New Book
Pacific Passages:
Surf Writers

[ISBN 9780824831554, University of Hawai'i Press, softcover, \$32.00]

Pacific Passages brings together four centuries of writing about surfing, the most comprehensive collection of perspectives on the history and culture of a sport that has recently been transformed into a global industry.

The anthology begins with "Kelea-nui-noho-'ana-'api'api" (1865) by noted historical Samuel Manaiakalani Kamakau. Samuel Kamakau taught at Lahainaluna, beginning his recording of native history in the 1830s. His story of Kelea, beautiful chiefess of Maui who loved to surf is one often repeated surfing legends. Also included are more Hawaiian legends and chants, journals of the first Western explorers to the South Pacific and travel narratives of missionaries. Well-known authors Herman Melville, Mark Twain and Jack London, John Papa 'I'i, Hiram Bingham, Isabella Bird and J. Waiamau are among the collection of observations of surf riding between 1769-1896.

Pacific Passages allows readers to trace the historical transformation of surfing's image through the centuries from the Polynesian myths of love, to the first Western accounts of "Horror & Destruction" to modern representations of surfing as a character-building activity. Stories are not focused on Hawaii, but the worldwide growth of the sport. Stories include "Gidget" the Malibu scene and more recently the adaptation to the trends of social concerns of technology, competition, gender, heritage, and globalism.

Author Patrick Moser is associate professor of French at Drury University in Springfield, Missouri, where he teaches a course on the history and culture of surfing. There are no photographs in this anthology, but the cover, of Larry Bertleman, Reno Abillira and Eddie Aikau t Sunset Beach, is part of surfing's history.

Published by the University of Hawai'i Press (ISBN 978-0-8248-3155-4, soft cover 339 pp.) *Pacific Passages* is an collection of 67 historical chapters in the popular sport once of kings, now for all.

DLNR Proposed New Rules: Civil Penalty for Natural Resources Violations

Molokai meeting scheduled for August 1

In an effort to step up the protection and compliance with the state's natural resources laws, the Department of Land and Natural Resources (DLNR) will hold statewide public informational meetings on draft rules to establish an administrative system to process DLNR's civil (non-criminal) enforcement cases in a just, expeditious and cost-effective manner.

DLNR proposes to amend Hawai'i Administrative Rules, Title 13, Chapter 13-1, to add a new Subchapter 7, Civil Resource Violations System, that will authorize DLNR to:

- Issue citations for an alleged civil resource violation;
- Assess an administrative penalty for such a violation according to a penalty schedule adopted by the Board of Land and Natural Resources;
- Summon that person to answer the citation by choosing from three options – 1) pay the fine 2) request mitigation; or 3) contest the citation;

"People in Hawai'i care deeply about our natural and cultural resources, and want us to do a better job in protecting them and enforcing against violations that harm our lands and environment" Laura H. Thielen, DLNR chairperson, said.

"The civil penalty system to be set up under these draft rules is an important part of our new DLNR strategic plan, and will involve stakeholders and communities. We want to engage the public to help us finalize this draft and prepare for the rule-making process," Thielen said.

At the same time, DLNR also proposes to amend and compile other subchapters of Chapter 13-1, HAR, which are related to the enforcement process as well; in particular Subchapter 5, Contested Case Proceedings; and Subchapter 6, Post-Hearing Procedures for a Hearing Conducted by a Hearing Officer.

The meetings are intended to allow the public to be informed of this new enforcement process as proposed in the new rules, to ask questions on the rules, and to engage in live discussion with DLNR staff.

The proposed rules and the accompanying staff submittal to the Land Board are now posted on DLNR's website. For review and download, please go to <<http://hawaii.gov/dlnr/>><http://hawaii.gov/dlnr/>, and click on "Announcements."

The Molokai public information meeting schedule is
Friday, August 1, 11 a.m. – 1 p.m.
Mitchell Pauole Center

Written comments may be submitted at any of the meetings or sent to DLNR email: APO.DLNR@hawaii.gov>APO.DLNR@hawaii.gov

Molokai's Forum For Freedom Individual's Sovereignty vs Slavery

by George Peabody ph. 558-8253 email:
"We have staked the whole of all our political institutions upon the capacity of mankind for self-government, upon the capacity of each and all of us to govern ourselves, to control ourselves, to sustain ourselves according to the Ten Commandments of God."—

Bill of Rights 2nd Amendment:
"A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."
Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."
 (Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

Enforce the Bill of Rights !

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

Tyranny in DC/Hawaii Again !

Only a few weeks after the U.S. Supreme Court's ruling in the Heller case, which struck down D.C.'s ban on handguns and having a firearm in operable condition at home as an individual right protected by the 2nd Amendment, D.C. has passed "emergency" laws and new police regulations intended to retain as much of the ban and storage requirement as possible. This ultra vires anti gun rights rule was crafted in consultation with the Brady Anti-gun Campaign, according to the Washington Post.

There are many objectionable features to the new D.C. law and regulations, but two stand out as particularly egregious. Though the Supreme Court ruled that D.C. could not ban handguns, the new rules would still ban all or most semi-automatic pistols. And in spite of the fact that the court ruled that D.C. cannot ban the use of guns for protection in the home, the District still prohibits having a gun loaded and ready unless an attack within your home is imminent or underway.

Without a public revolt and Congress' intervention, D.C. can violate the intent of the Heller decision indefinitely. That is because under "Home Rule," D.C.'s emergency bills are not subject to review by Congress, and D.C. can reinstitute "emergency" laws every 90 days. The city's officials are already thumbing their noses at the Supreme Court, the 2nd Amendment, and the Constitution for the united States of America

GOOD NEWS is that the Village of Morton Grove moved to amend its Village Code to remove the current handgun ban and incorporate sections of the Illinois Criminal Code, following the filing of NRA's lawsuit against the city.

"We are pleased that the Village of Morton Grove took steps to repeal its draconian gun ban," said NRA-ILA Executive Director Chris W. Cox. "Finally Village residents can exercise the same constitutionally-protected rights that the rest of the country enjoys."

Final action by the Village of Morton Grove Board on this ordinance is expected at the July 28 meeting. The NRA is committed to restoring the individual Second Amendment rights to all law-abiding Americans, as recently recognized by the United States Supreme Court in Heller v. District of Columbia.

Hawaii's anti-gun AG, a Lingle appointee, says he doesn't see any 2nd Am violations with Hawaii's anti-gun rights HRS134.

QUESTION AUTHORITY or LOSE YOUR RIGHTS !!

Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights! Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.
