STRANGER THAN FICTION

An Independent Investigation
Of The True Culprits
Behind 9-11

Albert D. Pastore, Ph.D

The True Story of 9/11/01

"My investigation represents 12 months of careful study, painstaking research, detailed analysis, source verification and logical deduction."—Albert Pastore.

The only logical conclusion is that the 9-11 attacks, the anthrax murders, the Bali bombing, the African embassy bombings and numerous foiled terror plots were planned, orchestrated, financed, executed, and covered up by the forces of international Zionism. This is the only scenario into which the many pieces of the 9-11 puzzle snap snugly together to reveal a clear image; compare this to the government official story of 9-11 which is unsupportable, unverifiable, and false as it claims that some Saudi caveman and his "network" of Arab video game pilots managed to elude US investigators and pull off the most sophisticated intelligence operation in world history. Unfortunately many will erroneously call this book anti-Semitic conspiracy theory without even reading it because all the evidence verified points to Zionist-jews and NeoCons in U.S. government as the perpetrators.

If you can free your mind from Zionist bondage and face the ugly truths presented in this short document, and share these facts with others, read this book and take action immediately against Bush, Cheney, Israel leaders, Mossad. If not, then go back to your Zionist controlled TV news and video fantasy, and pretend the horror of 9-11 perpetrated by international Zionism doesn't exist.

Oppose US Military Aid to Israeli-Zionists

by George Peabody for The MAN

\$2.55 billion in Foreign Military Financing (FMF) for Israel, which would be a 9% increase over actual spending in FY2007. This proposed increase is the first installment of a ten-year agreement between the United States and Israel, signed in August 2007, to increase military aid to Israel by 25%, totaling \$30 billion by FY2018. Israel uses weapons purchased through USA to enforce its illegal 40-year military occupation and siege of the Palestinian West Bank, East Jerusalem, and Gaza Strip and to commit human rights violations against Palestinians.

Lingle Vetoes Bill to Study Marijuana Issues

On Monday, July 6, Linda Lingle vetoed Senate Bill 1058, which called on the legislature to study "issues relating to medical marijuana patients and current medical cannabis laws."

SB 1058 called for the formation of a legislative task force to:

- (1) Examine current state statutes, state administrative rules, and county policies/ procedures relating to the medical marijuana;
- (2) Examine all issues and obstacles that qualifying patients have encountered with the medical marijuana program;
- (3) Examine all issue and obstacles that state and county law enforcement agencies have encountered with medical marijuana;

In her veto address, Gov. Lingle alleged — laughably — that the mere act of examining the medical marijuana laws of Hawaii violates federal anti-drug laws.

I am returning herewith, without my approval, Senate Bill No. 1058. ... This bill establishes the medical cannabis task force which is unnecessary because it would attempt to deal with issues raised by medical marijuana users that can only be addressed by circumventing federal law, declared Lingle.

Lingle, who is herself a felon usurping the office of Hawaii Governor, now would have us believe that just gathering feedback from patients and local law enforcement regarding the state's nearly ten-year-old medical marijuana program somehow violates federal law. It's an absurd position and Lingle knows it.

Of course, the true motive behind Lingle's veto — and the similar actions of her fellow prohibitionists — is to silence any sort of public or political debate surrounding America's failed marijuana policies. Prohibitionists will use any means necessary to stifle honest, open debate because they know that they have no legitimate basis to defend marijuana prohibition. Their ardent refusal to even discuss the issue — and their strong arm tactics to intimidate others from discussing it as well — confirm this fact.

This was the same motivation behind President Obama's decision to 'laugh off' the issue of marijuana law reform during his online town hall back in March. Silencing free speech was also the driving force behind the actions of members of Congress who earlier this year threatened to withhold funding from the city of El Paso, Texas, if they so much as dared to hold an "honest, open national debate" regarding US drug policy. And surely this was the motivating force behind a South Dakota Judge's decision this week to bar longtime NORML advocate Bob Newland from engaging in any public advocacy of marijuana law reform for one year. Bob Newland had been leading the petition drive to place a medical marijuana initiative on the 2010 state ballot in South Dakota. Judge Delaney's decision isn't simply limiting Mr. Newland's constitutional rights to free speech, it's also potentially limiting the voting rights of all South Dakotans.

U.S. Supreme Court gave tacit support to the legality of Hawaii medical marijuana law in a recent case that was cited by George Peabody in an eviction case currently before judge Barclay MacDonald. Here is the legal interpretation.

Hawaii State Medical Marijuana Regulations Are NOT Preempted by Federal Prohibition DEA Law

Op/ed report by George Peabody

The U.S. Supreme Court has left in place a state appeals court ruling [case #08-887 San Diego v. NORML] holding that the state's medical marijuana laws "do not pose a significant impediment" to the federal Controlled Substances Act because that law is designed to "combat recreational drug use, not to regulate a state's medical practices."

Contrary to the pro-supremacy position of Drug Warriors like Linda Lingle and MPD et al that a state's medical marijuana program violates federal law under the Supremacy Clause of the United States Constitution, the trial court concluded that title 21 United States Code section 903 was intended to preserve all state laws with few exceptions, and that a state's medical marijuana regulations were not preempted because they did not mandate conduct violating the intent of the fed law.

The intent of Congress when it enacted the CSA is the touchstone of analysis: When Congress legislates in a field which the States have traditionally occupied, e.g., medical practices, we know that the historic police powers of the States were not to be superseded by any Federal Act unless that was the clear and manifest purpose of Congress's legislation that is supposed to protect the rights of the Sovereign People, and Constitutionally constrain federal government agents.

While any petition for redress depends upon the opinion of an attorney who is acting as a judge and thereby regulates all attorneys, then the petition is flawed and every client is thereby crippled, judge MacDonald in Kaunakakai recently correctly stated that Gloria Molica is not engaging in criminal activity as a Hawaii licensed medical marijuana user. Then he ordered Hale Pumehana Mgr. Manaba to submit a memorandum by July 28 to justify Molica's medical marijuana use as a violation of the drug related criminal activity clause.

Stop War on Drugs 2009

Every day that goes by, 4,000 people are arrested for drug offenses, the vast majority of them minor, and half a million nonviolent drug offenders languish in the staggering number of prisons and jails the fascist Police State American government has very unwisely built. Obama promised to stop it! WELL.....??

It's time to stop this senseless tragedy and shocking injustice.

Judicial TREASON and censorship in SD sentencing on 4oz marijuana case

Dear Judge John J. Delaney:
(O) 394-2571 (H) 341-4003

The sentence you pronounced against Bob Newland Probation conditions are a clear & belligerent violation of his 1st amendment rights, the kind we see all the time in communist regimes. You Mr. Delaney need to be removed from the bench immediately because you turned a blind eye to the protections introduced by the medicinal marijuana laws because you are married to the concept marijuana should be illegal in all cases, you were motivated by your political beliefs about marijuana, not by the law, and with that you violate the Constitution for the united States of America as a traitor making war on American Citizens like Newland, and you should be prosecuted for your treason.

In February, the Obama Administration made it clear that medicinal marijuana users are not a priority for federal law enforcement agencies when Attorney General Eric Holder announced that the Justice Department would no longer prosecute medicinal marijuana cases in federal court, but your local goon squads get a thrill out of arresting and prosecuting Newland and violating the Constitution. Shame on you all, and you fascists should be prosecuted and sent to prison.

Censorship and TREASON in South Dakota -- Marijuana Activist Silenced By Judge Delaney as Condition of Probation

For most of this decade, Bob Newland has been the voice of marijuana law reform in South Dakota. The photographer and Black Hills resident has organized Hempfests, lobbied for reform legislation in the state capitol, relentlessly criss-crossed the state from the Black Hills to the Sioux Valley, and organized medical marijuana petition drives. He is the director of South Dakota NORML and founder of South Dakotans for Safe Access. As a marijuana reform activist, Newland has been unstoppable -- until now.

Bob Newland was arrested earlier this year after for carrying slightly under four ounces of marijuana on what his lawyer described as a "mission of mercy." Originally charged with possession with intent to distribute, the veteran activist accepted a plea bargain and pleaded guilty to possession of under a half-pound of marijuana, an offense that carries a sentence of up to two years in prison.

On Monday, Newland appeared in court in Rapid City to learn his fate. Judge John Delaney sentenced Newland to one year in jail, furthermore, while one year probation, Newland must not exercise his First Amendment right to advocate for marijuana law reform in South Dakota. WHAT THE HELL>>>>>>>!!

According to the Rapid City Journal, which had a reporter in the courtroom, Judge Delaney said "You are not going to take a position as a public figure who got a light sentence," Delaney warned Newland before talking about how juvenile courts are packed with kids who have drug problems. "Ninety-five percent are using pot," Delaney said.

The no free speech probation condition raised ire and eyebrows not only in South Dakota, but across the land, to faroff Hawaii [see <http://www.MolokaiAdvertiserNews.com>]. Concerns are being expressed not only by drug reformers and civil libertarians, but also by legal scholars.

"Surrendering our First Amendment rights cannot be a condition of probation," said Allen Hopper, litigation director for the ACLU Drug Law Reform Project. "The Constitution clearly protects the right to advocate for political change without fear of criminal consequence. Bob Newland is just the latest victim of a baseless drug policy that continues to clog our prisons and trample our rights."

Chris Hedges, professor of law at the University of South Dakota: "People ought to be able to argue that the law should be changed, but now he can't do that. We always have to be concerned when someone's speech is infringed," she said.

It was precisely Newland's role as the face of marijuana reform in the SD that riled judge Douglas [he recognized he had the state's leading marijuana rights advocate in front of him] to impose the unConstitutional and censorious probation that Newland can't talk to anybody about this case or the treasonous Drug War.

"It's appalling," said Bruce Mirken, communications director for the Marijuana Policy Project. "I can't imagine any reason why anyone should, as part of a criminal sentence, be barred from arguing that the law he was arrested on is wrong and should be changed. This is profoundly troubling. Whatever you think of the individual or the law, we do have something called the First Amendment, and it should apply to Mr. Newland as well as anyone else. "

Newland himself was surprised at the probation condition. In what may be his last words on the subject -- he told the Chronicle he feared the "negative effects" of challenging it. He doesn't want to get thrown in jail for even longer than he will already have to be locked up. Obviously Newland is unlawfully threatened.

"This seems to me to be a quite unusual sentence provision, of a sort I have never encountered in all my years of activism and watching other people get sentenced for illegal substances. It certainly plays at the edges of suppression of speech of the sort we expect to see in totalitarian countries," he said. "Judge Delaney wanted to make a statement with the sentence, and he surely did. If I were inclined to fight the provision, the immediate negative effects on my life would almost certainly outweigh any gain I could accomplish. Therefore, I must say that I accept the judge's decision in the same light that I accept all the other provisions of the sentence. If this statement so far hasn't taken me over the boundaries of taking a 'public role' in reform advocacy, I'd probably better wait a year to add to it."

But Newland may not be silenced just yet. Those words were written Wednesday, before the ACLU Drug Law Reform Project had a chance to discuss the issue with him. That organization is definitely interested in pursuing the case. If Newland wants to move forward with challenging the no free speech provision, drug reform groups will stand with him, said St. Pierre and Mirken.

"Drug policy reform groups have an immediate interest in this case," said St. Pierre. "It sets a terrible precedent and is such an aberration to be told what political subjects you can talk about. The right to exercise political speech is the fulcrum this will turn on." [**Enforce the Bill of Rights**]

US Supreme Court-Fascists Consider "Reasonable" gun bans?

By the end of the year we will know whether the nation's so called "Highest Court" consisting of 9 inferior justices/attornies/politicians of the U.S. Supreme Court will translate the 2nd Amendment right to keep and bear arms as being the a privilege and power of bureaucrats in the D.C. gun ban case of D.C. v. Heller, which argued that any gun ban -- no matter how sweeping -- could be constitutional if some court determines that it is "reasonable."

If the Supreme Court were to accept the Solicitor General's line of argument, D.C.'s categorical gun ban of virtually all self-defense firearms could well be found to be constitutional, even if attornies in high offices acting as judges, say that the Second Amendment protects 'individual' rights."

The Solicitor General's suggestion that comprehensive gun bans are constitutional if some court determines they are "reasonable" was enthusiastically greeted by anti-gun zealots --Brady et al which praised Hawaii's anti gun rights laws, probably because it represents the lowest standard of constitutional review.

Thus, in contrast to other provisions in the Bill of Rights, which can only be trumped by 'compelling state interests,' the Second Amendment would be relegated to an inferior position at the lowest rung of the constitutional ladder, should the Justice Department prevail.

A national ban on all firearms -- including hunting rifles -- could be 'constitutional,' even if the Supreme Court decides -- on ample historical evidence -- that the Founders intended the Second Amendment as an individual right.

Rather than argue that 'shall not be infringed' is a categorical prohibition on government gun-banning, the administration has chosen to align itself with those who do not believe in self defense or civilian gun ownership.

I do not believe that the justices created by the Judiciary Act represent the ONE SUPREME COURT existing at the signing of the Constitution for the United States of America. If they are granted the jurisdiction to decide the meaning of the SUPREME LAW they will undoubtedly make themselves gods determining the fate of inferior beings.

How could anybody be happy about submitting the future of the republic to nine withered politicians purporting to sit as attorneys under the fantasy that they are the personification of the one supreme Court that existed before the Constitution for the united States of America was signed?

If the People grant the cabal of U.S. Supreme Court justices jurisdiction to change the Constitution for the United States of America the majority will decide that only police and military will have guns legally, and that "petition for redress" is the privilege of trusting your fate to attorneys and elected officials since NO ATTORNEY is going to admit that REPUBLICAN FORM OF GOVERNMENT is the right of the CITIZENS to make law.

WE are the USA as opposed to the fascist Zionists Lingle et al who control it in the name of false government under color of law. **Huka wai i ke pili !!**

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. 20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

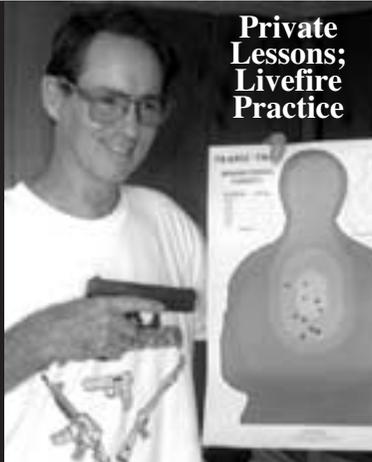

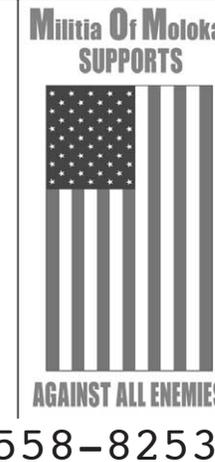

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

FLU Pandemic Level Raised to Level 6 ! WAIT! There IS NO Pandemic !!?

Its a Field Day for Vaccine Makers of H1N1 Vaccine

Hawaii State [Lingle] and the US government is aiding and abetting a long-term and well-orchestrated health assault on its people in the form of dangerous, uninsurable vaccinations for a declared pandemic that does NOT exist, unless unleashed by military labs. But they want volunteers?? The Hawaii State Department of Health is looking for volunteers to participate in a preparedness exercise of our ability to rapidly dispense medication to large numbers of people, we need about 500 volunteers to play the role of the general public coming to a dispensing site to pickup medication for their family and others. Volunteers will receive a complimentary lunch. Call 587-6580 or email to bt@doh.hawaii.gov.

The only dangers in this absurd "Pandemic" are the political dangers:

1. United Nations can take control of every country in a Pandemic
2. State and Federal Laws allow choice of forced vaccination or incarceration in prisons or camps.
3. Unsafe, untested and unnecessary weaponized vaccines are being produced against a non-existent threat at a global cost of trillions of dollars - and who knows how many lives?

The vaccine related dangers are legion and, despite the propaganda to the contrary, not one of them has ever been proven safe or effective. They have all been proven wildly profitable sold to the doctor's office or health care system for administration of these toxic and ineffective injections; and, at the wildly profitable for on-going treatment for diseases induced by the impact of both the vaccine's active materials and the astoundingly toxic adjuvants, preservatives and other compounds included in the vaccine shot.

The list of vaccine related conditions and diseases far exceeds just the tragedy of vaccine induced autism. It extends to - and beyond -

- ~Leukemia, now a common disease in both children and adults because of the leukemia virus contamination known and tolerated for decades by the FDA
- ~Neurological damage (for example, epilepsy caused by the totally unnecessary Rotovirus vaccination recently added to the CDC's Advisory Committee on Immunization Practices (ACIP), whose recommendations are increasingly being mandated by State governments and "Autism Spectrum Disorders", Hyperactivity, Learning Disabilities and "Juvenile ALS", a brand new disorder invented to explain why girls and women are dying after Gardasil vaccination "against" HPV)

- ~Asthma and pneumonia
- ~Chronic Fatigue
- ~Fibromyalgia
- ~Genital Warts and Herpes following vaccination with Gardasil
- ~Guillain Barre Syndrome (post vaccination polio)
- ~Alzheimer's Disease and Dementia (five times as likely in persons who have been vaccinated "against" flu)

- ~Lupus, Rheumatoid Arthritis, Multiple Sclerosis and others
- ~The disease against which the vaccination was supposedly given e.g., Yellow Fever vaccine causes Yellow Fever in a significant number of people vaccinated.

~Death — thousands and thousands of deaths. In fact, one might call vaccination part of the "Josef Mengele School of Medicine".

The Federal Trade Commission should prohibit all advertising which states or implies that vaccines are either safe, effective or both, since neither is true of any vaccine: none has ever been proven safe or effective. Vaccines are, in fact, so dangerous that they are a totally uninsurable risk.

The madness MUST stop before it reaps its deadly havoc. We are the force that MUST stop it. If you have never understood the dangers before, if you have convinced yourself that others could take care of the problem, if you have harbored fantasies that Big Pharma, the UN and your own government would really not do you any harm, now would be a good time to wake up from that comfortable, but quite groundless dream.

I promise you that if we do not, in our millions, demand the right to self quarantine instead of injection of this FLU vaccine or being marched off to a FEMA camp or State Prison, unbelievable numbers of us will fall ill and die - not from this clearly weaponized virus (even if it is re-engineered to make it a more successful killer than it has been so far) but from the vaccines and the social chaos which results from the marshal law and containment tactics that Lingle's police state complicit with her fascists-neocon-Zionists in DC will use against us.
