Obama "The Usurper" Risks a Domestic Military Intervention

Defendant Obama is named as "de facto president of the United States."

By: John L. Perry

There is a remote, although gaining, possibility America's military will intervene as a last resort to resolve the "Obama problem." Don't dismiss it as unrealistic. Retired Air Force Lieutenant General Thomas McInerney has supplied an affidavit in support of Army Lieutenant Colonel Terrence Lakin, who faces Military Court Martial trial on October 13-15. The retired Air Force three-star is the highest ranking officer yet to lend public support to LTC Lakin. His affidavit acknowledges widespread concerns over the President's Constitutional eligibility and demands the President release his birth records or the court authorize discovery.

McInerney's sworn affidavit was filed in Court-Martial in support of Lakin's motions for subpoenas for all of the president's school records, and for a deposition of the custodian of Obama's birth records in the possession of the State of Hawaii, i.e., Lina Lingle's Department of Health records.

Defendant LTC Lakin is a physician, and is in his 18th year of service in the Army. He is Board Certified in Family Medicine and Occupational and Environmental Medicine. He has been recognized for his outstanding service as a flight surgeon for year-long tours in Honduras, Bosnia and Afghanistan. He was also awarded the Bronze Star for his service in Afghanistan and recognized in 2005 as one of the Army Medical Department's outstanding flight surgeons. In March of this year, he announced in a video posted on YouTube that he would refuse to obey orders until receiving proof of the Obama's eligibility. So far, more than 225,000 people have viewed that video at <http://www.safeguardour-constitution.com>. The following are extracts:

The President of the United States, as the Commander in Chief, is the source of all military authority. The Constitution requires the President to be a natural born citizen in order to be eligible to hold office. If he is ineligible under the Constitution to serve in that office that fact creates a break in the chain of command of such magnitude that its significance can scarcely be imagined.

America isn't the Third World. If a military coup does occur here it will be civilized. That it has never happened doesn't mean it won't. Describing what may be afoot is not to advocate it. So, view the following through military eyes:

Officers swear to "support and defend the Constitution of the United States against all enemies, foreign and domestic." Unlike enlisted personnel, they do not swear to "obey the orders of the president of the United States."

Top military officers can see the Constitution they are sworn to defend being trampled as American institutions and enterprises are nationalized.

They can see that Americans are increasingly alarmed that this nation, under President Barack Obama, may not even be recognizable as America by the 2012 election, in which he will surely seek continuation in office. [page 2]

Members, friends and visitors celebrated at the recent annual bon festival. Led by the Rev. Shuji Komagata at morning services at the Kapaakea Cemetery and evening services, family gathering and ancestors were celebrated in this traditional Buddhist event, that includes everyone's Ancestors.

Bon at Soto Mission

Held this year on August 28th at the Soto Mission temple grounds, the bon dance welcomed the community and visitors as well as family who return for this special event. Hospice of Molokai volunteers invited everyone to write a special individual commemoration of an ancestor. The paper streamers were hung above the church entrance and burned at the end of the evening.

There was food, a country store and the staff from the Japanese Cultural Museum who offered make and take activities.

The Taiheiji Taiko Group and dancers from Molokai and other islands were the center piece of the festival, around the yagura. Familiar Fukushima Ondo, Zumpa Ondo, and Tanko Bushi were crowd favorites, but most just enjoyed the rhythms, spirited vocalists and the balmy evening.

Thanks to Mrs. Faye Komagata who gave several bon dance sessions before the event and Derek Iwata, Japanese Cultural Museum outreach coordinator, more Molokai residents enjoyed participating in the event, celebrating and showing gratitude to ancestors on this special annual event. Domo Arigato Gozaimasu to all the volunteers and participants -- until next year. Gassho.

Obama vs Military

....from page 1

They can see that the United States' economy -- ravaged by deficits, taxes, unemployment, and impending inflation -- is financially reliant on foreign lender governments that can turn hostile over night.

They can see this president waging undeclared war on the intelligence community, without whose rigorous and independent functions the armed services are rendered blind in an ever-more hostile world overseas and at home.

They can see the dismantling of defenses against missiles targeted at this nation by avowed enemies, even as America's troop strength is allowed to sag.

They can see the horror of major warfare erupting simultaneously in two, and possibly three, far-flung theaters before America can react in time.

They can see the nation's safety and their own military establishments and honor placed in jeopardy as never before.

So, if you are one of those observant military professionals, what do you do? Wait until this president bungles into losing the war in Afghanistan, and Pakistan's arsenal of nuclear bombs falls into the hands of militant Islam? Or, wait until Israel launches air strikes on Iran's nuclear-bomb plants, and the Middle East explodes, destabilizing or subjugating the Free World?

What happens if the generals Obama sent to win the Afghan war are told by this president (who now says, "I'm not interested in victory") that they will be denied troops they must have to win? Do they follow orders they cannot carry out, consistent with their oath of duty? Do they resign en masse?

Or do they soldier on, hoping the 2010 congressional elections will reverse the situation? Do they gamble the national survival on such political whims?

Anyone who imagines that those thoughts are not weighing heavily on the intellect and conscience of America's military leadership is lost in a fool's fog.

Will the day come when patriotic general and flag officers sit down with the president, or with those who control him, and work out the national equivalent of a "family intervention," with some form of limited, shared responsibility?

Imagine a bloodless coup to restore and defend the Constitution through an interim administration that would do the serious business of governing and defending the nation. Skilled, military-trained, nation-builders would replace accountability-challenged, radical-left commissars. Having bonded with his twin teleprompters, the president would be detailed for ceremonial speech-making.

U.S. domestic Military intervention is what Obama's exponentially accelerating agenda for "fundamental change" toward a Marxist state is inviting upon America. A coup is not an ideal option, but Obama's radical ideal is not acceptable or reversible.

Assessing the U.S. "Exit" from Iraq

Last week, Obama announced the withdrawal of U.S. combat troops from Iraq, a pull-out that leaves behind 50,000 military trainers and advisers--ten times the number of U.S. personnel stationed in Saudi Arabia at the time of the 9/11 domestic terrorist attacks connected with President Bush, Congress, and Israel's secret service Mossad. Independent Institute Senior Fellows Ivan Eland and Charles Peña offer their evaluations.

"In the final analysis, keeping troops--even as military advisers--in Iraq undermines U.S. security," writes Peña. "Drawing down from the 140,000 troops that were deployed in Iraq when President Obama took office in January 2009 to 50,000 today is significant progress. But bringing home the last 50,000 troops is just as important--if not more so."

Eland's assessment pulls no punches. "The Iraq War was not only disastrous," he writes, "it was one of the worst strategic blunders in the history of U.S. foreign policy. President Obama should not renegotiate the status of forces agreement with any government in Iraq. He should avoid any long-term U.S. military presence there that could be ensnared in future violence and withdraw the remaining 50,000 troops before the end of the year."

Tenth Amendment Center: Nullification of Feds Tyranny

If the States do what they should be doing -- which is following the Constitution every issue, every time, no exceptions, no excuses -- they would say no to every federal gun law, they would say no to all the EPA, they would say no to all the Obamacare mandates, and even the federal marijuana laws too.

The reality is this -- we don't need approval from the federal government to stand up for our rights. We need to stand up for them whether they want us to or not!

ALERT FROM JEWS FOR THE PRESERVATION OF FIREARMS OWNERSHIP

America's Aggressive Civil Rights Organization

September 8th 2010

JPFO ALERT: video "NO GUNS FOR JEWS" IS NOW AVAILABLE!

This new film produced by JPFO is essential viewing, showing as it does just how many Jews, many in power with anti-gun rights Obama, continue to be promoting "Gun Control". The comment from most gun owners hinges on the "do some people never learn anything from history"?

If any historic proof was needed regarding Gun Control", you only have to review the JPFO Genocide Chart, to see how disarmament equates to victims, often on a large scale. Read about the film "Nazi Death Camps" - a chilling JPFO movie. A recent event August 31st 2010 when four people were brutally shot to death in their car (including a pregnant woman) further highlights the tragedy of gun control - Read an article that further proves the validity and necessity for "No Guns For Jews".

This is a 40 minute five part sequential viewing hosted on YouTube. JPFO members have once again made a great contribution to freedom for all gun owners.

Enjoy the film - <http://jpfo.org/filegen-n-z2/ngj-download-view.php> - and pay close attention to the strategy we have created for you to use to put our enemies on the defensive and in doing so, abolish "gun control".

Also, for the first time, JPFO is able to offer larger video file downloads, including an .iso image file which will let you burn DVD copies for friends and family. Or, on Molokai The MAN at MOM's Target Shooting Range to obtain a copy or request a free showing to your church members or other groups : phone 558 8253 or email: MolokaiMAN@basicisp.net

Do YOU even have a gun to carry?

Do YOU carry your gun with you at all times?

Do YOU have the mental and physical skills (training) required to win a lethal encounter?

If you cannot answer "YES" with 100% certainly to each question, then you and your loved ones are as vulnerable to random violence as lambs vs wolves.

The Second Amendment is the Guardian of the Bill of Rights.

Encourage your friends and neighbors to buy guns and ammo NOW, before a lame-duck Congress and this aggressively anti-American Obama closes the door on your right to protect yourself and your loved ones from criminals and all other enemies, domestic and foreign, of the Constitution.

Bill of Rights 2nd Amendment: "A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"The people cannot delegate to government the power to do anything which would be unlawful for them to do themselves."- John Locke

"Those who make peaceful change impossible, make violent change inevitable." -- Robert F. Kennedy

Enforce the Bill of Rights !

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.
