## Obama's FEMA Tells Volunteer Texas Firefighters to Go Away

Firefighting-trained volunteers from around the state converged on Bastrop and Smithville, Texas, yesterday to lend a hand to beleaguered local firefighters battling the huge wildfires aka the Bastrop County Complex Fire — only to be sent away as Obama's FEMA federal officials arrived at the scene and took command.

FEMA officials said they turned away the volunteers because local officials never made a formal request for volunteers to FEMA. [So, under ObamaFEMA, volunteers to national emergency need not apply? Sounds like Martial Law !]

"We were at the station getting set up into strike teams when a whole line of beige FEMA cars, tinted windows and such, and this guy came up and said that the U.S. Forest Service had 'assumed control of the situation, and that 'If you don't have a vehicle that squirts water, go home,'" said Gordon Greer of Kirbyville, who drove all night Monday to arrive in the town beset by the worst wildfire in Texas history. "You've got guys who had driven all night long from Corpus Christi and Brownsville on their own dime, and they turned them away," Greer said.

A spokesperson with the U.S. National Interagency Incident Center, Jennifer Jones, confirmed that feds would be assuming command in Bastrop County around 1 p.m. Tuesday, but had not done so when the firefighting volunteers were told to leave.

The Bastrop County Office of Emergency Management announced via its Facebook account Tuesday afternoon that "If you are a fire fighter wanting to volunteer you have to be activated by the National Forestry Service first."

Furthermore, FEMA said that "Members of local departments should not self-deploy. Have your fire chief contact TIFMAS Coordinator Joe Florentino at [jflorentino@littleelm.org](mailto:jflorentino@littleelm.org)". [OMG, what happened to State Sovereignty vs Feds?]

Several of the volunteers voiced their displeasure, however, at federal agents taking charge now at the scene after appeals by Texas Gov. Rick Perry for federal aid during a previous series of wildfires earlier this year was turned down.

"They're willing to sacrifice the lives of the people of Bastrop just so they can come in here and pull rank," said Daniel Miller of Nederland, who had led a group of Texas Nationalist Movement members who were certified firefighters to Bastrop from the Beaumont area. Miller said he and several other members of the group would remain in the Bastrop area to aid with civilian relief efforts.

Obama's FEMA response exemplifies what is WRONG with America today. You lay out a protocol that is wrapped neatly and tied with a bow of bureaucratic BS as if when people's homes are burning and livestock are dying you have the LUXURY of turning away able bodied men who showed up because THEY CARE NOT BECAUSE IT'S THEIR JOB! That type of ObamaThink is stright out of Communism that discourages the ALL AMERICAN SPIRIT of INDEPENDENCE and SELF Reliance and independence from centralized federal government.

"I'd take a dozen true hearted men over ten thousand paid responders ANY DAY," wrote Catherine Crabill

"To have your neighbors, friends & hometown strangers come and offer to help you as your property goes down is a blessing not shown in any regulation or government red tape. It comes down to power and money. The federal government folks cover themselves in regulation because of laws they pass. Bob said because of paperwork they don't like working with volunteers. This is the most sickening thing, powertrip is apparent here and forcing us to be reliant on the police for protection, insurance when things go wrong & government for jobs is what is wrong, and now they turn away firefighters when Bastrop burned. I guarantee most people will accept it because of conditioning to accept big government regulation, wrote D.Holsonbake

[Editor's Note: An important lesson for the obama supporters to learn is that charismatic politicians with no history who are catapulted to the national stage from one of the most politically corrupt areas of the country ARE NOT YOUR MESSIAH! Do not treat him as such or you're going to get burned. And, what is coming next from Obama-House? MARTIAL LAW: U.S. troops returning from Iraq are being re-allocated to occupy America, running checkpoints and training to deal with "civil unrest and crowd control" under the auspices of a Northcom program that revolved around deploying 20,000 active duty troops inside America to "help" state and local officials during times of emergency. Training program completion, 2011. NOW !]

## Official Story is Lies on 9/11/01 Plane Crash on Pentagon ! Easy to see, there is no evidence of Plane Crash! Hole in the Wall is size of a rocket!

Sunday will mark the 10-year anniversary of the 9/11 attack on the Pentagon, and the two airplane crash attacks on the Twin Towers in NYC, and the obvious controlled demolition of both towers and Building 7 the false flag "Terror Attacks" were designed to obscure. The official version of what happened that day when 3,000 people died is lies upon lies that are accepted as fact and without question by people who do not want to see the evidence such as the photos above that prove there was no plane crash at the Pentagon, and the photo below of the top of the Twin Towers blowing off hours after the plane crashed twenty stories below. Airplanes did NOT knock down the Twin Towers and Building 7! 9/11/01 was controlled demolition TREASON and conspiracy by Administration of Pres. Bush, and Congress, and Israeli Jews secret service Mossad and Larry Silverstein for insurance money, Stock Market Insiders \$Millions, and for starting war for oil in Iraq, Afghanistan, Iran, Lybia, and protecting the Zionist Jews state of Israel from Palestinian resistance to occupation of their lands.

Why is there is no inquiry by the American people. What their "leaders" feed them is automatically believed to be true? No questions allowed! No volunteers!

Official story has it that 19 hijackers living in caves in Afghanistan with Osama Bin Ladin— outwitted the vast United States intelligence network and the worldwide intelligence network for months while preparing to carry out the largest attack ever on American soil.

The 19 hijackers reportedly learned to fly — but not land — small airplanes so they could pull off the attacks with giant commercial airliners. The hijackers split into four teams and, armed only with box cutters, each overpowered the crew and a planeload of passengers. There weren't 20 hijackers and four equal teams because one of the hijackers, Zacarias Moussaoui, was in jail in Minnesota on an immigration violation.

During the hijacking, passengers reportedly used cell phones and airplane seat-back phones to call loved ones to tell them of their plight, even though such technology was not available in 2001. Questions? Anyone? WAKE UP America!

After two of the planes performed extremely difficult piloting maneuvers in order to crash into the towers of the World Trade Center, they erupted into huge fireballs. Yet, the passport of one of the accused hijackers was found, intact, lying on the sidewalk, virtually unsinged and undamaged but soaked in jet fuel. This passport "lead" put the FBI on the trail of the hijackers and their co-conspirators right away, and within hours the FBI released all the names of the now dead hijackers, regardless of the fact the names belonged to alive non-hijackers. [ page 2]

Hours after the 9/11 airplanes hit the Twin Towers, the top of the buildings exploded, and continuous small explosions observed as the buildings fell in a controlled demolition that could only occur from prepositioned bombs before airplane crashes.

# 9-11-01 REVIEW: Inside Job was Purely TREASON

[Continued from page 1] The official lies say that the small cool jet fuel fires resulting from the crash, brought down the two towers within hours and even brought down an adjacent building that was undamaged by the planes and had sustained only minimal fire damage. It has also been evacuated before the planes crashed into the Twin Towers. Hmmm, why? And owner Larry Silverstein is on video saying to Pull It meaning blow up Building 7, and it too fell down in another perfectly controlled demolition pattern, like Twin Towers.

Another official lie is that in a field over Shanksville, Pa., a group of passengers decided to overpower their hijackers and regain control of the plane. One of the passengers, Todd Beamer, reportedly uttered the now famous words, "Are you guys ready? Let's roll," according to a customer service representative Beamer had reached using a credit card phone in the back of an airplane seat. [Again, such technology was not available in 2001, wake up America !]

Beamer and other passengers wrestled with hijackers for control, and the aircraft plunged into the ground in a field and disintegrated into millions of pieces, most of which were small enough to fit into a carry-on bag. The largest piece found at the site was a section of fuselage about the size of a car hood. A section of the engine was found more than a mile away, and debris from the crash was found as far as eight miles away, blown there by the very light 10-mph winds after being tossed into the air by the crash. [give me a BREAK !! LIES ]

By 3:30 p.m. CIA Director George Tenet had fingered Osama bin Laden as the culprit with three known al-Qaida operatives. bin Laden denied any involvement; Afghanistan had nothing to do with it, and Iraq had no WMD's. It was war for oil, and political power over US Citizens and increase federal powers.

Shortly thereafter, the "War on Terror" begins in Afghanistan with the purported goal of finding and killing bin Laden. Bush signed the USA PATRIOT Act, which had not been read by any Congressmen, yet was passed by the house 357-66 and the Senate by 98-1. All Americans became SUSPECTS for TSA, FEMA, Homeland Security, and a corrupted Judiciary to coerce and harass, and the Constitution for the United States of America be damned.

On Nov. 27, 2002, a commission called the National Commission on Terrorist Attacks Upon the United States (9/11 Commission) was formed to "prepare a full and complete account of the circumstances surrounding the September 11, 2001 attacks." The commission issued its final report and closed on Aug. 21, 2004. In a nutshell, it blamed failures on the part of the CIA and the FBI and said the attacks could have been prevented. Nothing about Zionist Israeli operatives, planting demolition bombs in the buildings, ignored eye witness testimony of bombs exploding in all three buildings even underground to provoke a controlled demolition as was the case here; nothing about the millions \$\$ won by stock traders who had prior knowledge and shorted the airlines stocks knowing it would drop; nothing about Silverstein "pull it" remarks on Building 7; no videos of attack on Pentagon, no videos of FAA controllers on 9/11 allowed to be viewed. Nothing about the emails warning Jews to get out of the WTC. Nothing about cell phone technology not available 2001. Why were these witnesses hushed up and why weren't they allowed to testify for the 9/11 Commission? So Who Done it? No reply.

Case closed for the media and the vast majority of the American public.

But, consider these strange facts: President Bush was at Booker Elementary School in Florida. Before entering the classroom, Bush said he learned of the first crash before entering the classroom when he saw the plane crash into the building on television. There was no video of the first crash until much later in the day, and the school principal said there was no television in the area that Bush could have seen anyway. Why this discrepancy? Was Bush lying? Did he have prior knowledge? He continued reading goat story.

Witnesses reported seeing a white jet that looked like a fighter plane trailing United Airlines Flight 93, and a huge explosion was reported in the area over Pennsylvania. Did a US fighter plane shoot down flight 93, order by Cheney?

At least 60 Israeli citizens were arrested and held secretly — some of them with ties to Israeli military and intelligence, some dressed as Arabs and taking photos of the plane crashes as they happened in real time as though they knew a head of time and were prepared to photograph their big event

Fox News' Carl Cameron broke that news. His four-part series provided evidence that the Israelis had foreknowledge of the 9/11 attacks, but the report has been scrubbed from Fox News' website. Why did Fox News scrub the stories?

The North American Aerospace Defense Command (NORAD) is tasked with protecting American airspace. Yet even though the Federal Aviation Administration notified NORAD of the hijacking of American Airlines Flight 11 at 8:38 a.m. and other flights in the minutes that followed, it wasn't until long after the last plane hit the ground that NORAD planes showed up. Where were they and why did NORAD sit on news of the hijacked planes for several minutes (which NORAD admits to but won't explain) before scrambling any fighters? NORAD stonewalled and its representatives lied. What were they covering up and why? Why do they continue to stonewall to this day?

Firefighters and reporters arriving on the scene of the WTC fires claim to have heard numerous explosions before the buildings collapsed. What caused the explosions? Were they deliberately set to bring down the twin towers in controlled demolition style? Owner Larry Silverstein was reportedly beginning the process of tearing down the Twin Towers and EPA regulations made the process slow and very expensive.....a controlled demolition would not be permitted in big city, but a terrorist attack would be good cover and he could and did collect insurance \$\$.

How did fires cause two skyscrapers to fall? It's the first time fire ever brought down a skyscraper, and it happened to three buildings in one day. Why did they pancake down as if in a controlled demolition? If fire weakened the support beams, as the official stories suggest, why didn't the towers fall to one side or the other rather than pancake down as if in a controlled event? Many engineers and architects at <<http://www.ae911truth.org/>>AE911truth.org say it could not have happened as we're told. Why are they being ignored? Better yet, if these architects and engineers are lying about their theories, ask yourself what they stand to gain from lying and what is their motive?

Traces of an explosive called thermite were found in the rubble of the WTC and melted steel was found beneath the columns. What is the source of the thermite and what caused the steel to liquefy? Burning jet fuel does not reach a temperature high enough to liquefy steel.

What caused WTC Building 7 to fall?

The maneuver required to fly an airliner at the trajectory of the one that hit the Pentagon would be difficult for an experienced pilot, and some of the air traffic controllers watching the flight believed it to be a military aircraft at the time. How did a terrorist with limited — and by all accounts very poor — flying ability pull off such a maneuver without crashing into the ground before the Pentagon?

Why was the hole in the Pentagon wall too small to accommodate an airliner — both in width and height? Why were no identifiable parts of a Boeing 757 found at the crash site? Why was an engine turbofan from an A3 Skywarrior found at the crash scene? If Flight 77 did not crash into the Pentagon, what happened to it and its passengers and crew?

In the weeks and months after the attack, men alleged to have been the hijackers and supposed to have died in the attacks began turning up alive. At least seven of them have been seen since 9/11 and one was found to have died prior to 9/11 in an airplane crash. What is the explanation for the misidentification by the FBI of these innocent people?

Why did Bush begin talking to cabinet members about attacking Iraq while the Afghanistan attack was being formulated?

If we attacked Afghanistan with the intention of defeating al-Qaida and killing Osama bin Laden, why are we still there? Al-Qaida is no longer in Afghanistan and bin Laden is reportedly dead.

Why did the Pentagon participate in a cover-up and attempt to mislead the 9/11 Commission? Why did Commission members say they believed the Commission was set up to fail? Why have there been no charges of obstruction of justice filed against those who stonewalled and lied to the Commission?

Did someone or someones in government or within some shadowy quasi-governmental agency participate in or facilitate the attacks? What other lies are we being told?

## The so-called "War on Drugs" has been used as a cover for government crimes:

1) violating Constitution rights, 2) raising money for illegal wars and other criminal activity, 3) rewarding cooperative gangsters, 4) militarizing the police.

Now there's a new use for the "Drug War" - dissolving the US-Mexican border. see the hair-raising details here on SecondAmendmentTV.com w/Alex Jones

## Gun Rights Patriot to Prison?

An unidentified spokesperson for the Bureau of Prisons issued a terse explanation for denying a furlough to Hollis Wayne Fincher, keeping him from attending graveside services for his deceased wife, Linda--services were held Thursday, September 1.

Prison official said that after carefully reviewing the matter, it has been determined that Mr. Fincher does not qualify for a furlough to attend the funeral based on the nature of his offense. Additionally, his presence in the community could attract undue public attention and create an unusual concern in the community, because of the extent of public knowledge of the offense.

Wow! How bad is Fincher's "offense"?

What representatives of the federal machine find offensive, is standing up for his right to keep and bear arms suitable for militia service--as is guaranteed by the very document his oath-breaking persecutors swore to uphold and defend. The absolutely nonviolent "nature" of his "offense" was defiance of their unconstitutional rules--and that is something they will not tolerate--no matter how well behaved their captive has been, and even if scheduled for release soon.

But there was no careful review--that is a demonstrable lie, as the graveyard itself is so out of the way that directions to attend services cautioned "Mineral Springs Rd. is not well marked." Mineral Springs Cemetery, West Fork, AR is far removed from the "community", and you realize that attracting "undue public attention" at that locale is a lie by insolent and cruel "public servants."

And as for "unusual concern," that's just their way of insulting Fincher's family, friends and supporters--like they would abuse a solemn occasion of sadness and respect to be disruptive or worse.

This is a typical, heartless bureaucratic response where no one is personally accountable. It is an in-your-face not only to Fincher and his family, but from the federal bureaucracy to the entire Patriot movement.

It is also a warning: Cross them and the same will happen to you, and while your family is grieving, the faceless, vindictive "officials" who impose diktats they know will cause you pain, will drive home on Friday night for the long weekend--oh, sorry, the services were yesterday?-- secure in their publicly-funded positions, benefits, pensions...Wake up Americans, YOU are NEXT !

The health of the nation is reflected in the health of the second amendment when public servants actively support your personal independence from them as our servants. Official affirmation of the second amendment is the beginning of this respect for you as the sovereign and them as our servants in the totality of all our other rights. Being armed is a valid and law abiding choice, and it makes as much rational and practical sense as more people knowing CPR.

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

## Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

## Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

# Maui Charter ?

The Maui County Charter Commission will start the process of deliberating on the many proposed charter amendments it has received at its next meeting, Monday, Sept. 12.

The commission has received in excess of 70 charter amendment proposals from the public, as well from County Council Members, the Mayor and various County Departments. The commission held countywide series of public hearings in its process to encourage input from the Maui County public.

oh, yea? Why did County hire attorneyes Broder and vanDyke to cut out proposals from We The People, a disservice to the public process, not right to let them and their biases silence us. Let us see all proposals from everyone who makes the effort to submit their ideas.

Get individual accountability of behaviors by Police into Charter. Taxpayers should not have to keep paying for abuse of authority by MPD officers when they beat up citizens, make false charges and false arrests, prohibit cameras recording their actions, plant drugs and guns on people to entrap them, violate 2nd Am. gun rights to keep and bear arms is a Right that must not be infringed and is the final defense against government tyrants. Put these into the Charter! Stop Real Property Taxation slavery, too. mahalos, George Peabody

"The commission has been primarily in listening mode for the last four months. Now it's time for the rubber to start hitting the road as the commission starts the process of deliberating and sifting through all of these great ideas the public has offered to us. We will continue to accept proposals or refinements on proposals as we work through the list of proposals we have," said Commission Chair Josh Stone.

"Because we only have about a year to work through this process, it is critical that we begin to analyze and prioritize," Stone said.

The Charter Commission is an 11-member board appointed by the Mayor and approved by the Maui County Council to conduct a review of the County Charter. The charter is the equivalent to the County's constitution, the blueprint that sets the structure of county government. The Commission may make recommendations to amend the charter to the voters in the next election.

The commission will also take testimony from the public on any subject related to the County Charter.

The Sept. 12 meeting will be held from noon to 4 p.m. at the Planning Commission Conference Room in the county complex on High Street in Wailuku. For more information about the meeting, call 270-7742. email: HYPERLINK "mailto:charter.commission@mauicounty.gov" charter.commission@mauicounty.gov and website: HYPERLINK "http://www.mauicounty.gov" www.mauicounty.gov see top left of cover page.

## International Bee Conference Sept 12-15 the Big Island of Hawaii: Bees in Hawaii Threatened by Mites and Beetles

Hawaii's "idyllic days" as a beekeeper's paradise are over, according to Danielle Downey, state apiculture specialist, leading to a "crash mobilization of Hawaiian beekeepers and supporters of the industry who are fighting for the survival of their bees." In line with that mobilization, the international Western Apicultural Society is holding its annual conference Sept. 12-Sept. 15 at Hapuna Beach Prince Hotel in South Kohala.

Apiary recovery following assaults by Varroa mite and small hive beetles will be a focus of the Sept. 12-15 Western Apicultural Society's annual conference at the Hapuna Beach Prince Hotel.

The public is invited.

## Obama Homosexual Agenda Opens Door Through new "Super Congress" !

Radical Obama Homosexuals in Washington are furiously plotting how best to ram their perverse agenda through Congress. And they've figured out the perfect scheme to do just that: The new "Super Congress."

Just look at the place where these special laws for homosexuals are in effect. At Massachusetts, children participate in "Gay and Lesbian Pride Day," where practicing homosexual celebrities are praised and students are taught that perverse homosexual sex acts are normal and healthy.

And think of the danger for young children if a homosexual pedophile becomes their coach or teacher. And they think saying no is somehow "hateful."

If the Homosexual Lobby succeeds, I'm afraid our children may never be safe. Super Congress is the new debt crisis "solution" that passed through the House and Senate and Obama signed into law hours before the default?

Unfortunately, the agenda of the "Super Congress" is NOT limited to only the debt crisis. They can push through ANYTHING they want.

Not only that, but because of the rules, NOTHING this "Super Congress" pushes can be filibustered or amended. And the Homosexual Lobby knows it. They're going all out. They've finally found a way to prevent our minority in Congress from stopping them in their tracks.

That means:

- 1.) The Homosexual Classrooms Act, which would mandate pro-homosexual lessons in EVERY school, even private religious ones.
- 2.) The Gay Bill of Special Rights, which would grant special protections no other Americans have.
- 3.) Federally recognized Homosexual "Marriage" officially declaring perversion as equal to the sanctity of REAL marriage.

To make matters worse, Barack Obama is desperate. His public support has evaporated and to save his re-election prospects he is paying off the radical Homosexual Lobby by granting every wish on their perverse list.

Barack Obama has brought an end to "Don't Ask, Don't Tell" allowing infiltration of America's military by flamboyant homosexuals; Obama pledged to repeal the Defense of Marriage Act and flatly REFUSED to do his job and defend federal legislation in court; Obamanominated Homosexual ally Elena Kagan to the Supreme Court.

The Gay Bill of Special Rights? Obama promised homosexuals "We're pushing hard to pass [it]...I will not waver in my commitment."

And the Homosexual Classrooms Act? He's taken the lead in opposing what he calls "school bullying." That's nothing but a trick designed to sweeten the poison pill of the Homosexual Agenda.

The Homosexual Lobby is desperate and they will do anything to ram through their radical agenda. If you and I don't stop them now, they will succeed in using the "Super Congress" to ram every aspect of the Homosexual Agenda into law.

It really leaves me wondering when people are going to put a stop to the tyranny and corruption coming at us at excellerating pace from Obama-government agents?

## Molokai High School News Parents, students experience Senior Project 'Ohana Night

At the Molokai High School's Senior Project 'Ohana Night on Tuesday, August 16, students and parents were able to get information on the Project's primary components: the research paper, the portfolio, the community service action, and the panel presentation. 'Ohana Night participants learned about the Senior Project links on the school's website and spoke to MHS graduates Guy Brito, Ceriann Espiritu, and Misty Mollena, about their projects. Present at the 'Ohana Night were the High School's administrative staff, Principal Stan Ha'o and Vice Principal Daniel Espaniola, as well as, Kelley Dudoit of the UHMC Molokai Institutional Support. Community adults interested in opportunities to assist with the Senior Project can call Karen Harada, Senior Project Coordinator, or email Senior Project Committee Member, Glenda Kahoohanohano at [Glenda\\_Kahoohanohano@notes.k12.hi.us](mailto:Glenda_Kahoohanohano@notes.k12.hi.us). You can also contact Senior Project Committee members Diane Mokuau, Nancy Lawrence, and Jocelyn "Pinky" Buchalter. The Senior Project will be featured at a MHS community outreach meeting on Wednesday, September 7, 2011, 6 p.m., at Kaunakakai Elementary School's cafeteria.

### Book Break Event July 27 Winners

At Molokai High and Middle Schools' Book Break on Wednesday, July 27, teachers and staff members were the first to browse and borrow new and highlighted library resources. Refreshments included specialty drinks and homemade muffins to provide a "Borders-like" setting for networking, collaboration, and lesson planning. High School principal, Stan Hao, enjoyed a Hawaiian ancient games book while new Middle School principal, Gary Davidson, found a book that captured his interest in sculpture. For a "Guess the Reader" library contest, teachers and staff members posed for pictures using their hands and a book as clues. Congratulations to Special Drawing winners: Laura Buller and Glenda Kahoohanohano. Lucky Number contest winners were Lori Kaiama, Rodney Nelson & Berna Puhii.

## NEW BOOK RELEASE

author: Keanu Sai

## Ua Mau Ke Ea, Sovereignty Endures: An Overview of the Political and Legal History of the Hawaiian Islands

The Pu'a Foundation has released a provocative new textbook that will challenge current information listed in history of Hawai'i textbooks used in classrooms today. Ua Mau Ke Ea, Sovereignty Endures: An Overview of the Political and Legal History of the Hawaiian Islands by Keanu Sai, Ph.D.

Based on more than 20 years of research and investigation, Sai's book challenges the accuracy of previous events in the history of Hawai'i that have been and continue to be taught in classrooms today. Grounded in political science, Ua Mau Ke Ea takes the reader on a journey beginning with Kamehameha I in the 18th century to present day Hawai'i and exposes the fallacy of the United States' annexation of Hawai'i,

thus revealing errors on what has been taught in classrooms in Hawai'i. Hawai'i's Annexation by USA and the Republic of Hawaii connotes legality by mutual agreement, the act was not 100% mutual and therefore not legal, in Sai's opinion, and concludes that by definition of international law there was no annexation, we are left then with the word occupation as the relationship of USA and Hawaii.

"Annexations vs Occupations in the history of Hawaiian Islands is an important subject of Sai's text book, but readers should consider on their own the same question regarding the bloody wars and annexations by Kamehameha I, referred to as "unification", " writes Molokai Advertiser-News editor George Peabody. This book is a must read for thinking people who question authority and face reality.

"Ua Mau Ke Ea is an eye-opening text that fosters a new understanding of our history," says Toni Bissen, Executive Director of Pu'a Foundation. "Under the Hawaiian Historical Production Project, we commissioned this historical work of Dr. Sai and Ms. Sai-Dudoit to support Pu'a Foundation's mission of developing community educational teaching resources to serve Hawai'i's communities to assist with reconciliation efforts that address consequences of the overthrow."

Pu'a Foundation believes Ua Mau Ke Ea will be an insightful learning supplement for Hawaiian history classes at high school and college levels. Sai's fresh perspective on the topic has already earned rave reviews from local educators.

"Heavily dependent on primary sources and contextualization, this book is a radical departure from 'conventional' histories with some truly fresh insights on the Hawaiian Kingdom and Hawai'i's current legal status," adds Umi Perkins, Ph.D., a High School Honors Hawaiian History educator from Kamehameha Schools-Kapalama. "By focusing on Hawai'i's often-neglected legal infrastructure, Sai shows its problematic-and ultimately occupied-nature."

The textbook is now available for purchase online at [www.puafoundation.org](http://www.puafoundation.org) and will be available at Native Books/Na Mea Hawai'i in Ward Warehouse.

Call (808) 945-3570, email [puafoundation@hawaii.rr.com](mailto:puafoundation@hawaii.rr.com) or [www.puafoundation.org](http://www.puafoundation.org) Cost: Book - \$35

Historical Documentary DVD - \$25 (Pre-orders will be taken)

An instructional data CD containing sample exams and teaching materials is also available for educational instructors upon request. This includes sample tests, PowerPoint presentations, discussion questions and reference copies of primary historical documents. Please contact Pu'a Foundation.

Pu'a Foundation is a 501(c)(3) organization which develops projects that foster an understanding and holistic context of the overthrow of the Hawaiian monarchy through research, knowledge sharing and open dialogue, and to heal and reconcile the past and present for a better future in Hawaii.
