socialism Created Crises Covert Murder Ops Dependent Society Dictatorial Power

Obama Is the Joker, Deceiver & Dictator

report by George Peabody
Barry Obama's studies at Columbia University Political Science classes was about the Cloward-Piven Strategy of Manufactured Crisis.

What? [It's about what Obama is doing NOW as defacto President!]

The Cloward-Piven Strategy is to overcommit government, growing it past the point of sustainability by causing crises in national economy, social discord, even murder for political effects [see 9/11/01].

This, while developing an organized proletariat of dependent classes and applying them to disrupt society and revolt against American freedoms. All, to ring in BO's new "egalitarian" neoMarxist state under color of law and FRAUD.

The director of the Central Intelligence Agency, Leon E. Panetta, has told the House Intelligence Committee in closed-door testimony that the C.I.A. concealed "significant actions" of their political assassination operations from Congress from 2001 until late last month, which includes the Obama regime. This may include lies about perpetrators of 9/11 under Bush, but committee members declined to be specific. The chairman of the House Intelligence Committee, Representative Silvestre Reyes, wrote that the committee "has been misled, has not been provided full and complete notifications, and was affirmatively lied to."

What is Obama going to do to insure that all members of Congress, the elected representatives of We The People, are fully and honestly informed by CIA? Apparently he wants secrecy to continue: Obama has threatened to veto the pending Intelligence Authorization Bill if it included a provision that would allow information about covert actions to be given to the entire House and Senate Intelligence Committees because any expansion of briefings would undermine "a long tradition spanning decades of comity between the branches regarding intelligence matters."

Obama now treats We The People and our elected Congress like mushrooms [Keep in the dark and feed bullshit] just like under President George W. Bush when entire federal programs, including the muder squads operations, were hidden from most committee members for years.

When large numbers of people believe they were actually suckered by Obama and the media, Obama et al will be in big trouble.

In the first six months of the Obama administration, we have witnessed an assault on the truth of a magnitude not seen since the Nixon Watergate years. The prevarication is ironic given the Obama campaign's accusations that the Bush years were not transparent and that Hillary Clinton, like her husband, was a chronic fabricator. Remember Obama's own assertions that he was a "student of history" and that "words mean something. You can't just make stuff up."

Yet Obama's war against veracity is multifaceted.

Outright historical dissimulation. On matters of history, we now know that much of what President Obama says is either not factual or at least misleading. He predictably errs on the side of political correctness. During the campaign, there was his inaccurate account of his great-uncle's role in liberating Auschwitz. In Berlin, he asserted that the world — rather than the American and British air forces — came together to pull off the Berlin Airlift.

In the Cairo speech, nearly every historical allusion was nonfactual: Obama's fraudulent claims that Muslims were responsible for European, Chinese, and Hindu discoveries; the notion that a Christian Córdoba was an example of Islamic tolerance during the Inquisition; the politically correct canard that the Renaissance and Enlightenment were fueled by Arab learning; the idea that abolition and civil rights in the United States were accomplished without violence — as if 600,000 Americans did not die in the Civil War ending slavery, or entire swaths of Detroit, Gary, Newark, and Los Angeles did not go up in flames in the 1960s.

Here we see the omnipotent influence of Obama's multicultural creed: Western civilization is unexceptional in comparison with other cultures, and history must be the story of an ecumenical, global shared brotherhood.

Again, the Enemy is in the White House! **Impeach Obama et al!**

For over a year now, we have a picture of a paper document provided only on the internet by Barry Soetoro aka Barry Obama aka Barack H. Obama saying he was born in Hawaii. And now we have a picture of a paper document on the internet allegedly provided from Kenya officials saying he was born in Kenya.

California attorney Orly Taitz, who is demanding Obama prove his birth place, released the copy of the Kenyan certification of Obama's birth in Mombasa, Kenya, which lists Obama's parents as Barack Hussein Obama and Stanley Ann Obama, formerly Stanley Ann Dunham, the birth date as Aug. 4, 1961, and the hospital of birth as Coast General Hospital in Mombasa, Kenya. The certificate bears the signature of the deputy registrar of Coast Province, Joshua Simon Oduya, and was allegedly issued as a certified copy of the original in February 1964.

Orly Taitz has filed a motion in U.S. District Court for its authentication, and she requests the purported evidence of Obama's birth in Kenya — both the alleged birth certificate and foreign records not yet obtained — be preserved from destruction, asks for permission to legally request documents from Kenya, and seeks a subpoena for deposition from Secretary of State Hillary Clinton. "I filed the motion with the court asking for expedited discovery, which would allow me to start subpoenas and depositions even before Obama and the government responds," Taitz told WND. "I am asking the judge to give me the power to subpoena the documents from the Kenyan embassy and to require a deposition from Hillary Clinton so they will be forced to authenticate [the birth certificate]."

"I'm forcing the issue, where Obama will have to respond," she said.

We have statements from Obama's paternal grandmother saying he was born in Kenya and she held him in the hospital the day he was born in Mombasa, Kenya. And we have the Kenyan Ambassador to the U.S. acknowledging that it is common knowledge in Kenya that Obama was born in Kenya.

Lots of evidence points to a plausible fact that Obama was born in Kenya and shortly thereafter his mother and he flew to Hawaii to register his birth in an attempt to secure US citizenship, regardless, the father was a Kenyan citizen.

About that purported Hawaii BC, no contemporaneous witnesses coming forth to verify that they were present and/or have first hand knowledge that Obama was born in Hawaii. The Hawaii DOH officials say there is a "vital record" in their files saying his birth was "recorded" in Hawaii. Their statements are only as good as the veracity of those proffered vital records back in 1961 or whenever they were provided to the state of Hawaii. But with the extremely lax birth registration laws in Hawaii in 1961, Obama could very well have been "born in Kenya" and "had his birth registered in Hawaii" by the white grandmother or his mother using the simple mail-in birth registration form, with no 3rd party witnesses needed, which was permitted under the rules and regs in Hawaii, 1961. see how easy it is to falsely register a foreign birth in Hawaii. OF THE PRINCIPAL REGISTRAR,
PROVINCE, REPUBLIC OF KENYA

Barry Soetoro aka Barack Hussein Obama has spent nearly a million dollars in legal fees to hide a \$12 Birth Certificate record and his US Senate records and college records, Thesis, etc, so obviously something is wrong. "I discovered this article, folded away among my birth certificate and old vaccination forms, when I was in high school...." This excerpt exists on page 26 of Obama's autobiography "Dreams from My Father." It is proof that Obama's birth certificate exists, that his grandmother had a copy, and that he's seen it. So he knows what's on it, and whatever it is -- or isn't -- it's the reason he is fighting its public release so ferociously. Undoubtedly, this knowledge provided the motivation for the ransacking of his grandmother Dunham's apartment within hours of her death. He was looking for this document before it fell into the "wrong" hands. Will Obama admit this photo is an accurate record of his birth in Kenya?

BHO who promised us "transparency" is obviously going to great lengths and expense to hide important facts about his past and his fraudulent identity. **IMPEACH BARACK H. OBAMA et al NOW!**

Lots of evidence points to a fact that Obama was born in Kenya and shortly thereafter his mother and he flew to Hawaii to register his birth in an attempt to secure US citizenship, even though she was too young to convey citizenship, and regardless the fact that the father was a Kenyan citizen. This circumstance of Obama's birth in Mombasa, Kenya, is also claimed by Obama's own paternal grandmother Sarah, and his half-brother. Being born in Kenya while Obama's father is a Kenyan citizen means Obama is a Kenyan citizen, certainly not a natural born American citizen who would meet the Constitutional requirements to be President. <http://www.obamanotqualified.com/>

Victor Davis Hanson truly nails it in his latest article. He covers it all - the truth about Obama's lies, Obama's misleading rhetoric, Obama's historical errors, Obama's flip flopping, his political and moral relativism, and the deception that he is inflicting upon America. The Lamestream Media of Mass Deception, sycophants like Molokai Dispatch, does not help because most commentators are "in the bag" with Obama - no matter how much damage he is doing to our nation. Most of the MSM refuse to call him out or into account. Even Larry Sinclair, scorned for drug use and homosexuality, tells his truths about his drugs and homosexual relationship with Obama in his book "Barack Obama & Larry Sinclair: Cocaine, Sex, Lies & Murder?" in an attempt to call Obama to account, and expose how the Obama machine used media, the internet, and the office of the Delaware A.G. to keep parts of his sordid past hidden from Voters before the election. HOMELAND SECURITY

Legal Revolution 1776 - 2009

The govt employees usurping our freedom and liberty without authority need to understand that we know the Founding Fathers of our Nation were right, and heroes for using force, i.e., "The Revolutionary War, against the King of England", to secure our freedoms in the USA ! We need to do it again, now !

From the Unanimous Declaration of Independence: "That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, -- That whenever any Form of Government becomes destructive of these ends, It is the Right of the People to alter or to abolish it, and to institute new Government, Laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness." "But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security."

Revolution is morally and legally our Right! Got YOUR guns and ammo?

OBAMACIDE in destroying Americans' lives, freedoms, liberty, and our Constitution for the united States of America; and, nearly all members of Congress and the U.S. Senate are complicit in the ongoing TREASON to overthrow America from within by deceptions, FRAUD, Economic Dialectic, Police State Socialism.

**"Rebellion against tyrants is obedience to God." T.J.
Guns Preserve YOUR Sovereignty !**

Bill of Rights 2nd Amendment:
"A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"The people cannot delegate to government the power to do anything which would be unlawful for them to do themselves."- John Locke

"Those who make peaceful change impossible, make violent change inevitable." -- Robert F. Kennedy

"Rebellion against tyrants is obedience to God." T.J.

Enforce the Bill of Rights !

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.

Economic Recovery? Think again!

"Recovery" is a big word. To most, it means a return to "normal," an economy 71% driven by consumer spending, half of it debt financed. The economy bulls like Cramer are not just talking about an end to desperate selling of the family jewels to Cash4Gold to pay mortgage, auto, student loan, medical or other economic rents from the FIRE Economy that consume household income and savings. No, they mean a full-blown regression to the good old days: eating out three days a week, a vacation in Europe, buying a new car and a second home, all on credit. The fantasy life of middle class Americans.

But the U.S. economy will never revert to its pre-cash past, based as it was 30% on financially engineered credit expansion and 70% real, based on productivity growth. While that does not lead us to a forecast of soup lines and dust bowls, it does not mean happy days are here again, either. Yet anyone who expects that the end of economic contraction will be quickly followed by a sharp V shaped recovery will be disappointed. Recession attended by debt deflation, or "balance sheet recessions" as they are called by some economists, tend to drag on and on.

Americans will have to recover the old fashioned way, via hard work, saving and investment in their own future and freedom.

BLACKWATER Founder Implicated in Iraqi Murders

by MAN edited Information from Nation by Jeremy Scahill

Blackwater aka Xe is facing charges in a US court for killing and injuring Iraqis, in attempting to silence its victims and their lawyers.

A former Blackwater employee and an ex-US Marine who has worked as a security operative for Blackwater in Iraq have sworn statements filed on August 3 in federal court in Virginia, claiming that the company's owner, Erik Prince, may have murdered or facilitated the murder of individuals who were cooperating with federal authorities investigating the company, and "encouraged and rewarded the destruction of Iraqi life," smuggling weapons into Iraq in dog food bags on Prince's private planes, destroyed incriminating videos, emails and other documents and have intentionally deceived the US State Department and other federal agencies. The two John Doe #1 & 2s' I.D. are sealed for their safety because persons who have provided information, or who were planning to provide information about Erik Prince and Blackwater have been killed in suspicious circumstances."

"Mr. Prince feared, and continues to fear, that the federal authorities will detect and prosecute his various criminal deeds," states Doe #2. "On more than one occasion, Mr. Prince and his top managers gave orders to destroy emails and other documents. Many incriminating videotapes, documents and emails have been shredded and destroyed."

The two declarations are each five pages long and contain a series of devastating allegations concerning Erik Prince and his network of companies, which now operate under the banner of Xe Services LLC. Among those leveled by Doe #2 is that Prince "views himself as a Christian crusader tasked with eliminating Muslims and the Islamic faith from the globe":

To that end, Mr. Prince intentionally deployed to Iraq certain men who shared his vision of Christian supremacy, knowing and wanting these men to take every available opportunity to murder Iraqis. Many of these men used call signs based on the Knights of the Templar, the warriors who fought the Crusades.

Mr. Prince operated his companies in a manner that encouraged and rewarded the destruction of Iraqi life. For example, Mr. Prince's executives would openly speak about going over to Iraq to "lay Hajjis out on cardboard." Going to Iraq to shoot and kill Iraqis was viewed as a sport or game. Mr. Prince's employees openly and consistently used racist and derogatory terms for Iraqis and other Arabs, such as "ragheads" or "hajjis."

Among the additional allegations made by Doe #1 is that "Blackwater was smuggling weapons into Iraq." He states that he personally witnessed weapons being "pulled out" from dog food bags. Doe #2 alleges that "Prince and his employees arranged for the weapons to be polywrapped and smuggled into Iraq on Mr. Prince's private planes, which operated under the name Presidential Airlines," adding that Prince "generated substantial revenues from participating in the illegal arms trade."

Doe #2 states: "Using his various companies, [Prince] procured and distributed various weapons, including unlawful weapons such as sawed off semi-automatic machine guns with silencers, through unlawful channels of distribution." Blackwater "was not abiding by the terms of the contract with the State Department and was deceiving the State Department," according to Doe #1.

This is not the first time an allegation has surfaced that Blackwater used dog food bags to smuggle weapons into Iraq. ABC News's Brian Ross reported in November 2008 that a "federal grand jury in North Carolina is investigating allegations the controversial private security firm Blackwater illegally shipped assault weapons and silencers to Iraq, hidden in large sacks of dog food." Another former Blackwater employee has also confirmed this information to The Nation.

Both individuals allege that Prince and Blackwater deployed individuals to Iraq who, in the words of Doe #1, "were not properly vetted and cleared by the State Department." Doe #2 adds that "Prince ignored the advice and pleas from certain employees, who sought to stop the unnecessary killing of innocent Iraqis." Doe #2 further states that some Blackwater officials overseas refused to deploy "unfit men" and sent them back to the US. Among the reasons cited by Doe #2 were "the men making statements about wanting to deploy to Iraq to 'kill ragheads' or achieve 'kills' or 'body counts,'" as well as "excessive

drinking" and "steroid use." However, when the men returned to the US, according to Doe #2, "Prince and his executives would send them back to be deployed in Iraq with an express instruction to the concerned employees located overseas that they needed to 'stop costing the company money.'"

Doe #2 also says Prince "repeatedly ignored the assessments done by mental health professionals, and instead terminated those mental health professionals who were not willing to endorse deployments of unfit men." He says Prince and then-company president Gary Jackson "hid from Department of State the fact that they were deploying men to Iraq over the objections of mental health professionals and security professionals in the field," saying they "knew the men being deployed were not suitable candidates for carrying lethal weaponry, but did not care because deployments meant more money."

Doe #1 states that "Blackwater knew that certain of its personnel intentionally used excessive and unjustified deadly force, and in some instances used unauthorized weapons, to kill or seriously injure innocent Iraqi civilians." He concludes, "Blackwater did nothing to stop this misconduct." Doe #1 states that he "personally observed multiple incidents of Blackwater personnel intentionally using unnecessary, excessive and unjustified deadly force." He then cites several specific examples of Blackwater personnel firing at civilians, killing or "seriously" wounding them, and then failing to report the incidents to the State Department.

Doe #1 also alleges that "all of these incidents of excessive force were initially videotaped and voice recorded," but that "Immediately after the day concluded, we would watch the video in a session called a 'hot wash.' Immediately after the hotwashing, the video was erased to prevent anyone other than Blackwater personnel seeing what had actually occurred." Blackwater, he says, "did not provide the video to the State Department."

Doe #2 expands on the issue of unconventional weapons, alleging Prince "made available to his employees in Iraq various weapons not authorized by the United States contracting authorities, such as hand grenades and hand grenade launchers. Mr. Prince's employees repeatedly used this illegal weaponry in Iraq, unnecessarily killing scores of innocent Iraqis." Specifically, he alleges that Prince "obtained illegal ammunition from an American company called LeMas. This company sold ammunition designed to explode after penetrating within the human body. Mr. Prince's employees repeatedly used this illegal ammunition in Iraq to inflict maximum damage on Iraqis."

Blackwater has gone through an intricate rebranding process in the twelve years it has been in business, changing its name and logo several times. Prince also has created more than a dozen affiliate companies, some of which are registered offshore and whose operations are shrouded in secrecy. According to Doe #2, "Prince created and operated this web of companies in order to obscure wrongdoing, fraud and other crimes."

"For example, Mr. Prince transferred funds from one company (Blackwater) to another (Greystone) whenever necessary to avoid detection of his money laundering and tax evasion schemes." He added: "Mr. Prince contributed his personal wealth to fund the operations of the Prince companies whenever he deemed such funding necessary. Likewise, Mr. Prince took funds out of the Prince companies and placed the funds in his personal accounts at will."

Briefed on the substance of these allegations by The Nation, Congressman Dennis Kucinich replied, "If these allegations are true, Blackwater has been a criminal enterprise defrauding taxpayers and murdering innocent civilians." Kucinich is on the House Committee on Oversight and Government Reform and has been investigating Prince and Blackwater since 2004.

"Blackwater is a law unto itself, both internationally and domestically. The question is why they operated with impunity. In addition to Blackwater, we should be questioning their patrons in the previous administration who funded and employed this organization. Blackwater wouldn't exist without federal patronage; these allegations should be thoroughly investigated," Kucinich said.

A hearing before Judge Ellis in the civil cases against Blackwater is scheduled for August 7.
