5-Years after the Sept. 11, 2001, TREASONOUS attacks on the People...truth is demanded

commentary by George Peabody

Pull it, said Silvestein on 9-11-01

Last Monday marked five years since September 11, 2001, the TREASON filled day that the federal changed all of our lives from being free and sovereign Americans into terrorfilled subjects of the Bush Administration's lies and plans for war on innocent people in Afghanistan and Iraq, and soon Iran. Five years after the attacks on New York City, the Pentagon, and Shanksville, Pennsylvania Americans are in danger of forgetting how horrible we all felt as we watched 3000 people die from the planes crashing into Twin Towers, people jumping out windows 100 stories up to certain death, and the implosion of both towers and Building 7 which was not even hit by an airplane.

I hope that on 9/11, you reflected on what happened that day and remember how you felt, and if you have questions now about how it could have happened. It is so important that we honor all of the victims of the terrorist attack at the Pentagon on 9/11. As Americans, it is our duty to learn the truth about who planned, executed, and allowed the TREASON of 9/11/01, and bring them to justice. Much has been discovered, however, the White House has corrupted FOIA and classification laws, and repeatedly invoked the states secret doctrine in an effort to hide their conduct from public scrutiny, and imprisoned people who get too close to the truth.

Unfortunately, we have been inundated with the lies that are the Bush's 9-11 Conspiracy Theory in the press and TV who are rewarded with lots of paid advertising from the powers that be. The gross ethical violation of scripted "news" is universally recognized, and named in various ethical codes as propoganda, but ethics is no inhibition to the publication of the government's lies by the quisiling sycophant newspapers like Dispatch and McAfees, and all the TV networks who refuse to air any documented facts videos offered them that are contrary to the Bush-conspiracy theory. You have only read these reports in the independent, patriotic Molokai Advertiser-News [MAN]

Evidence made public by **The MAN** and the 911Truth movement's video documentaries aired on AKAKU and OLELO was refused by TV networks KGMB, KHON, KITV, KHNL, and PBS, proves that the wars in Iraq and Afghanistan were started by President Bush et al, with the blessing of a spineless and corrupt Congress that never declared War. The wars are based on lies about the 9-11-01 airplane crashes into the Twin Towers in New York and the Pentagon, as well as false claims that Saddam Hussain had nuclear weapons and biological weapons stockpiled and being developed to attack America. All lies. All TREASON. Hundreds of thousands dead. And, the United States of America in a virtual police state. Hawaii's governor Linda Lingle who has supported the Bush policies since her 2002 election, fully cooperates with Bush, and continues to lead Hawaii forward into a future of tax slavery and martial law.

George Peabody says Bush/Lingle et al Complicit in 9-11-Based Police State

"Lingle's POLICE STATE of HAWAII IS 9-11 based organized crime! Lingle's collusion with federal fascist Bush et al has created the biggest, baddest, most heavily armed street gang -- and its power is based on making sure you know it," he declared.

JUDGMENT: LINDA LINGLE ORDERED BY COURT TO PAY \$10,000 TO GOVERNOR CANDIDATE GEORGE PEABODY.

A default judgment for \$10,000 against incumbent

TAXATION IS SLAVERY!
FREEDOM: CUT TAXES, REDUCE GOVERNMENT
GEORGE PEABODY FOR GOVERNOR

governor Linda Lingle et al, was issued Sept 9, 2006 from United States Court. Linda Lingle is ordered to pay the judgment, "...or be held in the custody of the United States Marshals Service in contempt of this COURT until such payment is secured," according to the Writ of Execution on file at USDC, Honolulu.

The federal court case is CV#0600431, George Peabody vs Linda Lingle et al.

George Peabody, Ex Rel, sui juris filed the complaint against governor Linda Lingle et al in July after he was prevented by 5 Maui Police Dept. officers from boarding his scheduled flight from Molokai to Honolulu on July 12 to file his nomination papers as a candidate for the Office of Governor of Hawaii. Peabody did file his papers the next day, and is seeking the Republican Party nomination for office of governor of Hawaii's government on the Primary Ballot vote set for Sept. 23.

"George Peabody is challenging Lingle for the republican nomination, and her minions and big dollars are doing everything they can to prevent any serious competition. During my speech at the GOP convention, the mic was turned off after I said Hawaii State government has become Organized Crime headed by Lingle/Aiona, and then began to recite a litney of criminal charges against Lingle, Aiona, and other high government officials," said Peabody. "Lingle's Police State serving the rich and the terrorist Pres. Bush against the People of Hawaii must be stopped, and our Bill of Rights and Constitution for the United States of America restored as the Law of the Land in Hawaii to make pono with the people's sovereignty over their servant government. 'Queen Lingle' must be overthrown, and the sovereign People of Hawaii can do it in the Primary just by voting for George Peabody instead of Lingle. This is the most important election for in Hawaii's history because it will determine whether the People of Hawaii will continue to be governed by Organized Crime, or be Sovereign."

The Writ of Execution against Linda Lingle et al, and Douglas Ige et al, and Rhonda Lai-Loo et al, issued by the Court on September 9, 2006, states that the case was "...adjudged and decreed by this COURT that LINDA LINGLE and all those acting under color of law through her by virtue of her executive office are constrained from committing crimes prohibited by the United States of America against George Peabody, Citizen/National of the United States of America. IT IS FURTHER adjudged and decreed as determined by 18 U.S.C. B 402 that the defendants pay to George Peabody, the complainant party injured, a pecuniary penalty of ten thousand dollars (\$10,000.00) in token restitution for the injustice done to him or be held in the custody of the United States Marshals Service in contempt of this COURT until such payment is secured. Notice is made and served upon all those executive and judicial officers responsible to enforce the Laws of the Union with the enactment of this instrument. It is so ordered this day September 9, 2006."

Government agents in high office and their minions act like gang members: As part of being a cohesive group, they inflict brutality, terror, robbery, murder and rapes, kidnapping, even treason, which brings them closer as a gang. It is a way to demonstrate their power. And it sends a message to anyone who dares to cross them. Lingle's Administration is Organized Crime.

We the People of Hawaii must take back our constitutional republic, regain our Sovereignty by electing a new governor who will govern the government and set the people free from Organized Crime and their taxation slavery. Voting in the September Primary can be a peaceful but effective revolutionary act to restore our Sovereignty! Let the REVOLUTION begin now! Stick a fork in Lingle: she's done now!

There is hope for freedom from taxation and the LinglePolice State if all the voters who know Lingle has trashed our economy, consorted with the enemy and a Terrorist Nation Israel, ignored the evidence proving federal involvement in Sept. 11, 2001, supports Pres. Bush's un-Constitutional War on Iraq, served wealthy special interests like Molokai Ranch and SuperFerry against interests of Hawaii residents, and failed to protect Hawaii nei from corruption and abuse by federal agencies and military will simply vote a Republican Party ballot in the September Primary for George Peabody. Imua!

5-Years after the Sept. 11, 2001, TREASONOUS attacks on the People...truth is demanded

commentary by George Peabody

POLITICAL PRISONER RELEASED: Do nothing photo-opt governors like Lingle allow the feds to abuse state citizens to speak out against crime in government.

Example is reporter Susan Lindauer, inmate number 56064-054, who was just released last week after being held in a New York federal correctional facility for more than a year under forced psychiatric evaluation. She was being held there by feds because she had asked the U.S. government in March 2001 not to attack Iraq since it had no weapons of mass destruction. This sparked on all out attack by the Bush administration leading to charges of acting as an unregistered agent of the government of Iraq. According to Lindauer and other observers, the Bush administration viewed her as a threat to the administration's illegal intentions of going to war with Iraq at all costs by lying to the American people about Iraq's nuclear capabilities. Last week, Federal Judge Mukasey ruled against the government's motion to keep Lindauer locked away under forced medication. Political prison is the Patriot Act in action, unlawfully.

9-11 Wars UPDATE: U.S. and Afghan forces are still in the fight to control Afghanistan after U.S. forces invaded to destroy the Taliban government based on lies that Osama bin Laden was the mastermind of the Sept. 11 attacks. The FBI admits there is no evidence that binLaden was involved. Osama bin Laden publically denied any part

IRAQ NAM: VP Cheney was wrong when he said shortly before the invasion of Iraq that U.S. forces would be "greeted as liberators." Instead, more than four years later, violent resistance to the U.S.-backed government in Baghdad continues from Patriotic Citizens of Iraq who are willing to fight to the death to defend their country against being occupied by a foreign power that is against their culture, against their religion, and against their desire to be free in their own country. And more than 2,600 U.S. service members have been killed. "No doubt, we did not anticipate that the insurgency would last this long," said Cheney who discounts civilian deaths as collateral damage

9-11 EVIDENCE of TREASON: A literal mountain of evidence has been developed, with new revelations coming out almost every day, that 9/11 was NOT executed by Arabs at all, but rather was an inside job, involving both Israel and elements of America's own government and private sectors, with Pres. Bush et al complicit. For example, we now know that New York's mayor Giuliani had been told that the World Trade Center Towers needed to be taken down no later than 2007 because of corrosion and that controlled demolitions could not be employed because of the health hazard. Though the twin towers cost 1.2 billion to build, the estimate to dismantle and remove them was about \$12 billion! Talk about having a motive to create a diversion which would cover controlled demolition, which could be accomplished for a tiny fraction of the cost of dismantling them! That is part of the 9-11 story big time!

Now we know why "Lucky Larry" Silverstein bought the leases and insured the towers for \$8-billion just weeks prior to their destruction! With that condemnation order pending, nobody in his right mind would buy the leases: 9-11 was economics, just a business plan to protect his real estate investment; WTC taken down via planned, controlled demolition, under cover of jetliners crashing into them. BUT, building #7 was NOT hit by airplanes! So Larry Silverstein ordered "Pull it !" It fell down!
