chelsea Schilling and Joe Kovacs edited by The MAN

A U.S. Army Reserve major from Florida scheduled to report for deployment to Afghanistan within days has had his military orders revoked after arguing he should not be required to serve under a president who has not proven his eligibility for office.

His attorney, Orly Taitz, confirmed to WND the military has rescinded his impending deployment orders. "We won! We won before we even arrived," she said with excitement. "It means that the military has nothing to show for Obama. It means that the military has directly responded by saying Obama is illegitimate – and they cannot fight it. Therefore, they are revoking the order!" She continued, "They just said, 'Order revoked.' No explanation. No reasons – just revoked."

A hearing on the questions raised by Maj. Stefan Frederick Cook, an engineer who told WND he wants to serve his country in Afghanistan, was scheduled for July 16 at 9:30 a.m. "As an officer in the armed forces of the United States, it is [my] duty to gain clarification on any order we may believe illegal. With that said, if President Obama is found not to be a 'natural-born citizen,' he is not eligible to be commander-in-chief," he told WND only hours after the case was filed. He said the vast array of information about Obama that is **NOT AVAILABLE** to the public confirms to him "something is amiss."

"[Then] any order coming out of the presidency or his chain of command is illegal. Should I deploy, I would essentially be following an illegal [order]. If I happened to be captured by the enemy in a foreign land, I would not be privy to the Geneva Convention protections," he said.

The order for the hearing in the federal court for the Middle District of Georgia from U.S. District Judge Clay D. Land said the hearing on the request for a temporary restraining order would be held Thursday.

Cook said without a legitimate president as commander-in-chief, members of the U.S. military in overseas actions could be determined to be "war criminals and subject to prosecution." "That and the fact the individual who is occupying the White House has not been entirely truthful with anybody," he said. "Every time anyone has made an inquiry, it has been either cast aside, it has been maligned, it has been laughed at or just dismissed summarily without further investigation."

"You know what. It would be so simple to solve. Just produce the long-form document, certificate of live birth," he said.

He told WND he would be prepared for a backlash against him as a military officer, since members of the military swear to uphold and follow their orders. However, he noted that **following an illegal order would be just as bad as failing to follow a legal order.**

Named as defendants in the case are Col. Wanda Good, Col. Thomas Macdonald, Secretary of Defense Robert Gates and Obama, described as "de facto president of the United States."

According to the court filing, Cook affirmed when he joined the military, he took the following oath: "I, Stefan Frederick Cook, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; and that I will obey the orders of the president of the United States and the orders of the officers appointed over me, according to the regulations and the Uniform Code of Military Justice. So help me God."

According to the claim, "Plaintiff submits that it is implicit though not expressly stated that an officer is and should be subject to court-martial, because he will be derelict in the performance of his duties, if he does **NOT** inquire as to the lawfulness, the legality, the legitimacy of the orders which he has received, whether those orders are specific or general."

But the military courts offer no option for raising the question, so he turned to civilian courts to consider "a question of paramount constitutional and legal importance: the validity of the chain of command under a president whose election, eligibility, and constitutional status appear open to serious question."

"Barack Hussein Obama, in order to prove his constitutional eligibility to serve as president, basically needs only produce a single unique historical document for the Plaintiff's inspection and authentication: namely, the 'long-form' birth certificate which will confirm whether Barack Hussein Obama was in fact born to parents who were both citizens of the United States in Honolulu, Hawaii, in or about 1961," explains the complaint. **[continued on page 2]**

The Constitution, Article 2, Section 1, states, "*No Person except a natural born Citizen, or a Citizen of the United States, at the time of the Adoption of this Constitution, shall be eligible to the Office of President.*"

"Barack Hussein Obama, in order to prove his constitutional eligibility to serve as president, basically needs only produce a single unique historical document for the Plaintiff's inspection and authentication: namely, the 'long-form' birth certificate which will confirm whether Barack Hussein Obama was in fact born to parents who were both citizens of the United States in Honolulu, Hawaii, in or about 1961," explains the complaint.

Taitz said she will attend the hearing to amend the temporary restraining order to an injunction because more members of the military have joined the cause.

"We are going to be asking for release of Obama's records because now this completely undermines the military. It revoked this order, but it can come up with another order tomorrow. It can come up with orders for other people," she said.

Defendant Obama is named as "de facto president of the United

Am I going to be flying around the country 1,000 times and paying the fees every time they issue an order?"

Taitz said the issue "must be resolved immediately," and she will continue working to ensure Obama proves he is eligible for office.

"We're going to be asking the judge to issue an order for Obama to provide his vital records to show he is legitimately president," she said. "We're going to say, we have orders every day, and we'll have revocations every day. This issue has to be decided."

She said there cannot be any harm to the president if he is legitimately holding office.

"If he is legitimate, then his vital records will prove it," Taitz said. "If he is illegitimate, then he should not have been there in the first place."

Asked what this decision means for every other serviceman who objects to deployment under a president who has not proven he is eligible for office, Taitz responded: "Now, we can have each and every member of the military – each and every enlistee and officer – file something similar saying 'I will not take orders until Obama is legitimately vetted.'"

## MORE News reports: They KNOW that Obama was born in Africa

Millions of Americans gullible have been fooled by Barry Soetoro aka Barack Hussein Obama, but in Africa they know the truth: Ghana paper calls Africa 'continent of his birth'. This supports Obama's grandmother's statement [published in The MAN previously] that she was present at his birth in Mombasa, Kenya 1961. This week, July 10, 2009 an African news site and an MSNBC broadcaster have delivered new references to President Obama's birthplace as being outside of the United States, even as a controversy has developed over a letter purporting to be from Obama himself claiming Kapi'olani hospital in Honolulu as his birth location.

Network correspondent Mara Schiavocampo was reporting on the celebratory atmosphere in Accra, Ghana, immediately prior to Obama's visit to the west African nation, July 10, 2009. Interviewing a person who appeared to be a shop operator: "Barack Obama is Kenyan ... but Ghanaians are still proud of him." Her report talks about the party atmosphere and the Obama fan clubs who has posted "Welcome home" signs.

Publication in Modern Ghana also posted in advance of the president's visit cited his birthplace on the continent of Africa. "For Ghana, Obama's visit will be a celebration of another milestone in African history as it hosts the first-ever African-American president on this presidential visit to the continent of his birth," the report said. This can be contrasted with an Aug. 24, 2006 publication of Kenya's East African Standard newspaper article titled "From Young 'Barry' to Top American Senator," previously said of Barry Soetoro aka Barack Hussein Obama: "The Harvard Law School and Columbia University graduate was born at the Queen's Medical Centre in Honolulu in Hawaii, where his parents were studying at the East-West Centre of the University of Hawaii in Manoa." But Obama himself has stated that he was born at Kapiolani Medical Center.....sooo? LETS SEE THE BIRTH CERTIFICATE and citizenship papers for both parents!

### Mystery letter Hidden by Kapiolani Medical Center—Obama's 'birth hospital'— in astonishing cover-up Hospital once proudly celebrated president, now in active mode to hide 'proof'

By Joe Kovacs © 2009 WorldNetDaily

The Honolulu hospital which for nearly six months proudly declared President Obama was born at its facility and used that claim as a major fund-raising tool is now engaged in an active cover-up, hiding a White House letter announcing Obama's alleged birth there and refusing to confirm such a letter even exists.

The Kapi'olani Medical Center for Women and Children is electronically cloaking what it had touted as a Jan. 24 letter from the president, in which the commander in chief, just four days after his inauguration, supposedly wrote, "As a beneficiary of the excellence of Kapi'olani Medical Center – the place of my birth – I am pleased to add my voice to your chorus of supporters."

Whitehouse Press Secretary Robert Gibbs refused to confirm the authenticity of the alleged Jan. 24, 2009, letter from Obama to his purported place of birth, Kapi'olani Medical Center.

Obama has maintained he was born in Hawaii, and at least one hospital, Honolulu's Kapi'olani Medical Center for Women and Children, claims it received a letter from the president declaring his birth there.

When WND exposed doubts about the authenticity of the letter because it was created with HTML computer code and had no presidential or White House seal, the hospital which for nearly six months proudly declared Obama was born at its facility commenced an active cover-up, hiding that White House letter from its original webpage and now refusing to confirm such a letter actually exists. Kapi'olani spokeswoman Kristy Watanabe today refused to even confirm the existence of an actual letter from the White House: "Federal law does not permit us to provide any more details concerning information about Obama's birth without authorization from Mr. Obama." But they have been celebrating Obama's own supposed written admission that he was born at the facility, isn't that **AUTHORIZATION?**

"No comment," Watanabe said.

WND can also reveal the hospital not only proclaimed itself as Obama's birth location online, it used the Oval Office disclosure as a major fund-raising tool, giving it massive play on page six in its spring edition of its own Inspire Magazine. "As the hospital celebrates 100 years of pediatric care in Hawaii, we've begun a capital campaign to position the hospital for the next century of care," wrote Chuck Sted, president and CEO that runs Kapi'olani Hospital in his published plea for donations in the edition featuring the Obama letter. The hospital and White House now refuse to confirm that a real document even exists. The hospital acknowledged it did publish the "Obama birth letter" image in the magazine, but spokeswoman Watanabe refused to answer any questions about it.

"Right now we have no comment. Thank you very much," she said, abruptly ending the conversation by hanging up the phone.

### U.S. Rep. Neil Abercrombie Rides the Obama Fraud Train:

Abercrombie read outloud the letter to the audience of more than 700 at the hospital's Centennial Dinner January 24, 2009, who cheered when the portion was read mentioning Obama's "birth" at Kapi'olani. Like the hospital, Abercrombie has also been personally publicizing the claim Obama was born at Kapi'olani, for months trumpeting on his congressional website the question of Obama's origin is now settled "once and for all," excerpting from Obama's letter that Kapi'olani "is the place of my birth. Hawaii has always been home to me."

Within an hour of WND's report, the Obama letter image vanished from view on the hospital's page celebrating its 100th anniversary. It was not completely removed. It was covered it up electronically using a special hiding code called "commenting out" that prevents readers from seeing it to dodge criticism, but can easily be removed by webmaster to quickly reveal it again if needed.

WND and The MAN have reported on dozens of legal challenges to Obama's status as a "natural born citizen," and crooked judges who protect Usurper Obama.

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. ### **Crimes of Politicians Must Be Stopped by The People (You are The Militia)**

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!  
 Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

# Obama's Regime Holds Patent for Medical Marijuana

since 2003, U.S. Patent # 6630507

Yes, its true, the Obama Regime now holds the patent for "Cannabinoids as antioxidants and neuroprotectants", i.e., marijuana has medicinal uses according to U.S. Patent # 6630507: "Cannabinoids have been found to have antioxidant properties... cannabinoids are found to have particular applications as neuroprotectants... limiting neurological damage following stroke and trauma or in treatment of neurodegenerative diseases....."

This patent was granted in 2003 to the U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES, which, on the other hand labels Cannabis as a Class I drug with no medical value. This represents the ultimate in hypocrisy to support their treasonous War on Marijuana. They have been running it down since the 1930's, and all of a sudden they are saying...WOW this stuff really does have medical potential, but they keep it illegal. The patent abstract specifically mentions efficacy with Alzheimer's disease, and others.

The United States government is completely duplicitous when it comes to the medical efficacy of cannabis. On the one hand the DEA raids medical cannabis dispensaries and patients. On the other hand they hold US Patent 6630507 titled "Cannabinoids as antioxidants and neuroprotectants". How can the US so boldly lie about this issue while holding the above patent? How? [ try racketeering ?]

**SUMMARY OF THE "INVENTION"**

It is an object of this invention to provide a new class of antioxidant drugs, that have particular application as neuroprotectants, although they are generally useful in the treatment of many oxidation associated diseases.

Yet another object of the invention is to provide a subset of such drugs that can be substantially free of psychoactive or psychotoxic effects, are substantially non-toxic even at very high doses, and have good tissue penetration, example crossing the blood brain barrier.

It has surprisingly been found that cannabidiol and other cannabinoids can function as neuroprotectants, even though they lack NMDA receptor antagonist activity. This discovery was made possible because of the inventor's recognition of a previously unanticipated antioxidant property of the cannabinoids in general (and cannabidiol in particular) that functions completely independently of antagonism at the NMDA, AMPA and kainate receptors.

Hence the present invention includes methods of preventing or treating diseases caused by oxidative stress, such as neuronal hypoxia, by administering a prophylactic or therapeutically effective amount of a cannabinoid to a subject who has a disease caused by oxidative stress.

The cannabinoid may be a cannabinoid other than THC, HU-210, or other potent cannabinoid receptor agonists. The cannabinoid may also be other than HU-211 or any other NMDA receptor antagonist that has previously been reported. A potent cannabinoid receptor agonist is one that has an EC50 at the cannabinoid receptor of 50 nM or less, but in more particular embodiments 190 nM or 250 nM or less. In disclosed embodiments the cannabinoid is not psychoactive, and is not psychotoxic even at high doses. In some particularly disclosed embodiments, the cannabinoid is selected from the group.

This is good news. However, pot should be legal not only for medical patients but for any adult who prefers to use for personal reasons, in America.

She was pushed and slammed against the side of a wall and suffered bruises on her leg. Earlier that day, employees had informed security officers to send any communications to the company's attorney or to mail them because of previous run-ins with other security officers who assaulted PW employees.
